TRADEMARK SECURITY AGREEMENT, dated as of March 18, 2010, among TRIMAS CORPORATION, a Delaware corporation (the "Issuer"), each Subsidiary a party to the Indenture referred to below (the "Guarantors" and, together with the Issuer, the "Grantors") and The Bank of New York Mellon Trust Company, N.A., ("BNYMTC"), as second lien agent (in such capacity, the "Second Lien Agent") for the Secured Parties (as defined below).

Reference is made to the Security Agreement dated as of December 29, 2009 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Issuer, the Guarantors and the Second Lien Agent, and to the Indenture dated as of December 29, 2009 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Indenture"), among the Issuer, the Guarantors and BNYMTC, as trustee and second lien agent.

Pursuant to the terms of the Indenture, the Issuer will issue 9.75% Senior Secured Notes due 2017 (the "Notes") and the Issuer's obligations under the Indenture and Notes will be guaranteed by the Guarantors. The Issuer and the Guarantors will derive substantial benefits from the transactions contemplated by the Indenture. Pursuant to the Indenture, the Grantors have agreed to grant a security interest in the Collateral for the benefit of the Holders to secure the payment and performance of the Second Lien Obligations set forth in the Indenture, subject to the terms of the Intercreditor Agreement, including with respect to the relative rights and priorities in respect of the Collateral.

Accordingly, the Grantors and the Second Lien Agent, on behalf of itself and each Holder (together with the Trustee and the Second Lien Agent, and the successors and assigns of each, the "Secured Parties"), hereby agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement. The rules of construction specified in Section 1.03 of the Security Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Second Lien Obligations, each Grantor, pursuant to the Security Agreement, did and hereby does grant to the Second Lien Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Trademark Collateral"):

(a) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature,

now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States or any other country or any political subdivision thereof, and all extensions or renewals thereof, including those listed on Schedule II (the "Trademarks");

(b) all goodwill associated with or symbolized by the Trademarks; and

(c) all assets, rights and interests that uniquely reflect or embody the Trademarks.

SECTION 3. Security Agreement. The security interests granted to the Second Lien Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Second Lien Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Second Lien Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 4. Subordination. The lien and security interest created by this Agreement on the property described herein is junior and subordinate, in accordance with the provisions of the Intercreditor Agreement dated as of December 29, 2009, among JPMorgan Chase Bank, N.A., as First Lien Agent, The Bank of New York Mellon Trust Company, N.A., as Second Lien Agent, TriMas Corporation, TriMas Company LLC and the other Loan Parties referred to therein, as amended from time to time, to the lien and security interest on such property created by any similar instrument now or hereafter granted to JPMorgan Chase Bank, N.A., as collateral agent under the Senior Credit Facility, and its successors and assigns, in such property.
