#### SECTION 4. USE OF COLLATERAL.

#### SECTION 5. REPRESENTATIONS AND WARRANTIES OF THE COMPANY.

The Company hereby represents and warrants to the Agent and the Secured Creditors as follows:

(a) The Company is, and, as to the Collateral acquired by it from time to time after the date hereof, the Company will be, the owner or, as applicable, licensee of all the Collateral. The Company's rights in the Collateral are and shall remain free and clear of any lien, pledge, security interest, encumbrance, license, assignment, collateral assignment or charge of any kind, including, without limitation, any filing of or agreement to file a financing statement as debtor under the Uniform Commercial Code or any similar statute, except for the lien and security interest created by this Agreement and except as permitted by Section 7.10 of the Credit Agreement (collectively, the "*Permitted Encumbrances*"). The Company has made no previous assignment, conveyance, transfer or agreement in conflict herewith. The Company further represents and warrants to the Agent and each Lender that Schedules A-1, A-2, B-1, B-2, C-1 and C-2 hereto, respectively, are true and correct lists of all Patents, Patent Licenses, Trademarks, Trademark Licenses, Copyrights and Copyright Licenses owned or used by the Company as of the date hereof and that Schedules A-1, A-2, B-1, B-2, C-1 and C-2 are true and correct with respect to the matters set forth therein as of the date hereof.

(b) The Company has full corporate power to pledge and grant a security interest in all the Collateral pursuant to this Agreement.

(c) No authorization, consent, approval, license, qualification or exemption from, nor any filing, declaration or registration with, any court, governmental agency or regulatory authority, or with any securities exchange or any other party, is required in connection with (i) the Company's execution, delivery or performance of this Agreement, (ii) the Company's grant of a security interest (including the priority thereof when the appropriate filings have been made and accepted) in the Collateral in the manner and for the purpose contemplated by this Agreement or (iii) the rights of the Agent and Secured Creditors created hereby, except those that have already been obtained or made and those referred to in paragraph (f) of this Section 5.

(d) The Company has made all necessary filings and recordations to protect its interests in the Collateral in each of the jurisdictions referenced on Schedule A-1, A-2, B-1, B-2, C-1 and C-2 attached hereto with regard to each such item of Collateral.

(e) The Company owns directly or has rights to use all the Collateral and all rights with respect to any of the foregoing used in, necessary for or of importance to the business of the Company in the ordinary course as presently conducted. The use of the Collateral and all rights with respect to the foregoing by the Company does not, to the best of the Company's knowledge after due inquiry, infringe on the rights of any party, nor has any claim of such infringement been made.

(f) Upon filings and the acceptance thereof in the appropriate offices under the Uniform Commercial Code and in the United States Patent and Trademark Office and the United States Copyright Office, this Agreement will create a valid and duly perfected first priority lien and security interest in the Collateral located in the United States of America subject to no prior liens or encumbrances other than Permitted Encumbrances.

(g) To the best of the Company's knowledge after due inquiry, no claim has been made and remains outstanding that the Company's use of any of the Collateral does or may violate the rights of any third person.

#### SECTION 6. COVENANTS AND AGREEMENTS OF THE COMPANY.

The Company hereby covenants and agrees with the Agent and the Secured Creditors as follows:

(a) On a continuing basis, the Company will, at the expense of the Company, subject to any prior licenses, encumbrances and restrictions and prospective licenses, encumbrances and restrictions permitted hereunder, make, execute, acknowledge and deliver, and file and record in the proper filing and recording places within the United States of America, all such instruments, including, without limitation, appropriate financing and continuation statements and collateral agreements, and take all such action, as may reasonably be deemed necessary or advisable by the Agent (i) to carry out the intent and purposes of this Agreement, (ii) to assure and confirm to the Agent the grant and perfection of a first priority security interest in the Collateral for the benefit of the Secured Creditors or (iii) to enable the Agent to exercise and enforce its rights and remedies hereunder with respect to any Collateral.

