This TRADEMARK SECURITY AGREEMENT ("Trademark Security Agreement") is dated as of August 31, 2022, by and among each of the Loan Parties listed on the signature page attached hereto (each, individually, a "***Grantor***" and, collectively, the "***Grantors***"), in favor of JPMorgan Chase Bank, N.A., in its capacity as Administrative Agent (in such capacity, the "Administrative Agent").

W I T N E S S E T H:

WHEREAS, the Grantors are party to that certain Amended and Restated Security Agreement, dated as of August 31, 2022 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") in favor of the Administrative Agent, pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Grantors hereby agree with the Administrative Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meanings given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. As security for the prompt payment and performance when due (whether at stated maturity, by acceleration or otherwise), as the case may be, in full of the Secured Obligations, each Grantor hereby grants to the Administrative Agent, its successors and permitted assigns, on behalf of and for the ratable benefit of the Secured Parties, a security interest in all of such Grantor's right, title and interest in, to and under any and all of the following Intellectual Property now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Trademark Collateral"):

(a) all trademark registrations and applications in the United States Patent and Trademark Office and the Canadian Intellectual Property Office (except for "intent-to-use" applications for trademark or service mark registrations filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, unless and until an Amendment to Allege Use or a Statement of Use under Sections 1(c) and 1(d) of the Lanham Act has been filed, to the extent that, and solely during the period for which, any assignment of an "intent-to-use" application prior to such filing would violate the Lanham Act), and all renewals thereof, including those listed on Schedule I;

(b) all goodwill associated therewith or symbolized thereby;

(c) all claims for, and rights to sue for, past, current or future infringements or dilutions of any of the foregoing; and

(d) all income, royalties, damages and payments now or hereafter due and payable with respect to any of the foregoing, including, without limitation, damages and payments for past, current or future infringements or dilutions thereof.

SECTION 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Administrative Agent pursuant to the Security Agreement and the Grantors hereby acknowledge and affirm that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

SECTION 4. Recordation. This Trademark Security Agreement has been executed and delivered by the Grantors for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and the Canadian Intellectual Property Office. Each Grantor authorizes and requests that the Commissioner for Trademarks (or any other Person in a similar or equivalent role in any of the foregoing offices or any successor office or any similar office or agency in the United States or Canada) record this Trademark Security Agreement.

SECTION 5. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Trademark Security Agreement by signing and delivering one or more counterparts.
