ASSIGNMENT OF TRADEMARKS
AND
SERVICE MARKS AS COLLATERAL

THIS ASSIGNMENT made as of the 16th day of February, 1995, by and between MICHAEL ANTHONY JEWELERS, INC., a Delaware corporation (the "Company"), and NORTHERN LIFE INSURANCE COMPANY, a Washington corporation, and NORTHWESTERN NATIONAL LIFE INSURANCE COMPANY, a Minnesota corporation (collectively, "Lenders").

RECITALS

WHEREAS, the Company and each of the Lenders are parties to a certain Note Purchase Agreement dated as of February 16, 1995 (as the same may be amended hereafter from time to time, the "Note Purchase Agreement") pursuant to which the Company has issued to Lenders its promissory notes in the aggregate principal amount of \$6,000,000 (the "Notes"); and

WHEREAS, the Notes are secured by liens on substantially all of the personal property of the Company pursuant to a Security Agreement dated February 16, 1995 (as the same may be amended hereafter from time to time, the "Security Agreement"); and

WHEREAS, as additional security for the Notes, and for all other indebtedness, liabilities and obligations of the Company to Lenders pursuant to the Note Purchase Agreement, and any and all other indebtedness, obligations and liabilities of the Company to the Lenders now existing or hereafter arising, the Company has agreed to assign to the Lenders all of the Company's right, title and interest in and to its trademarks, service marks and trademark and service mark registrations and applications and the rights described and claimed therein, whether currently in use or later adopted or acquired, including but not limited to those which are more particularly described and referenced on Exhibit A attached hereto and made a part hereof (collectively, the "Trademarks");

NOW THEREFORE, in consideration of the foregoing, the parties hereto hereby agree as follows:

1. The Company does hereby assign and transfer and grant a lien and security interest unto the Lenders as security for (1) performance by the Company of each and every obligation to be performed by it contained in, and payment of all amounts now or hereafter due under, the Note Purchase Agreement and the Notes; (2) performance of each and every obligation of the Company contained in this Assignment and payment of all sums now or hereafter due hereunder; and (3) payment and performance of any and all other indebtedness, obligations and liabilities of the Company to the Lenders of every kind and description, direct, indirect and contingent, now existing or hereafter arising, due or to become due (the foregoing obligations of the Company are hereinafter collectively referred to as the "Obligations"), all of

the Company's right, title and interest in and to the Trademarks, together with the goodwill of the business relating to each and all of the past or future infringements of the Trademarks, the same to be held and enjoyed by the Lenders for their own use and benefit and the use and benefit of their legal representatives, successors and assigns to the full end of the term of which the Trademarks are granted as fully and entirely as the same would have been held by the Company had this Assignment not been made; provided, however, that until demand for payment has been made by the Lenders, the Company may continue to use the Trademarks in its business, and all goodwill symbolized by the Trademarks shall accrue to the Company as if it had not made this Assignment, so long as the nature and quality of all services rendered and goods sold by the Company in connection with the Trademarks shall conform to standards not less than those currently set by the Company. The rights and remedies of the Lenders upon demand for payment with respect to the assignment and security interest granted herein are more fully set forth in the Security Agreement. The provisions of the Security Agreement are hereby incorporated herein by reference.

TRADEMARK

REEL 1301 FRAME 142

2. The Company agrees to maintain registration of the Trademarks and to otherwise protect the Trademarks from infringement.

3. The Company agrees to notify the Lenders promptly (but in any event, at least once each fiscal quarter) of (i) any additional Trademarks which are adopted or acquired, (ii) any change in the status of applications or registrations for Trademarks, including any new applications or registrations, and (iii) any disputes and resolutions of disputes over any Trademarks. The Company further hereby agrees also to execute any further lawful document as reasonably requested by the Lenders in order to effectuate fully the assignment contemplated by this Assignment.

4. Upon full payment, performance and observance of the Obligations, each of the Lenders agrees at the Company's request to give its written consent to termination of this Assignment, and to execute and deliver to the Company all assignments and other instruments of transfer as may be reasonably necessary or proper to reassign to the Company the Trademarks, such termination and reassignment to be at the Company's sole expense.

5. The date of this Assignment first set forth above is for identification purposes only and is the date this Assignment is deemed to have been delivered by the Company to the Lenders. This Assignment was executed by the parties on the dates set forth in the acknowledgments below.

6. The Company irrevocably agrees to, and does hereby indemnify and hold harmless the Lenders, any of their agents and employees, and each and all and any of them (the "Indemnified Parties"), against any and all losses, claims, actions, causes of action, damages or liabilities (including any amount paid in settlement of any action, commenced or threatened), joint or several, to which they, or any of them, may become subject under statutory law or at common law, and to reimburse the Indemnified Parties for any legal or other expenses reasonably incurred by them or any of them in connection with investigating, preparing for or defending against any actions, commenced or threatened, insofar as such

losses, claims, damages, liabilities or actions arise out of or are related to this Assignment and the use by the Company of the Trademarks from and after the date of this Assignment.

7. This Assignment shall inure to the benefit of the successors and assigns of the Lenders and shall be binding upon the successors and assigns of the Company.

8. This Assignment shall be construed in accordance with and governed by the laws of the State of Minnesota.

9. This Assignment may be executed in any number of counterparts, all of which together shall constitute but one instrument.
