GRANT OF TRADEMARK SECURITY INTEREST

WHEREAS, Novell, Inc., a Delaware corporation ("**Grantor**"), owns and uses in its business, and will in the future adopt and so use, various intangible assets, including the Trademark Collateral (as defined below); and

WHEREAS, Attachmate Corporation, a Washington corporation ("**Attachmate**"), NetIQ Corporation, a Delaware corporation ("**NetIQ**"), Longview Software Acquisition Corp., a Delaware corporation ("**Merger Sub**" and together with Attachmate and NetIQ prior to consummation of the Merger, the "**Borrowers**"), and upon consummation of the Merger, Novell, Inc., a Delaware corporation ("**Novell**" and together with Attachmate and NetIQ after consummation of the Merger, the "**Borrowers**"), and The Attachmate Group, Inc., a Delaware corporation ("**Holdings**") have entered into a Second Lien Credit Agreement dated as of April __, 2011 (said Second Lien Credit Agreement, as it may heretofore have been and as it may hereafter be further amended, restated, supplemented or otherwise modified from time to time, being the "**Second Lien Credit Agreement**") with the financial institutions named therein (collectively, together with their respective successors and assigns party to the Second Lien Credit Agreement from time to time, the "**Lenders**") and Credit Suisse AG ("**CS**"), as administrative agent for Lenders (in such capacity, "**Administrative Agent**") and as collateral agent for Lenders (in such capacity, "**Collateral Agent**") pursuant to which Lenders have made certain commitments, subject to the terms and conditions set forth in the Second Lien Credit Agreement, to extend certain credit facilities to Borrowers; and

WHEREAS, pursuant to the terms of a Second Lien Security Agreement dated as of April __, 2011 (said Second Lien Security Agreement, as it may heretofore have been and as it may hereafter be further amended, restated, supplemented or otherwise modified from time to time, being the "**Second Lien Security Agreement**"), among Grantor, Collateral Agent and the other grantors named therein, Grantor has created in favor of Collateral Agent a security interest in, and Collateral Agent has become a secured creditor with respect to, the Trademark Collateral;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, subject to the terms and conditions of the Second Lien Security Agreement, to evidence further the security interest granted by Grantor to Collateral Agent pursuant to the Second Lien Security Agreement, Grantor hereby grants to Collateral Agent a security interest in all of Grantor's right, title and interest in and to the following, in each case whether now or hereafter existing or in which Grantor now has or hereafter acquires an interest and wherever the same may be located (the "**Trademark Collateral**"):

(i) all rights, title and interest (including rights acquired pursuant to a license or otherwise) in and to all trademarks, service marks, designs, logos, indicia of origin, tradenames, trade dress, corporate names, company names, business names, fictitious business names, trade styles and/or other source and/or business identifiers and

applications pertaining thereto, owned by such Grantor, or hereafter adopted and used, in its business (including, without limitation, the trademarks set forth on Schedule A annexed hereto) (collectively, the "**Trademarks**"), all registrations that have been or may hereafter be issued or applied for thereon in the United States and any state thereof and in foreign countries (including, without limitation, the registrations and applications set forth on Schedule A annexed hereto), all common law and other rights (but in no event any of the obligations) in and to the Trademarks in the United States and any state thereof and in foreign countries, and all goodwill of such Grantor's business symbolized by the Trademarks and associated therewith; and

(ii) all proceeds, products, rents and profits of or from any and all of the foregoing Trademark Collateral and, to the extent not otherwise included, all payments under insurance (whether or not Collateral Agent is the loss payee thereof), or any indemnity, warranty or guaranty, payable by reason of loss or damage to or otherwise with respect to any of the foregoing Trademark Collateral. For purposes of this Grant of Trademark Security Interest, the term "**proceeds**" includes whatever is receivable or received when Trademark Collateral or proceeds are sold, licensed, exchanged, collected or otherwise disposed of, whether such disposition is voluntary or involuntary.

Notwithstanding the foregoing, the Trademark Collateral shall not include, and no security interest shall be deemed granted in, any "intent-to-use" Trademark applications for which a statement of use or an amendment to allege use has not been filed (but only until such statement or amendment is filed), solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of, or void, any registration that issues from such intent-to-use application under applicable federal law.

Grantor does hereby further acknowledge and affirm that the rights and remedies of Collateral Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Second Lien Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.
