RECITALS:

WHEREAS, Grantor is entering into a Credit Agreement, dated as of November 16, 2010 (as it may be amended, restated, supplemented or modified from time to time, the "Credit Agreement") by and among Grantor, as Borrower, the other Loan Parties party thereto, the Lenders party thereto, JPMorgan Chase Bank, N.A., as Administrative Agent, and certain other parties party thereto.

WHEREAS, Grantor is also entering into a U.S. Pledge and Security Agreement, dated as of November 16, 2010 (as it may be amended, restated, supplemented or modified from time to time, the "Security Agreement"), by and among the Grantor, Holdings (as defined in the Credit Agreement), and the Domestic Subsidiaries (as defined in the Credit Agreement) of the Company party thereto and the Administrative Agent, in order to induce the Lenders to enter into and extend credit to the Borrowers under the Credit Agreement and to secure the Secured Obligations (as defined in the Credit Agreement) that it has agreed to guarantee pursuant to Article X of the Credit Agreement. Pursuant to the Security Agreement, Grantor pledged, assigned and granted to the Administrative Agent, on behalf of and for the ratable benefit of the Secured Parties, a security interest in all of Grantor's right, title and interest in, to and under all Collateral, including the Trademark Collateral (as defined below), in each case whether now owned by or owing to, or hereafter acquired by or arising in favor of, Grantor and whether owned or consigned by or to, or leased from or to, Grantor, and regardless of where located, to secure the prompt and complete payment and performance of the Secured Obligations; and

WHEREAS, pursuant to the Credit Agreement and the Security Agreement, the Grantors are required to execute and deliver this Agreement.

ACCORDINGLY, Grantor and Administrative Agent, on behalf of the Lenders, hereby agree as follows:

consigned by or to, or leased from or to, Grantor, and regardless of where located (collectively, the "Trademark Collateral") to secure the prompt and complete payment and performance in full when due of the Secured Obligations:

(a) all trademarks (including service marks), trade names, trade dress and trade styles, internet domain names and other source identifiers, and the registrations and applications for registration thereof including, but not limited to, the U.S. registered trademarks and service marks and the U.S. trademarks and service marks applications set forth on Schedule I hereto

(b) the goodwill of the business connected with the use of and symbolized by the foregoing;

(c) all renewals of the foregoing;

(d) all income, royalties, damages and payments now or hereafter due or payable with respect thereto, including, without limitation, damages, claims and payments for past and future infringements thereof;

(f) all rights corresponding to any of the foregoing throughout the world;

(g) all licensing agreements, consents to use, covenants not to sue or similar arrangements in and to any Trademarks, all income, royalties, damages, claims and payments now or hereafter due or payable under and with respect thereto, including without limitation, damages and payments for past, present and future breaches thereof, and all rights to sue for past, present and future breaches thereof; and

Notwithstanding the foregoing, the Trademark Collateral shall not include any application for registration of a Trademark that was filed in the United States Patent and Trademark Office on the basis of any Grantor's "intent to use" such Trademark, unless and until a "Statement of Use" pursuant to 15 USC 1051(d), or amendment to allege use pursuant to 15 USC 1051(c), has been filed but only to the extent, and only for so long as, the granting by Grantor of a security interest therein would result in the loss by Grantor of any material rights therein, or impair the validity or enforceability of any registration that issues therefrom under applicable federal law.

Section 3. Security Agreement

The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted to the Administrative Agent pursuant to the Security Agreement, and Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral made