(b) Without limiting the generality of the foregoing paragraph (a) of this Section 6, the Company (i) will not enter into any agreement that would impair or conflict with the Company's obligations hereunder, (ii) will, promptly following its becoming aware thereof, notify the Agent and the Secured Creditors of (x) any final adverse determination in any proceeding in the United States Patent and Trademark Office or United States Copyright Office with respect to any of the Collateral or (y)

the institution of any proceeding or any adverse determination in any federal, state, local or foreign court or administrative bodies regarding the Company's claim of ownership in or right to use any of the Collateral, its right to register any such Collateral or its right to keep and maintain such registration; (iii) will properly maintain and care for the Collateral to the extent necessary for the conduct of the business of the Company in the ordinary course as presently conducted and consistent with the Company's current practice; (iv) will not grant or permit to exist any lien or encumbrance upon or with respect to the Collateral or any portion thereof except the Permitted Encumbrances and will not execute any security agreement or financing statement covering any of the Collateral except in the name of the Agent; (v) will not permit to lapse or become abandoned, settle or compromise any pending or future material litigation or material administrative proceeding with respect to any Collateral without the prior written consent of the Agent or contract for sale or otherwise sell, convey, assign or dispose of, or grant any option with respect to, the Collateral or any portion thereof (except for licenses and sub-licenses granted by the Company in the ordinary course of its business consistent with its past practices); (vi) upon any responsible officer of the Company obtaining knowledge thereof, will promptly notify the Agent and the Secured Creditors in writing of any event which may reasonably be expected to materially and adversely affect the value of any of the Collateral, the ability of the Company or the Agent to dispose of any such Collateral or the rights and remedies of the Agent in relation thereto, including, without limitation, a levy or threat of levy or any legal process against any such Collateral; (vii) will diligently keep reasonable records respecting the Collateral; (viii) hereby authorizes the Agent, in its sole discretion, to file one or more financing or continuation statements relative to all or any part of the Collateral without the signature of the Company where permitted by law; (ix) will furnish to the Agent and any Lender from time to time statements and schedules further identifying and describing the Collateral and such other materials evidencing or reports pertaining to the Collateral as the Agent or such Lender may reasonably request, all in reasonable detail; (x) will pay when due any and all taxes, levies, maintenance fees, charges, assessments, licenses fees and similar taxes or impositions payable in respect of the Collateral except to the extent being contested in good faith by appropriate proceedings which prevent the enforcement of the matter being contested (and the Company has established adequate reserves therefor) and preclude interference with the operation of the business of the Company in the ordinary course; and (xi) comply in all material respects with all laws, rules and regulations applicable to the Collateral.

(c) If the Company shall (i) obtain any rights to any new invention (whether or not patentable), know-how, trade secret, design, process, procedure, formula, diagnostic test, service mark, trademark, trademark registration, trade name, or license or (ii) become entitled to the benefit of any patent, patent application, service mark, trademark, trademark application, trademark registration, copyright, copyright application, copyright registration, license renewal or copyright renewal or extension, or patent for any reissue, division, continuation, renewal, extension, or continuation-in-part of any Patent or any improvement on any Patent, the provisions of this Agreement shall automatically apply thereto and the same shall automatically

constitute Collateral and be and become subject to the assignment, lien and security interest created hereby without further action by any party, all to the same extent and with the same force and effect as if the same had originally been Collateral hereunder. If the Company so obtains or becomes entitled to any of the foregoing rights described in clauses (i) and (ii) above, the Company shall promptly give written notice thereof to the Agent. The Company agrees, promptly following written request therefor by the Agent, to confirm the attachment of the lien and security interest created hereby to any such rights described in clauses (i) and (ii) above by execution of an instrument in form and substance reasonably acceptable to the Agent.

(d) The Company hereby authorizes the Agent to modify this Agreement by amending Schedules A-1, A-2, B-1, B-2, C-1 and C-2 hereto to include any future Collateral.

(e) The Company shall prosecute diligently applications for the Patents, Trademarks and Copyrights now or hereafter pending that in the Company's reasonable judgment would be materially beneficial to the business of the Company in the ordinary course, make application on unpatented but patentable inventions and registrable but unregistered Trademarks and Copyrights that in the Company's reasonable judgment would be materially beneficial to the business of the Company in the ordinary course, file and prosecute opposition and cancellation proceedings and do all acts necessary to preserve and maintain all its rights in the Collateral, unless as to any Patent, Trademark or Copyright, in the reasonable judgment of the Company, such Patent, Trademark or Copyright has become obsolete to the business of the Company. Any expenses incurred in connection with such actions shall be borne by the Company.

