NOTICE

OF

GRANT OF SECURITY INTEREST

IN

TRADEMARKS

United States Patent and Trademark Office

Ladies and Gentlemen:

Please be advised that pursuant to the Amended and Restated Security and Pledge Agreement dated as of December 8, 2014 (as the same may be amended, modified, extended, restated, renewed, replaced or supplemented from time to time, the "Agreement") by and among the Grantors party thereto (each a "Grantor" and collectively, the "Grantors") and Bank of America, N.A., as Administrative Agent (the "Administrative Agent") for the Secured Parties referenced therein, the undersigned Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a continuing security interest in, and a right to set off against, any and all right, title and interest of such Grantor in and to all of the following, whether now owned or existing or owned, acquired, or arising hereafter (collectively, the "Trademark Collateral"):

(a) all trademarks, trade names, corporate names, company names, business names, fictitious business names, internet domain names, trade styles, service marks, logos, other business identifiers, whether registered or unregistered, all registrations and recordings thereof, and all applications in connection therewith anywhere in the world, including trademark registrations and trademark applications shown on Schedule 1 attached hereto,

(b) all extensions and renewals of any of the foregoing,

(c) all income, royalties, damages and payments now or hereafter due and/or payable under any of the foregoing or with respect to any of the foregoing, including, without limitation, damages or payments for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing,

(d) the right to sue for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing,

(e) all rights corresponding to any of the foregoing (including the goodwill associated therewith) throughout the world, and

(f) all Proceeds and products of any and all of the foregoing.

Notwithstanding anything to the contrary contained herein, the security interests granted under this Notice of Grant of Security Interest in Trademarks (this "Grant of Security Interest") shall not extend to and "Trademark Collateral" shall not include any Excluded Property. For the

avoidance of doubt, "Excluded Property" includes any Trademark applications filed in the United States Patent and Trademark Office on the basis of such Grantor's "intent-to-use" such Trademark, unless and until acceptable evidence of use of the Trademark has been filed with the United States Patent and Trademark Office pursuant to Section 1(c) or Section 1(d) of the Lanham Act (15 U.S.C. 1051, et seq.), to the extent that the grant of a security interest therein prior to such filing would impair the enforceability or validity of (or render void or result in the cancellation of) such Trademark applications or any registration issued as a result of such Trademark applications under applicable Law; provided that upon submission by the United States Patent and Trademark Office of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such Trademark application shall be considered Trademark Collateral

This Grant of Security Interest may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract.

The undersigned Grantor and the Administrative Agent, on behalf of the Secured Parties, hereby acknowledge and agree that the security interest in the foregoing trademarks and trademark applications (a) may only be terminated in accordance with the terms of the Agreement and (b) is not to be construed as an assignment of any trademark registration or trademark application.

THIS GRANT OF SECURITY INTEREST SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF ILLINOIS.
