W I T N E S S E T H:

WHEREAS, reference is made to that certain Term Loan Agreement, dated as of the date hereof (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Credit Agreement") by and among (i) Quiksilver Americas, Inc., a California corporation, as the borrower (in such capacity, the "Borrower"), (ii) Quiksilver, Inc., a Delaware corporation, (iii) the Lenders from time to time party thereto, and (iv) Bank of America, N.A., as Administrative Agent and Collateral Agent;

WHEREAS, reference is also made to that certain Guaranty, dated as of the date hereof (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Guaranty"), executed by the Guarantors party thereto in favor of the Administrative Agent pursuant to which each such Guarantor guarantees the payment and performance of the Guaranteed Obligations (as defined in the Guaranty);

WHEREAS, the obligations of the Lenders to make Loans under the Credit Agreement are conditioned upon, among other things, the execution and delivery by the Grantors of (i) that certain Security Agreement, dated as of the date hereof (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "Security Agreement"), by and among the Grantors party thereto and the Collateral Agent, pursuant to which each Grantor party thereto grants to the Collateral Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the Collateral, (ii) that certain Intellectual Property Security Agreement, dated as of the date hereof (as amended, amended and restated, modified, supplemented or restated and in effect from time to time, the "IP Security Agreement") and (iii) a Trademark Security Agreement in the form hereof, pursuant to which each Grantor grants to the Collateral Agent (for its own benefit and the benefit of the other Credit Parties) a security interest in and to the Trademark Collateral, in order to secure the Secured Obligations (together with the Security Agreement and the IP Security Agreement, the "Security Agreements").

NOW, THEREFORE, in consideration of the mutual conditions and agreements set forth in this Trademark Security Agreement, and for good and valuable consideration, the receipt of which is hereby acknowledged, the Grantors and the Collateral Agent, on its own behalf and on behalf of the other Credit Parties, hereby agree as follows:

SECTION 1. Defined Terms. Unless the context otherwise requires, all capitalized terms used but not defined herein shall have the meanings set forth in the IP Security Agreement or, if not defined in the IP Security Agreement, the Credit Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. In furtherance and as confirmation of the Security Interest granted by each of the Grantors to the Collateral Agent, its successors and assigns, for its own benefit and the benefit of the other Credit Parties, under the Security Agreement, and as further security for the payment or performance, as the case may be, in full of its respective Secured Obligations, each Grantor hereby ratifies such Security Interest and grants to the Collateral Agent, its successors and assigns, for its own benefit and the benefit of the other Credit Parties, a security interest in all of such Grantor's right, title and interest in, to and under the following property of each Grantor whether now owned or now due, or in which any Grantor has an interest now, or hereafter acquired, arising, or to become due, or which any Grantor obtains any interest and all products, Proceeds, substitutions, Accessions of or to the following property (collectively, the "Trademark Collateral"):

(a) all trademarks, trade names, corporate names, company names, business names, fictitious business names, Internet domain names, trade dress, trade styles, service marks, brand names, designs, logos, slogans and other source identifiers, whether registered or unregistered, all registrations and applications therefor granted or pending under the laws of the United States, any other country, or any political subdivision thereof, including the trademark and servicemark registrations and applications listed on EXHIBIT A annexed hereto and made a part hereof, all common law rights related thereto throughout the world, together with any goodwill of the business connected with, and symbolized by, any of the foregoing;

(b) all agreements to which a Grantor is a party, whether written or oral, providing for the grant by or to any Grantor of any right under any Trademark;

(c) all renewals of any of the foregoing;

(d) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect to any of the foregoing, including payments under all Trademark Licenses entered into in connection therewith and damages and payments for past or future infringements, misappropriations, dilutions or other violations thereof;

(e) the right to sue for past, present and future infringements, misappropriations, dilutions or other violations of any of the foregoing, and any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit); and

(f) all of the Grantors' rights of priority and protection corresponding to any of the foregoing throughout the world;

provided, however, that the Trademark Collateral shall not include, and the Security Interest and the security interest granted hereunder shall not attach to, (a) any lease, license, contract or agreement to which any Grantor is a party (including any of its rights or interests thereunder) or any asset or property rights of such Grantor of any nature to the extent that the grant of such security interest shall constitute or result in (i) the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor under such lease, license, contract, agreement, asset or property right or result in such Grantor's loss of use of such asset or property right or (ii) a breach or termination pursuant to the terms of such lease, license, contract or agreement, or a default under, any such lease, license, contract, agreement or property

right (other than to the extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant jurisdiction or any other applicable Law (including any Debtor Relief Law) or principles of equity), (b) any lease, license, contract, or agreement to which any Grantor is a party (including any of its rights or interests thereunder) or any asset or property right of any nature to the extent that any applicable Law prohibits the creation of a security interest thereon (other than to the extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant jurisdiction or any other applicable Law (including any Debtor Relief Law) or principles of equity), and (c) any application for trademarks and service marks filed in the United States Patent and Trademark Office pursuant to 15 U.S.C. § 1051 Section 1(b), only to the extent that the grant of a security interest therein would result in the abandonment, invalidation or unenforceability of such application or rights hereunder and only until evidence of the use of such trademark or service mark in commerce, as defined in 15 U.S.C. All provisions of the Security Agreement (including the rights, remedies, powers, privileges and discretions of the Collateral Agent thereunder) shall apply to the Trademark Collateral. In the event of a conflict between this Trademark Security Agreement and the Security Agreements, the terms of the IP Security Agreement shall control with respect to the Trademark Collateral and with respect to the IP Collateral.

SECTION 4. Termination; Release of Trademark Collateral.

(a) Any Lien upon any Trademark Collateral will be released automatically if the Trademark Collateral constitutes property being sold, transferred or disposed of in a Permitted Disposition (other than a Disposition made pursuant to clause (b) or (e) of the definition of Permitted Disposition).

(b) Except for those provisions which expressly survive the termination hereof, this Trademark Security Agreement and the security interest granted herein shall automatically terminate upon the termination of the IP Security Agreement.

SECTION 5. Counterparts. This Trademark Security Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Trademark Security Agreement by telecopy or e-mail shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

SECTION 7. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the liens, security interests and pledges granted to the Collateral Agent pursuant to this Trademark Security Agreement and the exercise of any right or remedy by the Collateral Agent hereunder are subject to the provisions of the ABL Intercreditor Agreement.