#### SECTION 7. GRANT OF LICENSE TO PATENTS, TRADEMARKS, COPYRIGHTS, ETC.

Without in any way limiting the scope of the lien and security interest created hereby, the Company hereby grants to the Agent for the ratable benefit of the Secured Creditors an irrevocable, nonexclusive license and right to use all of the Company's Patents, Patent applications, Patent Licenses, Trademarks, Trademark registrations, Trademark Licenses, trade names, trade styles, Copyrights, Copyright registrations, Copyright licenses and similar intangibles in the processing, production, marketing, distribution or sale by the Agent of all or any part of its collateral for the Secured Obligations in connection with and solely in connection with any foreclosure or other realization on such collateral; *provided, however*, that no such license and right shall be granted to the Agent and Secured Creditors in the Company's rights under any license agreement under which the Company is licensee to the extent the terms of any such license agreement expressly prohibit the Company from granting such license and right; *further provided, however*, if and when the prohibition which prevents the granting of a security interest in any such property is removed, terminated, or otherwise becomes unenforceable as a matter of law, the Agent will be deemed to have, and at all times to have had, a security interest in such property, and the Collateral will be deemed to include, and at all times to have included, such property. The license and rights granted the Agent hereby shall be exercisable without the payment of any

royalty, fee, charge or any other compensation to the Company or any other party. Such license and rights shall include reasonable access to all records in which any of the licensed items may be recorded or stored. Such license and rights shall be absolute and unconditional to the extent used for the purpose stated above.

#### SECTION 8. SUPPLEMENTS; FURTHER ASSURANCES.

The Company (i) agrees that it will join with the Agent in executing and, at the Company's own expense, file and refile, or permit the Agent to file and refile, such financing statements, continuation statements and other instruments and documents (including without limitation this Agreement) in such offices (including, without limitation, the United States Patent and Trademark Office and the United States Copyright Office) as the Agent may reasonably deem necessary or appropriate in order to perfect and preserve the rights and interests granted to the Agent hereunder and (ii) hereby authorizes the Agent to file and refile such instruments and documents and any other instruments or documents related thereto without the signature of the Company where permitted by law and (iii) agrees to do such further acts and things, and to execute and deliver to the Agent such additional instruments and documents, as the Agent may reasonably require to carry into effect the purposes of this Agreement or to better assure and confirm unto the Agent its respective rights, powers and remedies hereunder; *provided, however,* that the Agent shall give the Company prior notice of any action to be taken by the Agent pursuant to this Section. All of the foregoing are to be at the sole cost of the Company. Any costs of the foregoing incurred by the Agent shall be payable by the Company upon demand, together with interest thereon from the date of incurrence at the Default Rate (as hereinafter defined) until so paid, and shall constitute additional Secured Obligations hereunder.

#### SECTION 9. THE AGENT MAY PERFORM.

If the Company fails to perform any agreement contained herein after receipt of a written request to do so from the Agent, the Agent may itself perform, or cause performance of, such agreement, and the expenses of the Agent, including the fees and expenses of its counsel, so incurred in connection therewith shall be payable by the Company under Section 14 hereof.

#### SECTION 10. REMEDIES UPON DEFAULT.

(a) The occurrence of any event or the existence of any condition which is specified as an Event of Default under the Credit Agreement shall constitute an "*Event of Default*" hereunder.

(b) Upon the occurrence and during the continuation of any Event of Default hereunder, the Agent shall have, in addition to all other rights provided herein or by law, the rights and remedies of a secured party under the Uniform Commercial Code as enacted in the State of Illinois and any successor statute(s) thereto (regardless of whether such Uniform Commercial Code is the law of the jurisdiction where the rights or remedies are

