ASSIGNMENT OF TRADEMARKS

ASSIGNMENT OF TRADEMARKS (the "Assignment"), effective as of August 25, 2000, made by Prestolite Digital LLC a Delaware limited liability company (the "Assignor"), to Krone Digital Communications Inc., a Delaware corporation (the "Assignee").

A. Prestolite Wire Corporation, a Delaware corporation that controls the Assignor ("Prestolite"), and GenTek Inc., a Delaware corporation that wholly-owns and controls the Assignee ("GenTek"), entered into an Asset Purchase Agreement (the "Agreement"), dated as of July 5, 2000, under which Prestolite agreed to sell to GenTek, or to a Subsidiary of GenTek, and GenTek agreed to purchase from Prestolite, or from a Subsidiary of Prestolite, substantially all of the assets of Prestolite's Telecom Business, which assets include the Assigned Marks.

B. Assignor has adopted, used and is using the marks set forth on Schedule I hereto (which is incorporated herein by reference), which marks are registered in, or for which application for registration has been filed in, the United States Patent and Trademark Office (or, as appropriate, the relevant filing offices of other countries), and other marks, and any and all common law rights therein, including but not limited to those set forth on Schedule I (the "Assigned Marks").

C. Capitalized terms used in this Assignment without definition shall have the meanings given to them in the Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor agrees as follows:

1. Assignment. Assignor does hereby transfer, convey, assign and deliver to Assignee all right, title and interest of Assignor in and to the Assigned Marks, the registrations and applications for registrations thereof, and the goodwill of the business connected with the use thereof and symbolized thereby, free and clear of any mortgage, pledge, hypothecation, assignment, security deposit arrangement, encumbrance, lien (statutory or other), charge or other security interest or any preference, priority or other security agreement or preferential arrangement of any kind or nature; all rights of priority therein in any country as may now or hereafter be granted to it by law, treaty or other international convention; and all rights, interests, claims and demands recoverable in law or equity, that Assignor has or may have in profits and damages for past, present and future infringements of the Assigned Marks, including, without limitation, the right to compromise, sue for and collect such profits and damages; the same to be held and enjoyed by Assignee, its successors and assigns or their legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

2. Further Actions. Assignor hereby agrees that Assignor shall execute and deliver such assignments, endorsements and other instruments and evidences of transfer and give such further assurances and perform such further acts as the Assignee may reasonably request and as may be reasonably necessary in order to render effective the consummation of the transactions contemplated hereby.

3. Miscellaneous. This Assignment shall be governed by, and construed in accordance with, the laws of the United States, in respect to trademark issues and in all other respects including as to validity, interpretation and effect by the laws of the State of New York, without giving effect to the conflict of laws rules thereof.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be duly executed as of this 5th day of July, 2000.
