ASSIGNMENT OF INTELLECTUAL PROPERTIES

THIS ASSIGNMENT OF INTELLECTUAL PROPERTIES, effective 11:57 p.m. eastern daylight savings time the 5th day of June, 1998, is between JASON NEVADA, INC., a Nevada corporation ("Assignor") and DELTAK NEVADA, INC., a Nevada corporation ("Assignee").

RECITALS

- A. Assignor is the owner of all right, title and interest in and to certain intellectual properties as specified below.
- B. The Assignor desires to assign all its right, title and interest in these properties to the Assignee and the Assignee desires to accept such assignment.

AGREEMENTS

In consideration of the recitals and mutual agreements which follow and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignee and Assignor agree as follows:

1. Assignment of Patents and Inventions. The Assignor assigns, transfers and contributes to the Assignee all of Assignor's right, title and interest worldwide in and to the patents, patent applications and patentable inventions listed in Schedule A attached hereto, and in and to any continuations, divisionals, foreign filings, continuations-in-part, extensions, reissues or reexaminations that may result from such patents or applications, and in and to any patents that may result from such applications, and in and to any other protectable aspects of the inventions on which such patents or patent applications are based.
2. Assignment of Trade Secrets. The Assignor assigns, transfers and contributes to the Assignee all of Assignor's right, title and interest worldwide in and to all trade secrets, unfiled patent or invention disclosures, confidential information and know-how solely related to the Business as defined in the Purchase Agreement of even date.
3. Assignment of Trademarks. The Assignor assigns, transfers and contributes to the Assignee all of Assignor's right, title and interest worldwide in and to the trademarks, trademark registrations, and applications for trademark registration listed in Schedule B attached hereto, along with all renewals and

extensions of the registrations that are or may be secured under the laws of the United States and all foreign countries, and of the goodwill associated with such trademarks, as well as any other trademark rights solely related to the Business.

4. Assignment of Copyrights. The Assignor assigns, transfers and contributes to the Assignee all of Assignor's right, title and interest worldwide in and to any copyrightable works, copyright registrations and applications for copyright registration related solely to the Business, including without limitation all of the exclusive rights listed in 17 U.S.C. § 106 and any copyright renewal and extension terms available for any such registrations in the United States and all foreign countries, and in and to any copyright registrations that may result from such applications.

5. Assignment of Accrued Enforcement Rights. The Assignor assigns and contributes to the Assignee any causes of action for infringement or unauthorized use of any of the intellectual properties specified in Paragraphs 1 through 4 above that may have accrued prior to the execution date of this Agreement.

6. Further Assurances. The Assignor shall provide Assignee, its successors, assigns or other legal representatives, cooperation and assistance at Assignee's request and expense (including the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documentation as may be reasonably required): (1) in the preparation and prosecution of any applications for patents or registration of the intellectual property assigned pursuant to this Assignment; (2) in the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the intellectual property assigned pursuant to this Assignment; and (3) in the implementation or perfection of this Assignment.
