Each of the Assignors will, promptly following the creation or acquisition of any copyrightable work which is necessary or economically desirable for the conduct of its business, apply to register the copyright in the Copyright Office. Each of the Assignors will maintain, and will cause each licensee which uses any of the Collateral to maintain, the same standards of quality for the goods and services in connection with which the Collateral is used as each of the Assignors maintained for such goods and services prior to the date of this Agreement. Assignee shall have the right to enter upon any of the Assignors' premises at all reasonable times to monitor such quality standards. Each of the Assignors shall promptly notify Assignee if it knows or has received written notice that any of the Collateral material to the conduct of any Assignors' business may lapse, expire, become dedicated to the public, terminate, be abandoned, or become subject to any adverse determination or development (including the institution of proceedings) in any action or proceeding before the PTO, the Copyright Office, any state registry, any foreign counterpart of the foregoing, or any court. Except with the prior written consent of Assignee, or as permitted by the Indenture, none of the Assignors shall sell, assign, transfer or dispose of (other than in the ordinary course of such Assignors' business), or create or allow to exist any lien, claim or encumbrance upon or with respect to any of the Collateral, except for the security interest and continuing lien created hereunder and other Permitted Liens. If any of the Assignors forms or acquires any Restricted Subsidiary (as defined in the Indenture), or any Subsidiary existing as of the date hereof hereafter engages in any business, then the Assignors covenant and agree that they shall cause each such Restricted Subsidiary to enter into a security agreement with Assignee, in substantially the form of this Agreement, covering all such Restricted Subsidiary's intellectual property and related rights. Each of the Assignors will use reasonable commercial efforts to obtain any third-party consents required in connection with the grant of a security interest in any Collateral.

7. Remedies Upon Default. Whenever any Event of Default shall occur and be continuing, Assignee shall have all the rights and remedies granted to it in such event by the Security Agreement and the other Financing Agreements, which rights and remedies are specifically incorporated herein by reference and made a part hereof, with the same force and effect as if set forth herein in their entirety. Assignee in such event may collect directly any payments due to any of the Assignors in respect of the Collateral and, subject to any limitations imposed under any license agreements constituting part of the Collateral, may sell, license, lease, assign, or otherwise dispose of the

Collateral in any manner set forth in the Security Agreement. Each of the Assignors agrees that, in the event of any disposition of the Collateral upon any such Event of Default, it will duly execute, acknowledge, and deliver all documents necessary or advisable to record title to the Collateral in any transferee or transferees thereof, including, without limitation, valid, recordable assignments of the Intellectual Property, the Future Intellectual Property, and the Licenses. Each of the Assignors hereby irrevocably appoints Assignee as its attorney-in-fact, with power of substitution, to execute, deliver, and record any such documents on each Assignors' behalf. Notwithstanding any provision hereof to the contrary, during the continuance of an Event of Default, the Bank Lenders may have, under the Bank Loan Documents, a non-exclusive license to sell inventory bearing any trademarks, service marks, trade names and trade dress included within the Intellectual Property or the Future Intellectual Property, or covered by the Licenses.

8. Power of Attorney. Concurrently with the execution and delivery hereof, each of the Assignors shall execute and delivery to the Assignee, in the form of Exhibit 2 hereto, five (5) originals of a Special Power of Attorney for the implementation of the assignment, sale, license, lease or other disposition of the Intellectual Property, Future Intellectual Property, and Licenses pursuant to Section 7. Each of the Assignors hereby fully and unconditionally releases Assignee from any and all future claims, causes of action and demands at any time arising out of or with respect to any actions taken or omitted to be taken by Assignee in accordance with Section 7 under the powers of attorney granted therein, other than actions taken or omitted to be taken through the willful misconduct or gross negligence of Assignee.

9. Cumulative Remedies. The rights and remedies provided herein are cumulative and not exclusive of any other rights or remedies provided by law. The security interest granted hereby is granted in conjunction with the security interest granted to Assignee under the Security Agreement. The rights and remedies of Assignee with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement and those which are now or hereafter available to Assignee as a matter of law or equity. The exercise by Assignee of any one or more of the rights, powers or remedies provided for in this Agreement or the Security Agreement, or now or hereafter existing at law or in equity shall not preclude the simultaneous or later exercise by any person, including Assignee, of any or all other rights, powers or remedies. The rights and remedies provided herein are intended to be in addition to and not in substitution of the rights and remedies provided by the Security Agreement.

