EXHIBIT E

INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT ("**IP Assignment**"), dated as of January 1, 2014, is made by RECKITT BENCKISER LLC ("**Seller**"), a Delaware limited liability company, in favor of THE FRENCH'S FOOD COMPANY LLC ("**Buyer**"), a Delaware limited liability company, the purchaser of certain assets of Seller pursuant to a Contribution Agreement between Buyer and Seller, dated as of January 1, 2014 (the "**Contribution Agreement**").

WHEREAS, under the terms of the Contribution Agreement, Seller has conveyed, transferred and assigned to Buyer, among other assets, certain intellectual property of Seller, and has agreed to execute and deliver this IP Assignment, for recording with governmental authorities including, but not limited to, the US Patent and Trademark Office and the US Copyright Office;

NOW THEREFORE, the parties agree as follows:

1. Assignment. In consideration for the execution of the Contribution Agreement, the payment of the consideration stipulated in the Contribution Agreement and other good and valuable consideration, the receipt and sufficiency are hereby acknowledged, Seller hereby irrevocably conveys, transfers and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title and interest in and to the Intellectual Property Assets (as defined in the Contribution Agreement), namely:

(a) the patents and patent applications set forth in Schedule 1 hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof (the "**Patents**");

(b) the trademarks and service marks, including all registrations and applications set forth in Schedule 2 hereto, together with the goodwill connected with the use of and symbolized thereby and all issuances, extensions and renewals thereof (the "**Trademarks**"); provided that, with respect to the United States intent-to-use trademark applications set forth in Schedule 2 hereto, the transfer of such applications accompanies, pursuant to the Contribution Agreement, the transfer of Seller's business, or portion of the business to which the trademark pertains, and that business is ongoing and existing;

(c) the copyrights, including registrations, applications for registration and exclusive copyright licenses set forth in Schedule 3 hereto and all issuances, extensions and renewals thereof (the "**Copyrights**");

(d) trade secrets and confidential know-how;

TRADEMARK
REEL: 005231 FRAME: 0189

(e) websites and internet domain name registrations set forth on Schedule 4 hereto;

(f) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(g) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing;

(h) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages;

all as exclusively used in connection with the Business (as defined in the Contribution Agreement).

2. License. To the extent such rights are transferred herein, Buyer hereby grants to Seller an irrevocable, perpetual exclusive, sub-licensable, worldwide, royalty-free license to use the Intellectual Property in fields of use outside of the Business, including, but not limited to use of the Trademarks in connection with goods and services other than those listed in Trademark International Classes 29, 30 and 31. In the event that Seller determines to take legal action against any misappropriation or infringement of any patent rights included in this license grant, Buyer agrees to cooperate and, at Seller's option, participate as a plaintiff in the enforcement of such rights. In the event that Seller names Buyer as a nominal defendant for enforcement of such rights, Seller will not object on jurisdictional grounds or on the basis of forum non conveniens.

3. Recordation and Further Actions. Seller authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other governmental officials to record and register this IP Assignment upon request by Buyer. Seller shall take such steps and actions following the date hereof, including the execution of any documents, files, registrations, or other similar items, to ensure that the Assigned IP is properly assigned to Buyer, or any assignee or successor thereto.

4. Terms of the Contribution Agreement. The terms of the Contribution Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the Assigned IP are incorporated herein by this reference. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Contribution Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided

TRADEMARK
REEL: 005231 FRAME: 0190

therein. In the event of any conflict or inconsistency between the terms of the Contribution Agreement and the terms hereof, the terms of the Contribution Agreement shall govern.

5. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.

6. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

7. Governing Law. This IP Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this IP Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).

[*signature page follows*]

IN WITNESS WHEREOF, Seller has duly executed and delivered this IP Assignment as of the date first above written.
