### ARTICLE III. REPRESENTATIONS AND WARRANTIES

**Section 3.1. *Representations and Warranties.*** Each Assignor hereby represents and warrants that, except as otherwise set forth in any schedule to the Security Agreements:

(a) Schedule I(a), Schedule I(b), Schedule II(a) and Schedule II(b) set forth a complete and accurate listing of all U.S. Patents, U.S. Patent Applications, U.S. Trademarks and U.S. Trademark Applications in which any Assignor has an interest.

(b) It has not granted any license, rights or privileges in or to the Patent and Trademark Collateral which is material to the conduct of its business to any party, except to Secured Party.

(c) The registrations of all Patent and Trademark Collateral listed as to it in Schedule I(a) and Schedule II(a) are valid and enforceable and have not been transferred to any other Person. No Assignor has taken or failed to take any action that would materially and adversely affect the enforceability thereof.

(d) It owns all right, title, and interest in, to and under all Patent and Trademark Collateral listed as to it in Schedule I(a), Schedule I(b), Schedule II(a) and Schedule II(b).

(e) None of the registrations of the Patent and Trademark Collateral listed as to it in Schedule I(a), Schedule I(b), Schedule I(a) or Schedule II(b) have been adjudged invalid or unenforceable, in whole or in part.

(f) Except as otherwise disclosed in the schedules to the Credit Agreement it has not received any written threats of action which if successful would materially adversely affect the business of the Assignor and has not commenced and is not about to commence any

suit or action against others in connection with the violation or enforcement of its rights in any of the Patent and Trademark Collateral.

(g) It at all times is (or, as to any item of Patent and Trademark Collateral acquired after the date hereof, will be) the sole legal and beneficial owner of the Patent and Trademark Collateral and has exclusive possession and control thereof, free and clear of any Liens except those created by this Assignment or permitted under Section 6.3 of the Credit Agreement.

(h) It has the right and power to enter into this Assignment and perform its terms.

#### ARTICLE IV. COVENANTS

**Section 4.1. Covenants.** Each Assignor covenants and agrees as follows:

(a) Such Assignor will not, either by itself or through any agent, employee, licensee or designee, file an application for the registration of any Patent and Trademark Collateral with the United States Patent and Trademark Office unless, within 30 days thereafter, it files with any such office or agency, (i) an amendment to this Assignment adding a description of such Patent and Trademark Collateral to Schedule I(a) or Schedule II(a) and (ii) any other agreements, instruments, documents and papers as Secured Party may reasonably request to evidence Secured Party's security interest in such Patent and Trademark Collateral.

(b) Subject to Section 4.1(a) and except to the extent that (i) Secured Party may otherwise agree or (ii) such Assignor reasonably determines that certain of the Patent and Trademark Collateral is no longer of material value to the Assignor's business, each Assignor shall take all necessary actions to maintain and pursue each application, to obtain the relevant registration, and to maintain the registration of all of the Patent and Trademark Collateral with the United States Patent and Trademark Office or other appropriate filing office or agency in which registration is necessary to protect its rights therein, including the filing of applications for renewal, affidavits of use, affidavits of incontestability and opposition and cancellation proceedings; **provided, however**, that neither this Section 4.1(b) nor any other provision of this Assignment or any other Loan Document shall obligate any Assignor to file any application for the registration or to obtain or maintain the registration of any Patent and Trademark Collateral which it would not otherwise file, obtain or maintain in the exercise of its ordinary business practices.

(c) In the event that any Assignor's rights under any Patent and Trademark Collateral that is material to the conduct of its business are infringed, misappropriated or diluted by a third party, such Assignor (i) shall notify Secured Party promptly after it learns thereof and (ii) shall take such actions as such Assignor shall reasonably deem appropriate under the circumstances to protect such Patent and Trademark Collateral.

(d) Each Assignor shall promptly notify Secured Party, in writing, of any suit, action or proceeding brought against it relating to, concerned with or affecting the Patent and Trademark Collateral that is material to the conduct of its business or infringement of or

interference with another trademark which could reasonably be expected to be determined adversely and thereupon to have a Material Adverse Effect. Each Assignor shall, upon request by Secured Party, deliver to Secured Party a copy of all pleadings, papers, orders or decrees theretofore or thereafter filed in any such suit, action or proceeding, and upon request by Secured Party shall keep Secured Party fully advised and informed of the progress of any such suit, action or proceeding.