asserted and regardless of whether such Uniform Commercial Code applies to the affected Collateral), and further the Agent may, without demand and without advertisement, notice, hearing or process of law (in each case to the extent permitted by applicable law), all of which the Company hereby waives, at any time or times, sell and deliver any or all of the Collateral at public or private sale, for cash, upon credit or otherwise, at such prices and upon such terms as the Agent deems advisable, in its sole discretion. In addition to all other sums due the Agent or any Lender hereunder, the Company shall pay the Agent and any Lender all costs and expenses incurred by the Agent or such Lender, including attorneys' fees and court costs, in obtaining, liquidating or enforcing payment of the Collateral or the Secured Obligations or in the prosecution or defense of any action or proceeding by or against the Agent, such Lender or the Company concerning any matter arising out of or connected with this Agreement or the Collateral or the Secured Obligations, including, without limitation, any of the foregoing arising in, arising under or related to a case under the United States Bankruptcy Code, as amended (or any successor statute). Any requirement of reasonable notice shall be met if such notice is personally served on or mailed, postage prepaid, to the Company in accordance with Section 17(b) hereof at least ten (10) days before the time of sale or other event giving rise to the requirement of such notice; *however*, no notification need be given to the Company if the Company has signed, after an Event of Default hereunder has occurred, a statement renouncing any right to notification of sale or other intended disposition. The Agent shall not be obligated to make any sale or other disposition of the Collateral regardless of notice having been given. The Agent or any Lender may be the purchaser at any such sale. The Company hereby waives all of its rights of redemption from any such sale. Subject to the provisions of applicable law, the Agent may postpone or cause the postponement of the sale of all or any portion of the Collateral by announcement at the time and place of such sale, and such sale may, without further notice, be made at the time and place to which the sale was postponed or the Agent may further postpone such sale by announcement made at such time and place.

(c) Without in any way limiting the foregoing, upon the occurrence and during the continuation of any Event of Default hereunder, the Agent may, to the full extent permitted by applicable law, with ten (10) days' prior notice to the Company, and without advertisement, notice, hearing or process of law of any other kind, all of which the Company hereby waives, (i) exercise any and all rights as beneficial and legal owner of the Collateral, including, without limitation, any and all consensual rights and powers with respect to the Collateral and (ii) sell or assign or grant a license to use, or cause to be sold or assigned or granted a license to use, any or all of the Collateral or any part hereof, in each case free of all rights and claims of the Company therein and thereto. In that connection, the Agent shall have the right to cause any or all of the Collateral to be transferred of record into the name of the Agent or its nominee as well as the right to impose (i) such limitations and restrictions on the sale or assignment of the Collateral as the Agent may deem to be necessary or appropriate to comply with any law, rule or regulation, whether federal, state or local, having applicability to the sale or assignment and (ii) requirements for any necessary governmental approvals.

(d) In the event the Agent shall have instituted any proceeding to enforce any right, power or remedy under this Agreement by foreclosure, sale, entry or otherwise, and such

proceeding shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Agent, then and in every such case the Company, the Agent and each Lender shall be restored to their respective former positions and rights hereunder with respect to the Collateral, and all rights, remedies and powers of the Agent and the Secured Creditors shall continue as if no such proceeding had been instituted.

(e) Failure by the Agent to exercise any right, remedy or option under this Agreement or any other agreement between the Company and the Agent or provided by law, or delay by the Agent in exercising the same, shall not operate as a waiver; no waiver shall be effective unless it is in writing, signed by the party against whom such waiver is sought to be enforced and then only to the extent specifically stated. For purposes of this Agreement, an Event of Default shall be construed as continuing after its occurrence until the same is waived in writing by the Secured Creditors or the Required Lenders, as the case may be, in accordance with the terms of the Credit Agreement. Neither the Agent, nor any Lender, nor any party acting as attorney for the Agent or any Lender, shall be liable hereunder for any acts or omissions or for any error of judgment or mistake of fact or law other than their gross negligence or willful misconduct. The rights and remedies of the Agent under this Agreement shall be cumulative and not exclusive of any other right or remedy which the Agent or the Secured Creditors may have.