10. Amendments and Waivers. This Agreement may not be modified, supplemented, or amended, or any of its provisions waived without the prior written consent of Assignee and each of the Assignors. Each of the Assignors hereby authorizes Assignee to modify this Agreement by amending Exhibit 1 hereto to include any Future Intellectual Property or additional licenses in which any of the Assignors acquires rights.

11. Actions by Trustee. Whenever any provision of this Agreement requires action or waiver, by, or the consent of, the Assignee, Assignee shall only be required to take or refrain from taking such action or grant or withhold any waiver or consent when 25% in outstanding principal amount of the Notes shall have instructed the Trustee in writing.

12. Waiver of Rights. No course of dealing between the parties to this Agreement or any failure or delay on the part of any such party in exercising any rights or remedies hereunder shall operate as a waiver of any rights and remedies of such party or any other party, and no single or partial exercise of any rights or remedies by one party hereunder shall operate as a waiver or preclude the exercise of any other rights and remedies of such party or any other party. No waiver by Assignee of any breach or default by any of the Assignors shall be deemed a waiver of any other previous breach or default or of any breach or default occurring thereafter.

13. Assignment. The provisions of this Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the parties hereto; provided, however, that no right, obligation, duty or interest herein or in or to the Collateral may be assigned, transferred or disposed of by any of the Assignors without the prior written consent of Assignee, except as permitted by Section 6 hereof.

14. Further Acts. Each of the Assignors shall have the duty to prosecute diligently any application for the Intellectual Property and Future Intellectual Property material to the conduct of its or any Subsidiary's business pending as of the date of this Agreement or thereafter, until the Obligations shall have been paid in full, and to make applications on material unregistered but registrable trademarks, service marks, copyrights and patents material to the conduct of its or any Subsidiary's business in any location in the United States where the Assignors or such Subsidiary does business using such Intellectual Property and to preserve and maintain all rights in and to the Collateral material to the conduct of its or any Subsidiary's business. Any expenses incurred in connection with such applications shall be borne jointly by the Assignors.

15. Enforcement. While an Event of Default shall be continuing, Assignee shall have the right, if any of the Assignors has failed to do so but shall in no way be obligated to, bring suit in its own name to enforce any rights in and to the Collateral, in which event the Assignors shall do any and all lawful acts and execute any and all proper documents in aid of such enforcement including, but not limited to, joining as a plaintiff in any such enforcement action and the Assignors shall promptly, upon demand, reimburse and indemnify Assignee for all costs and expenses (including fees and expenses of its agents and counsel) incurred by Assignee in the exercise of its rights under this Section 15.

16. Release and Re-Assignment. As provided for in the Indenture, or at such time as all of the Obligations have been satisfied, and the Indenture has been terminated, Assignee will execute and deliver to the Assignors all deeds, assignments and other instruments as may be necessary or proper to release Assignee's lien in the Collateral and reassign to the Assignors any and all rights of Assignee therein which were granted to Assignee hereunder, subject to any dispositions thereof which may have been made by Assignee pursuant hereto.

17. Severability. If any clause or provision of this Agreement shall be held invalid or unenforceable, in whole or in part, in any jurisdiction, such invalidity or unenforceability shall attach only to such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect any other clause or provision in any other jurisdiction.

18. Notices. All notices, requests and demands to or upon any of the Assignors or Assignee under this Agreement shall be given in the manner prescribed by the Security Agreement.

19. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of New York.

20. Notes Equally and Ratably Secured. Each Note will be equally and ratably secured with each other Note hereunder, regardless of the date of issuance of such Note.

21. Release of Guarantor. If in accordance with the terms and provisions of the Indenture, any Guarantor (as defined in the Indenture) is designated by the Company to be an Unrestricted Subsidiary (as defined in the Indenture), then

such Guarantor will be released and discharged from all of its obligations under its Guaranty (as defined in the Indenture) of the Notes and the Indenture.
