In Re: Registration No. 1080843 for the mark THERMATRON

Receipt is acknowledged of the application submitted under the provisions of Section 9 of the Trademark Statute. Renewal is withheld in view of the following:

The records of the Assignment Branch of the Patent and Trademark Office do not show a clear chain of title. There is no record on file to show ownership of the registration being transferred from Dean Industries, Ltd. to Alco Standard Corporation, which then assigned the registration to the present claimant. The present claimant must establish a complete chain of title by: (1) recording appropriate documents in the Assignment Branch or (2) submitting proof of the transfer of title.

If the present claimant chooses to establish ownership through recordation in the Assignment Branch, the claimant must notify the undersigned when the document or documents have been filed for recording. The filing of a document in the Assignment Branch does not stay the six-month period for responding to this action.

If the present claimant chooses to establish ownership by submitting proof of the transfer of title, the claimant must submit evidence of such transfer. Appropriate evidence may consist of a copy of the document transferring ownership from one party to another or an explanation, supported by an affidavit or a declaration under Trademark Rule 2.20, that a valid transfer of legal title has occurred.

In the absence of a proper response filed within six months of the mailing date of this letter, the application for renewal will be considered to be abandoned, 37 C.F.R. Section 2.184.
