Dear Sir or Madam:

Please note that, with respect to the above-identified registration, the printed Certificate of Registration lists the incorrect state of incorporation for the original Applicant. Registrant respectfully requests that its registration be amended, pursuant to TMEP § 1201.02(c), to correct the mistake in the manner in which the state of incorporation of the Applicant was set out in the application. The original Applicant, apparently due to clerical error, listed its state of incorporation in the application as "New York" rather than "Georgia."

This error occurred apparently as the result of a mistake made in good faith. The original applicant mistakenly executed the trademark application stating that its state of incorporation was

New York, rather than Georgia, its actual state of incorporation. An error such as this one is considered a correctable error for which amendment is appropriate. See TMEP § 1201.02(c). Correction to the certificate of registration would not materially alter the registration and would not require republication of the mark.

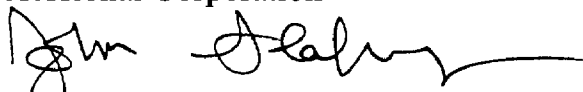

It is respectfully requested that a Certificate of Correction be issued reflecting the original Applicant's correct state of incorporation, Georgia. For this purpose, a certified copy of the Certificate of Registration is attached. Also enclosed is a filing fee in the amount \$100.00 for this correction. If this fee is incorrect or insufficient, please charge/credit Deposit Account No. 23-2415, Attn: 18974-TM1128. Request for Recordation of Merger (for reference purposes only)

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

**DECLARATION IN SUPPORT OF REQUEST FOR CORRECTION OF
CERTIFICATE OF REGISTRATION**

I, Prabhat Goyal, declare:

I am Chief Financial Officer of Networks Associates, Inc., the current Registrant, and am authorized to execute this declaration on behalf of said corporation.

With respect to the registration identified above, Registrant notes that the printed Certificate of Registration lists an incorrect state of incorporation for the original Applicant. The correct state of incorporation of the original Applicant, as demonstrated by the attached records of the Georgia Secretary of State, is Georgia. The original Applicant, apparently due to clerical error, listed its state of incorporation in the application as "New York" instead of "Georgia."

The original applicant, Helix Software Company, Inc., merged with Networks Associates, Inc. on December 24, 1997. Networks Associates, Inc. is the surviving entity. Helix Software Company Inc., no longer exists.

Registrant respectfully requests that the registration be amended, pursuant to TMEP § 1201.02(c), to correct the mistake in the manner in which the state of incorporation of the Applicant was set out in the application.

Because the original Applicant was "in fact the owner of the mark, but there [was] a mistake in the manner in which the [state of incorporation] of the applicant [was] set out in the application, this mistake may be corrected by amendment." TMEP § 1201.02(c).

There is no reason to believe that this mistake was not made in good faith. Furthermore, this mistake does not involve such changes as would require republication of the mark. In view of these facts, Registrant respectfully requests that a Certificate of Correction be issued reflecting "Georgia" as the state of incorporation of the original Applicant.

All statements made herein are of my own knowledge are true and that all statements made on information and belief are believed to be true; and further these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the document and any registration resulting therefrom.
