TRADEMARK ASSIGNMENT

This is an assignment of trademark rights and related rights from Los Alamos Technical Associates, Inc. ("LATA") to MIOX Corporation ("MIOX").

BACKGROUND

1. LATA adopted and continuously used the mark MIOX ("Mark"), U.S. Trademark Registration No.1,805,225, in commerce from May 15, 1992 to June 17, 1994.
2. On June 17, 1994, LATA sold ("Sale Agreement") an electrolytic method for producing mixed oxidants ("Invention") including all patent rights, know how, technology, and the Mark associated with the Invention to MIOX.
3. Since June 17, 1994 MIOX has adopted and has continuously used the Mark in commerce.

ASSIGNMENT

3. This Trademark Assignment is intended to supercede and replace in its entirety the Sale Agreement from LATA to MIOX with regard to the transfer of the Mark.
4. For good and valuable consideration, receipt of which is hereby acknowledged, LATA does hereby assign unto MIOX all right, title and interest in and to the Mark, together with the goodwill of the business symbolized by said Mark.
5. This assignment of all right, title and interest to the Mark is effective as of the date of the Sale Agreement. LATA agrees that the assignment of such rights included the right to enforce such rights against past, present, and future infringers including the right to rely on the

date of first use for purpose of establishing the effective date of first and continuous use of the Mark in commerce.

6. LATA represents and warrants that LATA's rights in the Mark include the entire right, title and interest to the Mark and to the common law use of the Mark. LATA further represents and warrants that the Mark and accompanying goodwill have not been previously assigned, mortgaged or otherwise encumbered, and that LATA has full right, power and authority to assign all such rights to MIOX.

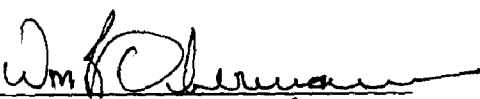

7. LATA agrees that should MIOX desire the assistance of LATA and its members to establish the date of first use, LATA will provide such assistance, including but not limited to the giving of testimony, signing true and accurate affidavits and/or declarations, and the production of documents relevant to the use of the Mark, without additional compensation (other than out-of-pocket costs).
