WHEREAS, the Assignor is desirous of transferring, and Tangent International Computer Consultants, LLC (the "Assignee"), is desirous of acquiring, the Trademark;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby expressly acknowledged, the Assignor hereby irrevocably assigns, sells and transfers to the Assignee, its successors and assigns, absolutely, exclusively and in perpetuity, all right, title and interest in and to the Trademark together with any renewals, reissues and extensions thereof as well as the right to secure the same in its own name or in the name of its successors, assigns and/or nominees, in all countries, including, without limitation, any and all claims and rights to sue and recover damages for past infringement and all causes of action, claims, damages and other rights the Assignor may have with respect to or arising out of the Trademark, together with the goodwill of the business associated therewith.

1. Representations. The Assignor represents and warrants that (i) it is the sole owner of, and has good and marketable title to, the Trademark and has the right and legal power to convey the Trademark to the Assignee and perform its other obligations hereunder; (ii) it has not granted, transferred or assigned to any other person or entity any rights of any kind in the Trademark and there are no outstanding assignments, grants, licenses or agreements inconsistent with this Assignment and the Trademark is being transferred free and clear of all liens, claims and encumbrances of any kind; (iii) to the best of Assignor's knowledge, the Trademark does not infringe upon or violate the rights of any third parties and the exercise by the Assignee of any rights transferred hereunder will not violate or infringe upon the rights of any third parties; (iv) the execution and delivery of this Assignment and the performance of the terms hereof does not and will not violate any provision of any agreement, document or law; and (v) the Assignor will not create, make, sell or otherwise transfer ownership of materials which are substantially similar to the Trademark. The Assignor will promptly upon demand indemnify the Assignee, its successors and assigns and all agents of any of the same, from all liabilities, costs and expenses (including, without limitation, all attorneys' fees and expenses) incurred as a direct result of any actual breach of any of the foregoing representations and warranties.

2. Covenants. The Assignor covenants that at any time and from time to time, without additional compensation, the Assignor will assist in the preparation of, execute and deliver any documents or instrument, including, without limitation, trademark and other proprietary registration applications and renewals thereof, and provide such other assistance, as the Assignee may

hereafter determine to be necessary or advisable (a) to obtain, extend, renew, reissue and maintain any United States, state and/or foreign trademarks or other proprietary registrations relating to the Trademark, (b) to conduct any litigation relating to the rights acquired hereunder, and (c) for any other reasonable purpose determined by the Assignee, its successors and assigns, to be necessary or advisable to effectuate the intent of this Assignment.
