disclosed on Exhibit B hereto, it has granted no other existing license to use the Trademarks and that the Trademarks are not currently pledged, assigned or otherwise encumbered, in part or in whole. Assignor further represents and warrants that it has no knowledge of any third party asserting or contending orally or in writing, that: (i) such third party has superior or concurrent rights, title or interest in or to the Trademarks, (ii) the use of the Trademarks by Assignor constitutes an infringement of such third party's asserted rights in the Trademarks, or (iii) the Trademarks are unenforceable, invalid or unprotectable by Assignor. Assignor further represents and warrants to the best of its knowledge that all statements made in applications for registration of the Trademarks and related documentation are true, complete and accurate, and that all Trademarks described as registered in Schedule A have been validly registered and are in full compliance with all applicable regulations and laws of each and every country where registered, and that all renewals and, where appropriate, affidavits of continued use have been timely filed. Assignor has the full power to enter into this Agreement and to make the grants herein contained.
