Appendix A

"NOVAPURE" use in Class 01

NOVAPURE™

SCRUBBERS

S427 Exhaust Gas Scrubber

CAUTION! CONTACT CAUSES IRRITATION

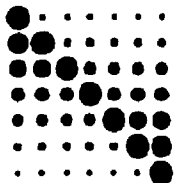

- May be harmful if swallowed or inhaled
- Avoid exposure or contact with container contents
- Do not tamper with this container or attempt to open sealed canisters
- Container not to be used in any other application
- Read Materials Safety Data Sheet before using

First Aid: If inhaled, remove victim to fresh air. In case of eye contact, flush eyes with plenty of water for at least 15 minutes. In case of skin contact, wipe material from skin immediately. Flush the contaminated area with large amounts of water. Remove contaminated clothing and shoes and wash before reuse.

To: Novapure™ Scrubber Customers

From: Karl Olander
President

Re: **NOVAPURE™ TECHNICAL SERVICES**

In support of our Novapure™ Scrubber product line, we offer the following technical support services:

- **System evaluation.** You describe your application's flow rates, flow stream compositions, pressure drop requirements, and desired period between change-outs, and we will specify a scrubber system or systems appropriate to your needs.
- **Customized fittings.** You tell us which type of connections or fittings you use in your system, and we will custom-design a scrubber system for turn-key operation.
- **Scrubber refill.** You return your empty scrubber canister to us, and we will refill and return it to you.
- **Spent resin disposal.** We will consult with you to develop a plan for you to dispose of spent resins in compliance with all federal, state and local regulations. Often, we can provide you with analytic data on spent resins from your process or processes similar to yours.
