TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "***Trademark Security Agreement***") dated June 11, 2015, is made by the Persons (as defined in the Indenture referred to below) listed on the signature pages hereof (collectively, the "***Pledgors***") in favor of Wilmington Trust, National Association ("***Wilmington Trust***"), as collateral agent (in such capacity, the "***Collateral Agent***") for the Secured Parties (as defined in the Security Agreement referred to below).

WHEREAS, COMMSCOPE, Inc., a Delaware corporation (the "***Issuer***"), CommScope Holding Company, Inc., a Delaware corporation, ("***Holdings***"), the guarantors party thereto, Wilmington Trust, as trustee (in such capacity, the "***Trustee***") and collateral agent, have entered into an Indenture dated as of the date hereof (as amended, amended and restated, supplemented or otherwise modified from time to time, the "***Indenture***"), pursuant to which the Issuer issued its 4.375% Senior Secured Notes due 2020 (the "***Notes***"). Terms defined in the Security Agreement and not otherwise defined herein are used herein as defined in the Security Agreement.

WHEREAS, in connection with the issuance of the Notes, each Pledgor has executed and delivered that certain Notes Pledge and Security Agreement, dated as of the date hereof made by the Pledgors to the Collateral Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the "***Security Agreement***").

WHEREAS, under the terms of the Security Agreement, the Pledgors have granted to the Collateral Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain trademarks of the Pledgors, and have agreed as a condition thereof to execute this Trademark Security Agreement for recording with the United States Patent and Trademark Office and any other appropriate domestic governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Pledgor agrees as follows:

Grant of Security. Each Pledgor hereby grants to the Collateral Agent for the ratable benefit of the Secured Parties a security interest in all of such Pledgor's right, title and interest in and to the following (the "***Collateral***"):

i. the trademark and service mark registrations and applications set forth in Schedule A hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the "***Trademarks***");

ii. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the

foregoing provided by international treaties or conventions, all rights corresponding thereto

iii. throughout the world and all other rights of any kind whatsoever of such Pledgor accruing thereunder or pertaining thereto;

iv. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

v. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.

provided that notwithstanding anything to the contrary contained in the foregoing clauses (i) through (iv), the security interest created hereby shall not extend to, and the term "Collateral," shall not include any lease, license or other agreement to the extent that (and only for so long as) a grant of a security interest therein would violate or invalidate such lease, license, or agreement, or create a right of termination in favor of any other party thereto (other than any Pledgor), in each case to the extent not rendered unenforceable pursuant to applicable provisions of the UCC or other applicable law, provided, that the Collateral includes proceeds and receivables of any property excluded under the foregoing proviso, the assignment of which is expressly deemed effective under the UCC notwithstanding such prohibition.

Security for Obligations. The grant of a security interest in the Collateral by each Pledgor under this Trademark Security Agreement secures the payment of all Obligations (as defined in the Indenture) of such Pledgor now or hereafter existing under or in respect of the Indenture and the Notes (as such documents may be amended, amended and restated, supplemented, replaced, refinanced or otherwise modified from time to time (including any increases of the principal amount outstanding thereunder)), whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this Trademark Security Agreement secures, as to each Pledgor, the payment of all amounts that constitute part of the Secured Obligations (as defined in the Security Agreement) that would be owed by such Pledgor to any Secured Party under the Indenture and the Notes but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, or reorganization or similar proceeding involving a Grantor.

Recordation. Each Pledgor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this Trademark Security Agreement.

Execution in Counterparts. This Trademark Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

Grants, Rights and Remedies. This Trademark Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Pledgor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

Governing Law. This Trademark Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

[Signature pages follow]

IN WITNESS WHEREOF, each Pledgor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
