VP SECURITY AGREEMENT

TRADEMARK
REEL: 001987 FRAME: 0017

2. Grant of Security Interest in Intellectual Property Collateral. Each Grantor hereby grants to Agent, for the benefit of Agent and Lenders, a continuing first priority Lien upon all of such Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Intellectual Property Collateral"):

(a) all of such Grantor's Patents and Patent Licenses to which it is a party, including those referred to in Part A to Schedule I hereto, and all reissues, continuations or extensions thereof;

(b) all of such Grantor's Trademarks and Trademark Licenses to which it is a party, including those referred to in Part B to Schedule I hereto, and all reissues, continuations or extensions thereof;

(c) all of such Grantor's Copyrights and Copyright Licenses to which it is a party, including those referred to in Part C to Schedule I hereto;

(d) all Goodwill, trade secrets, proprietary or confidential information, technical information, procedures, formulae, quality control standards, designs, operating and training manuals, customer lists, and other General Intangibles with respect to the foregoing; and

(e) all Proceeds of the foregoing, including (i) any and all proceeds of any insurance, indemnity, warranty or guaranty payable to any Person from time to time with respect to any of the foregoing, (ii) any and all payments (in any form whatsoever) made or due and payable to any Person from time to time in connection with any requisition, confiscation, condemnation, seizure or forfeiture of all or any part of the foregoing by any Governmental Authority (or any Person acting under color of Governmental Authority), (iii) any claim of any Person against third parties for (A) past, present or future infringement of any Patent or Patent License, (B) past, present or future infringement or dilution of any Copyright, Copyright License, Trademark, or Trademark License, or (C) injury to the Goodwill associated with any License, Patent, Trademark or Copyright, (iv) any recoveries by any Person against third parties with respect to any litigation or dispute concerning any of the foregoing, and (v) any and all other amounts from time to time paid or payable under or in connection with any of the foregoing, upon disposition or otherwise.

3. Security Agreement. The Lien granted pursuant to this Agreement is granted in conjunction with the Liens granted to Agent, for the benefit of Agent and Lenders, pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the Liens granted under this Agreement are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. Malden GmbH Liability Limitations.

(a) Notwithstanding any provision herein contained to the contrary, the enforcement by Agent of its rights and remedies against Malden GmbH under this Agreement shall, if and to the extent that the Obligations of, and Liens granted by, Malden GmbH hereunder secure Obligations of an affiliated company (*verbundenes Unternehmen*) within the meaning of Section 15 of the German Stock Corporation Act (*Aktiengesetz*) (other than any Subsidiary of Malden GmbH), at all times be limited to the extent that such enforcement and the subsequent application of proceeds resulting therefrom against the Obligations would cause Malden GmbH to not have sufficient assets

to maintain its capital (*Stammkapital*); provided, that for purposes of determining the net assets of Malden GmbH the following balance sheet items shall be adjusted as follows:

(i) the amount of any increase of capital (*Stammkapital*) out of retained earnings (*Kapitalerhöhung aus Gesellschaftsmitteln*) after the date hereof that has been effected without the prior written consent of Agent, acting for and on behalf of itself and Lenders, shall be deducted from the capital (*Stammkapital*); and

(ii) loans and other contractual liabilities incurred in negligent or willful violation of the provisions of the Credit Agreement shall be disregarded.

(b) The financial liability of Malden GmbH hereunder in respect of the Obligations shall be further limited if without such limitation a material incremental tax liability would be incurred by Malden GmbH or Borrower solely and directly as a result of Malden GmbH's execution and delivery of the Loan Documents and the transactions contemplated therein. Whether and to what extent such limitation is required shall be determined by one or more qualified independent tax advisors appointed by Agent. Such determination shall be made by any such advisor without regard or giving effect to offsetting deductions or credits that might otherwise be available to reduce the dividend or income, as the case may be, that might otherwise give rise to such incremental tax liability.

5. CHOICE OF LAW. THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE FEDERAL LAWS OF THE UNITED STATES OF AMERICA AND THE INTERNAL LAWS OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND PERFORMED IN THAT STATE (WITHOUT REGARD TO THE CONFLICT OF LAW PROVISIONS THEREOF).

IN WITNESS WHEREOF, the parties have executed this Patent, Trademark and Copyright Security Agreement as of the date first set forth above.
