Execution Version

GRANT OF SECURITY INTEREST
IN UNITED STATES TRADEMARKS

FOR GOOD AND VALUABLE CONSIDERATION, receipt and sufficiency of which are hereby acknowledged, Bliss World LLC, a Florida limited liability company, Ideal Image Development Corporation, a Florida corporation, Mandara Spa LLC, a Delaware limited liability company and Steiner Education Group, Inc., a Florida corporation, each with its principal offices at 770 S. Dixie Highway Coral Gables, FL 33146 (each individually a "Grantor" and collectively, the "Grantors") hereby pledge and grant (this "Grant") to PNC Bank, National Association, as Collateral Agent, with offices at 340 Madison Avenue, 11th Floor, New York, NY 10173, (the "Grantee"), for the benefit of the Secured Creditors (as such term is defined in the Security Agreement referred to below), a continuing security interest in all of the right, title and interest of each Grantor in, to and under (i) the trademarks, trademark registrations and trademark applications (the "Marks") set forth on Schedule A attached hereto, (ii) all Proceeds (as such term is defined in the Security Agreement referred to below) and products of the Marks, (iii) the goodwill of the businesses with which the Marks are associated and (iv) all causes of action arising prior to or after the date hereof (but prior to the Termination Date) for infringement of any of the Marks or unfair competition regarding the same (collectively, the "Mark Collateral"). With respect to United States Marks, notwithstanding the foregoing in no event shall Mark Collateral include any "intent to use" Mark application for which an amendment to allege use or statement of use has not been filed (but only until such amendment or statement is filed and accepted by the United States Patent and Trademark Office whereupon such applications shall be automatically subject to the lien granted herein and deemed included in the Mark Collateral).

THIS GRANT is made to secure the prompt and complete payment and performance when due of all the Obligations of the Grantors, as such term is defined in the U.S. Security Agreement among the Grantors, the other Grantors from time to time party thereto and the Grantee, dated as of December 9, 2015 (as amended, modified, restated and/or supplemented from time to time, the "Security Agreement"). Upon the occurrence of the Termination Date (as defined in the Security Agreement), the Grantee shall execute, acknowledge, and deliver to the Grantors an instrument in writing releasing the security interest in the Mark Collateral acquired under this Grant.

This Grant has been granted in conjunction with the security interest granted to the Grantee under the Security Agreement. The rights and remedies of the Grantee with respect to the security interest granted herein are as set forth in the Security Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Grant are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern.

This Grant is subject to the terms and conditions set forth in the Intercreditor Agreement (as defined in the Security Agreement) in all respects and, in the event of any conflict between the terms of the Intercreditor Agreement and this Grant, the terms of Intercreditor Agreement shall govern.
