All U.S. and foreign patents, patent applications and inventions listed in Sections 2 through 5 of this Schedule 5.13 are owned of record by Graham Magnetics, Inc. ("GMI"), and its predecessor corporations and were acquired by Anacomp by virtue of its May 1994 acquisition of GMI. Many of those patents have expired by their terms or have been abandoned by Anacomp's decision not to pay the required maintenance fees, and the patent applications have been abandoned as well in the ordinary course of business. The Division does not materially rely upon the Intellectual Property Rights described in Sections 2 through 5 of this Schedule 5.13, but instead upon its proprietary know-how and trade secrets with respect to the formulation, coating and manufacturing processes.