(e) Each Assignor shall promptly notify Secured Party if it knows (i) that any application or registration relating to any Patent and Trademark Collateral that is material to the conduct of its business may become abandoned or dedicated, (ii) that there has been or likely may be an adverse determination or development (including the institution or any adverse determination or development in, any proceeding in the United States Patent and Trademark Office or any court) regarding (A) its ownership of any Patent and Trademark Collateral that is material to the conduct of its business, (B) its right to register such Patent and Trademark Collateral that is material to the conduct of its business or (C) its right to keep and maintain such Patent and Trademark Collateral that is material to the conduct of its business or (iii) of any other event that materially adversely affects the value of any Patent and Trademark Collateral that is material to the conduct of its business.

(f) Subject to Section 4.1(b), upon the written request of Secured Party, each Assignor shall promptly and duly execute and deliver any and all additional documents, including UCC-1 financing statements, and take such further action as Secured Party may deem necessary to obtain the full benefit of this Assignment, all at the sole expense of such Assignor.

(g) Without Secured Party's prior written consent, which consent shall not be unreasonably withheld, no Assignor shall (i) enter into any agreement that would materially impair or conflict with such Assignor's obligations hereunder or (ii) permit the inclusion in any material contract to which it becomes a party of any provisions that could or might in any way prevent the creation of a security interest in the Assignor's rights and interests in any property included within the definition of Patent and Trademark Collateral that is material to the conduct of its business acquired under such contracts.

## **ARTICLE V. POWER OF ATTORNEY**

**Section 5.1. *Power of Attorney.*** Each Assignor hereby authorizes and empowers Secured Party to make, constitute and appoint any officer or agent of Secured Party, as Secured Party may select in its exclusive discretion, as the Assignor's true and lawful attorney-in-fact, with the power, whenever any Assignor is in default as set forth in Section 4.1 of either of Security Agreements, to endorse any Assignor's name on all applications, documents, papers and instruments necessary for Secured Party (a) to use the Patent and Trademark Collateral, (b) to grant or issue to any, third party a license or, to the extent permitted by an applicable License, a sublicense, whether general, specific or otherwise and whether on an exclusive or non-exclusive basis, of any Patent and Trademark Collateral throughout the world on such terms and conditions and in such manner as Secured Party shall, in its sole discretion, determine, or (c) to assign, pledge, convey or otherwise transfer title in or dispose of the Patent and Trademark Collateral to any third person. Each Assignor hereby ratifies all that such attorney-in-fact shall lawfully do or

cause to be done by virtue hereof. This power of attorney shall be irrevocable until Discharge of the Credit Agreement.

**ARTICLE VI.  
PATENT AND TRADEMARK COLLATERAL**

**Section 6.1. *Grant of License to Use Intellectual Property Collateral.*** For the purpose of enabling Secured Party to exercise rights and remedies hereunder or under Article IV of the Security Agreements (including in order to take possession of, hold, preserve, process, assemble, prepare for sale, market for sale, sell or otherwise dispose of any Collateral) during the continuance of an Event of Default, each Assignor hereby grants to Secured Party an irrevocable, non-exclusive license (exercisable without payment of royalty or other compensation to any Assignor) (a) to use, license or sublicense any of the Patent and Trademark Collateral now owned or hereafter acquired by the Assignor and wherever the same may be located and (b) to have access to all media in which any of the licensed items may be recorded or stored and all computer and automatic machinery software and programs used for the compilation or printout thereof.

**Section 6.2. *Use and Protection of Patent and Trademark Collateral.*** Notwithstanding anything to the contrary contained herein, unless an Event of Default has occurred and is continuing, each Assignor may continue to use, exploit, license, enjoy and protect the Patent and Trademark Collateral in the ordinary course of its business, and Secured Party shall from time to time, execute and deliver, upon the reasonable written request of any Assignor, any and all instruments, certificates or other documents, in the form so requested, that in the reasonable judgment of any Assignor are necessary or appropriate to permit the Assignor to continue to do so.

**ARTICLE VII.  
MISCELLANEOUS PROVISIONS**

**Section 7.1. *Incorporation of Agreements.*** Each and all of the provisions of the Security Agreements shall apply to this Agreement, *mutatis mutandis*.