#### SECTION 11. THE AGENT APPOINTED ATTORNEY-IN-FACT.

The Company hereby irrevocably appoints the Agent, its nominee, or any other person whom the Agent may designate as the Company's attorney-in-fact, with full authority in the place and stead of the Company and in the name of the Company, the Agent or otherwise, upon the occurrence and during the continuation of any Event of Default hereunder, or if the Company fails to perform any agreement contained herein, then to the extent necessary to enable the Agent to perform such agreement itself, from time to time in the Agent's discretion, to take any action and to execute any instrument which the Agent may deem necessary or advisable to accomplish the purposes of this Agreement, including, without limitation, to prosecute diligently any patent or trademark or any application for Patents, Trademarks or Copyrights pending as of the date of this Agreement or thereafter until the Secured Obligations shall have been fully paid and satisfied and the commitments of the Secured Creditors to extend credit to or for the account of the Company under the Credit Agreement shall have terminated, to make application on unpatented but patentable inventions and registrable but unregistered Trademarks and Copyrights, to file and prosecute opposition and cancellation proceedings, to do all other acts necessary or desirable to preserve all rights in Collateral and otherwise to file any claims or take any action or institute any proceedings which the Agent may deem necessary or desirable to enforce the rights of the Agent and the Secured Creditors with respect to any of the Collateral. The Company hereby ratifies and approves all acts of any such attorney and agrees that neither the Agent nor any such attorney will be liable for any acts or omissions nor for any error of judgment or mistake of fact or law other than their gross negligence or willful misconduct. The foregoing power of attorney, being coupled with an interest, is irrevocable until the Secured Obligations have been fully paid and satisfied and the commitments of the Secured

Creditors to extend credit to or for the account of the Company under the Credit Agreement have terminated.

#### SECTION 12. APPLICATION OF PROCEEDS.

The proceeds and avails of the Collateral at any time received by the Agent upon the occurrence and during the continuation of any Event of Default hereunder, including, without limitation, the proceeds of any sale made under or by virtue of the provisions of Section 10 of this Agreement, shall, when received by the Agent in cash or its equivalent, be applied by the Agent in reduction of the Secured Obligations as set forth in Section 3.7 of the Credit Agreement. The Company shall remain liable to the Agent and the Secured Creditors for any deficiency. Any surplus remaining after the full payment and satisfaction of the Secured Obligations shall be returned to the Company or to whomsoever the Agent reasonably determines is lawfully entitled thereto.

#### SECTION 13. INDEMNIFICATION; LITIGATION.

(a) The Company hereby indemnifies the Agent and the Secured Creditors for any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements (including attorneys' fees) of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Agent, the Secured Creditors or any of them in any way relating to or arising out of, directly or indirectly, the manufacture, use or sale of products or processes utilizing or embodying any Collateral or any transactions contemplated hereby or any enforcement of the terms hereof; *provided, however*, that the Company shall not be liable for any of the foregoing to the extent they arise from the gross negligence or willful misconduct of the party to be indemnified hereunder.

(b) The Company shall have the right to commence and prosecute in its own name, as real party in interest, for its own benefit and at its own expense, such applications for protection of the Collateral, suits, proceedings or other actions for infringement, unfair competition, dilution or other damage as are in its reasonable business judgment necessary to protect the Collateral. To the extent required by Section 6(b)(ii), the Company shall promptly notify the Agent and the Secured Creditors in writing as to the commencement and prosecution of any such actions, or threat thereof, relating to the Collateral and shall provide to the Agent and the Secured Creditors such information with respect thereto as may be reasonably requested. The Agent and the Secured Creditors shall provide all reasonable and necessary cooperation in connection with any such suit, proceeding or action, including, without limitation, joining as a necessary party. The Company shall indemnify and hold harmless the Agent and the Secured Creditors for any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, expenses or disbursements (including attorneys' fees) of any kind and nature whatsoever which may be imposed on, incurred by or asserted against the Agent or any Lender in connection with or in any way arising out of such suits, proceedings or other actions; *provided, however*, that the Company shall not be liable for

any of the foregoing to the extent they arise from the gross negligence or willful misconduct of the party to be indemnified hereunder

(c) Upon the occurrence and during the continuation of any Event of Default hereunder, the Agent shall have the right, but shall in no way be obligated, to file applications for protection of the Collateral or bring suit in the name of the Company, the Agent or the Secured Creditors to enforce the Collateral. In the event of such suit, the Company shall, at the request of the Agent, do any and all lawful acts and execute any and all documents required by the Agent in aid of such enforcement and the Company shall promptly, upon demand, reimburse and indemnify the Agent, as the case may be, for all costs and expenses incurred by the Agent in the exercise of its rights under this Section. In the event that the Agent shall elect not to bring suit to enforce the Collateral, the Company agrees, to the extent required by Section 6, to use all reasonable measures, whether by action, suit, proceeding or otherwise, to prevent the infringement of any of the Collateral by others and for that purpose agrees to diligently maintain any action, suit or proceeding against any person so infringing necessary to prevent such infringement.

