TRADEMARK SECURITY AGREEMENT
[McCulloch North America, Inc.]

WHEREAS, McCulloch North America, Inc., a Maryland corporation (formerly known as McCulloch Corporation) ("Grantor"), owns the Trademarks, Trademark registrations, and Trademark applications listed on Schedule I annexed hereto, and is a party to the Trademark Licenses listed on Schedule I annexed hereto; and

WHEREAS, Grantor and Heller Financial, Inc., as agent ("Agent") and the lenders named therein are parties to (i) a Loan and Security Agreement dated as of September 19, 1996 (as same may be amended, restated, supplemented or otherwise modified from time to time, the "Loan Agreement"), providing for extensions of credit to be made to Grantor by Agent and certain other financial institutions that are parties to the Loan Agreement or become lenders pursuant to assignments under Subsection 9.1 of the Loan Agreement (Agent and such other lenders are collectively called "Lenders"), and (ii) a Security Agreement dated as of September 19, 1996 (as same may be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"); and

WHEREAS, pursuant to the terms of the Loan Agreement and Security Agreement, Grantor has granted to Agent (in such capacity, "Grantee"), for the benefit of Lenders, a security interest in substantially all the assets of Grantor including all right, title and interest of Grantor in, to and under all now owned and hereafter acquired Trademarks (as defined below), Trademark registrations, Trademark applications and Trademark Licenses (as defined below), together with the goodwill of the business symbolized by Grantor's Trademarks, and all proceeds thereof, to secure, inter alia, the payment and performance of the Obligations (as defined in the Loan Agreement) and Secured Obligations (as defined in the Security Agreement);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor does hereby grant to Grantee a continuing security interest in all of Grantor's right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the "Trademark Collateral"), whether presently existing or hereafter created or acquired:

- (1) each Trademark, Trademark registration and Trademark application, including, without limitation, the Trademarks, Trademark registrations (together with any reissues, continuations or extensions thereof) and Trademark applications referred to in Schedule I annexed hereto, and all of the goodwill of the business connected with the use of, and symbolized by, each Trademark, Trademark registration and Trademark application;
- (2) each Trademark License and all of the goodwill of the business connected with the use of, and symbolized by, each Trademark License; and
- (3) all products and Proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future (a) infringement or

dilution of any Trademark or Trademark registration including, without limitation, the Trademarks and Trademark registrations referred to in Schedule I annexed hereto, the Trademark registrations issued with respect to the Trademark applications referred in Schedule I annexed hereto and the Trademarks licensed under any Trademark License, or (b) injury to the goodwill associated with any Trademark, Trademark registration or Trademark licensed under any Trademark License.

For purposes of this Trademark Security Agreement, the capitalized terms used herein shall have the following meanings:

“Trademark License” means any written agreement now or hereafter in existence granting to Grantor any right to use any Trademark (excluding any such agreement if and to the extent that any attempt to grant a security interest hereunder in any such agreement without the consent of a third party would constitute a breach thereof and such consent has not been obtained by Grantor), including, without limitation, the agreements described in Schedule I to this Trademark Security Agreement.

“Trademarks” means collectively all of the following now owned or hereafter created or acquired by Grantor: (a) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, logos, other business identifiers, prints and labels on which any of the foregoing have appeared or appear, all registrations and recordings thereof, and all applications in connection therewith including registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country or any political subdivision thereof, including, without limitation, those described in Schedule I of this Trademark Security Agreement; (b) all reissues, extensions or renewals thereof, (c) all income, royalties, damages and payments now or hereafter due and/or payable under any of the foregoing or with respect to any of the foregoing including damages or payments for past or future infringements of any of the foregoing; (d) the right to sue for past, present and future infringements of any of the foregoing; (e) all rights corresponding to any of the foregoing throughout the world; and (f) all goodwill associated with and symbolized by any of the foregoing.

This security interest is granted in conjunction with the security interests granted to Grantee pursuant to the Loan Agreement and the Security Agreement. Grantor hereby acknowledges and affirms that the rights and remedies of Grantee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement and the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

IN WITNESS WHEREOF, Grantor has caused this Trademark Security Agreement to be duly executed by its duly authorized officer thereunto as of the 16th day of November, 1998.

McCULLOCH NORTH AMERICA, INC.
