

**TERMINATION OF GRANT OF SECURITY INTEREST  
(Trademarks, Copyrights, Patents and Licenses)**

THIS TERMINATION OF GRANT OF SECURITY INTEREST, effective as of March 31, 1998, is by SUNTRUST BANK, CENTRAL FLORIDA, N.A. ("Grantee").

RECITALS

WHEREAS, pursuant to certain loan and security agreements, Bell Technologies Inc., a Delaware corporation ("Grantor") granted Grantee a security interest in substantially all of Grantor's assets, including all of Grantor's intellectual property rights; and

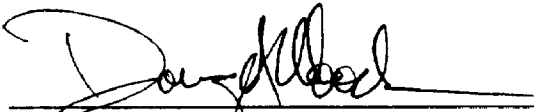

WHEREAS, on or about March 31, 1998, Grantor paid off all indebtedness owed to Grantee under the Loan Agreement; and

WHEREAS, Grantor and Grantee now desire to execute this document to formally terminate Grantee's security interest in Grantor's intellectual property.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantee's security interest in any and all intellectual property of the Grantor, including but not limited to the registered Patents and Trademarks listed on Exhibits A and B attached hereto is hereby terminated.

IN WITNESS WHEREOF, the undersigned has executed this Termination of Grant of Security Interest.