#### SECTION 14. EXPENSES.

The Company will, upon demand, pay to the Agent the amount of any and all costs and expenses, including the fees and expenses of its counsel and the fees and expenses of any experts and agents, which the Agent or any Lender may incur in connection with (i) the enforcement and administration of this Agreement (including, without limitation, the filing or recording of any documents), (ii) the custody or preservation of, or the sale of, collection from, or other realization upon, any of the Collateral, (iii) the exercise or enforcement of any of the rights of the Agent or any Lender hereunder or (iv) the failure by the Company to perform or observe any of the provisions hereof. All amounts payable by the Company under this Section shall be due from the Company upon demand and shall bear interest from the date incurred by the Agent or Lender, as appropriate, at the rate per annum (the "*Default Rate*") determined by adding 2% to the rate per annum from time to time announced by the Agent as its prime commercial rate (with the *Default Rate* computed on the basis of a year of 360 days for the actual number of days elapsed and any change in the *Default Rate* resulting from a change in such prime commercial rate to be effective on the date of the relevant change in such prime commercial rate). All amounts so payable, together with such interest thereon, shall be part of the Secured Obligations. The Company's obligations under this Section shall survive the termination of this Agreement and the discharge of the Company's other obligations hereunder.

#### SECTION 15. TERMINATION AND RELEASE.

This Agreement is made for collateral purposes only. This Agreement shall be a continuing agreement in every respect and shall remain in full force and effect until all of the Secured Obligations, both for principal and interest, have been fully paid and satisfied and the commitments of the Secured Creditors to extend credit to or for the account of the Company under the Credit Agreement shall have terminated. Upon such termination of this

Agreement, the Agent shall, upon the request and at the expense of the Company, forthwith assign, transfer and deliver, against receipt and without recourse to the Agent, such of the Collateral as may then be in the possession of the Agent and as shall not have been sold or otherwise applied pursuant to the terms hereof to or on the order of the Company. Said assignment, transfer and delivery shall include an instrument in form recordable in the United States Patent and Trademark Office or the United States Copyright Office, as the case may be, by which the Agent shall terminate, release and, without representation, recourse or warranty, reassign to the Company all rights in each Patent, Patent License, Trademark, Trademark License, Copyright and Copyright License, including each registration thereof and application therefor, conveyed and transferred to the Agent pursuant to this Agreement.

#### SECTION 16. THE AGENT.

In acting under or by virtue of this Agreement, the Agent shall be entitled to all the rights, authority, privileges and immunities provided in Section 10 of the Credit Agreement, all of which provisions of said Section 10 are incorporated by reference herein with the same force and effect as if set forth herein. The Agent hereby disclaims any representation or warranty to Secured Creditors concerning the perfection of the security interest granted hereunder or the value of the Collateral.

#### SECTION 17. MISCELLANEOUS.

(a) This Agreement cannot be changed or terminated orally. This Agreement shall create a continuing security interest in the Collateral and shall be binding upon the Company, its successors and assigns and shall inure, together with the rights and remedies of the Agent and the Secured Creditors hereunder, to the benefit of the Agent, the Secured Creditors and their successors and assigns; *provided, however*, that the Company may not assign its rights or delegate its duties hereunder without the Agent's prior written consent. Without limiting the generality of the foregoing, and subject to the provisions of Section 12.18 of the Credit Agreement, any Lender may assign or otherwise transfer any indebtedness held by it secured by this Agreement to any other person or entity, and such other person or entity shall thereupon become vested with all the benefits in respect thereof granted to such Lender herein or otherwise, subject, however, to the provisions of the Credit Agreement. The Company hereby releases the Agent from any liability for any act or omission relating to the Collateral or this Agreement, except the Agent's gross negligence or willful misconduct.

(b) Except as otherwise specified herein, all communications hereunder shall be in writing (including cable, telecopy and telex) and shall be given to the relevant party, and shall be deemed to have been made when given to the relevant party, in accordance with Section 12.9 of the Credit Agreement.

(c) No Lender shall have the right to institute any suit, action or proceeding in equity or at law for the foreclosure against any Collateral subject to this Agreement or for the execution of any trust or power hereof or for the appointment of a receiver, or for the

enforcement of any other remedy under or upon this Agreement; it being understood and intended that no one or more of the Secured Creditors shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of this Agreement by its or their action or to enforce any right hereunder, and that all proceedings at law or in equity shall be instituted, had and maintained by the Agent in the manner herein provided and for the ratable benefit of the Secured Creditors.

(d) In the event that any provision hereof shall be deemed to be invalid by reason of the operation of any law or by reason of the interpretation placed thereon by any court, this Agreement shall be construed as not containing such provision, but only as to such jurisdictions where such law or interpretation is operative, and the invalidity of such provision shall not affect the validity of any remaining provision hereof, and any and all other provisions hereof which are otherwise lawful and valid shall remain in full force and effect.

(e) The lien and security interest herein created and provided for stand as direct and primary security for the Secured Obligations. No application of any sums received by the Secured Creditors in respect of the Collateral or any disposition thereof to the reduction of the Secured Obligations or any part thereof shall in any manner entitle the Company to any right, title or interest in or to the Secured Obligations or any collateral or security therefor, whether by subrogation or otherwise, unless and until all Secured Obligations have been fully paid and satisfied and the commitments, if any, of the Secured Creditors to extend credit to or for the account of the Borrowers or any of them shall have terminated. The Company acknowledges that the lien and security interest hereby created and provided are absolute and unconditional and shall not in any manner be affected or impaired by any acts of omissions whatsoever of the Secured Creditors or any other holder of any Secured Obligations, and without limiting the generality of the foregoing, the lien and security interest hereof shall not be impaired by any acceptance by the Secured Creditors or any other holder of any Secured Obligations of any other security for or guarantors upon any of the Secured Obligations or by any failure, neglect or omission on the part of the Secured Creditors or any other holder of any Secured Obligations to realize upon or protect any of the Secured Obligations or any collateral or security therefor. The lien and security interest hereof shall not in any manner be impaired or affected by (and the Secured Creditors, without notice to anyone, is hereby authorized to make from time to time) any sale, pledge, surrender, compromise, settlement, release, renewal, extension, indulgence, alteration, substitution, exchange, change in, modification or disposition of any of the Secured Obligations or of any collateral or security therefor, or of any guaranty thereof, or of any instrument or agreement setting forth the terms and conditions pertaining to any of the foregoing. The Secured Creditors may at their discretion at any time grant credit to the Borrowers or any of them without notice to the Company in such amounts and on such terms as the Secured Creditors may elect (all of such to constitute additional Secured Obligations hereby secured) without in any manner impairing the lien and security interest created and provided for herein. In order to realize hereon and to exercise the rights granted the Agent, any Lender hereunder and under applicable law, there shall be no obligation on the part of the Agent, any Lender or any other holder of any Secured Obligations at any time to first resort for payment to the Borrowers or any of them or to

any guaranty of the Secured Obligations or any portion thereof or to resort to any other collateral, security, property, liens or any other rights or remedies whatsoever, and the Agent and the Secured Creditors shall have the right to enforce this Agreement irrespective of whether or not other proceedings or steps seeking resort to or realization upon or from any of the foregoing are pending.

(f) This Agreement shall be deemed to have been made in the State of Illinois and shall be governed by and construed in accordance with the laws of the State of Illinois, without regard to principles of conflicts of law, except as required by mandatory provisions of law and except to the extent that the validity or perfection of the security interest hereunder, or remedies hereunder, in respect of any particular Collateral are governed by the laws of a jurisdiction other than the State of Illinois. The headings in this Agreement are for convenience of reference only and shall not limit or otherwise affect the meaning of any provision hereof.

(g) This Agreement may be executed in any number of counterparts and by different parties hereto on separate counterpart signature pages, each constituting an original, but all together one and the same instrument.

IN WITNESS WHEREOF, the Company has caused this Agreement to be duly executed as of the date first above written.
