# LICENSE AGREEMENT

This Agreement made effective this 12th day of December, 2000.

## BETWEEN:

**GERALD E. ADAM**, of Fairfield, Iowa  
(referred to as "Adam")

## AND

**BATCO MANUFACTURING LTD.**  
(referred to as "Batco")

**IN CONSIDERATION OF** the mutual promises given in this Agreement, the parties agree as follows:

### 1. Definitions

In this Agreement:

*"2-3 Unit Model"* means any bulk seed handling and transportation equipment using the Licensed Technology, which can handle or transport to a maximum of 2 or 3 bulk seed containers in either bag or box format, as the same are currently manufactured on behalf of Adam Industries, Inc., or as may be modified by Batco;

*"4-5 Unit Model"* means any bulk seed handling and transportation equipment using the Licensed Technology, which can handle or transport to a maximum of 4 or 5 bulk seed containers in either bag or box format, as the same are currently manufactured on behalf of Adam Industries, Inc., or as may be modified by Batco;

*"Licensed Technology"* means the Patents and any know-how relating to the Patents as disclosed from time to time by Adam to Batco;

*"Patents"* means United States Patent No. 6,120,233 issued September 19, 2000, for a bulk seed carrier and United States patent application no. 09/644,784 filed August 23, 2000, also for a bulk seed carrier, and any subsequent registrations of either or both of the Patents in other jurisdictions;

*"Product"* or *"Products"* means any or all products and equipment which use the Licensed Technology;

*"Term"* means the term of this agreement as set out in section 3;

*"Territory"* means the United States of America and any other jurisdiction in which the Patents are subsequently registered; and

*"Unit"* means either a 2 - 3 Unit Model or a 4 - 5 Unit Model.

## 2. Grant of License

- 2.1 Subject to the terms of this Agreement, Adam grants to Batco an exclusive license to use the Licensed Technology and to make, market and sell the Products in the Territory.
- 2.2 Batco has the right to further sub-license any of the rights granted under this Agreement.
- 2.3 During the Term, Adam will not directly or indirectly use the Licensed Technology in the Territory, nor distribute, market or sell the Products in the Territory, except as a dealer of Batco under its standard dealer agreement.
- 2.4 Nothing contained herein shall prevent Batco from using, making, marketing, or selling the Products outside the Territory.

## 3. Term

The term of this license is for the same length of time as either of the Patents exist and is of force and effect in any jurisdiction in the Territory.

## 4. Fee

4.1 Batco shall pay to Adam a fee for this license, calculated as follows:

- a) In each year of the Term, for the period ending June 30th of each year (the "Year"), a fee shall be paid on the sale of each Unit sold by Batco in the Territory, as follows:
- i) for the first 500 Units sold in the Year, \$100.00 for each 2-3 Unit Model and \$150.00 for each 4-5 Unit Model;
  - ii) for the next 500 Units sold in the Year, \$90.00 for each 2-3 Unit Model and \$120.00 for each 4-5 Unit Model;
  - iii) for all other Units sold in the Year, \$60.00 for each 2-3 Unit Model and \$85.00 for each 4-5 Unit Model.

The first Year shall consist of the period beginning December 12, 2000 and ending June 30, 2001. Subsequent Years shall commence on July 1st of each such Year.

- b) Where Batco develops a new Product using the Licensed Technology which is not a 2-3 Unit Model nor a 4-5 Unit Model (the "New Product") the parties shall agree to the fee to be paid on the sale of each such New Product prior to the sale of such New Product in the Territory, unless the Payment Threshold Event referred to in section 4.1(c)(iii) has occurred. In default of such agreement within 3 months of Batco making its first proposal for an appropriate fee, the fee shall be as follows:
- i) for the first 500 of the New Product sold in the Year, 3% of the original list price for such New Product;
  - ii) for the next 500 of the New Product sold in the Year, 2% of the original list price for such New Product; and
  - iii) for all other of the New Product sold in the Year, 1.5% of the original list price for each such New Product.

- c) Notwithstanding section 4.1(a) and (b) above:
  - i) the first 100 sales to Garst Seed Company during the first Year ended June 30, 2001 are exempt from the calculation of the fee and thresholds set out in section 4.1(a).
  - ii) in the event the sales to Garst Seed Company during the first Year ended June 30, 2001 are less than 50 Units in total, then the first 50 Units sold to any third party, including Garst Seed Company, and regardless of the Year in which they are sold, are exempt from the calculation of the fee and thresholds set out in section 4.1(a).
  - iii) Batco is not required to pay any further fees to Adam upon the earlier of October 8, 2010 or Batco having paid a cumulative total of \$1,200,000.00 in fees to Adam (the "Payment Threshold Event"). Upon such Payment Threshold Event occurring, Batco shall continue to enjoy the rights given to it under this Agreement, without any further payment.
- d) For the purpose of calculating the fee above, a sale shall be deemed to have been made when the Product has been invoiced to the purchaser, and payment under the invoice is due. Batco may also deduct from any current year's calculation any sale with respect to which the Product has been returned, regardless of the Year in which the sale originally took place.
- e) No fee shall be payable for Products sold outside the Territory. For the purpose of this subsection, a sale is deemed to have been made outside the Territory where the purchaser is located outside the Territory, and the Product so purchased is shipped to a location outside the Territory.

4.2 All sums shall be paid in U.S. dollars by cheque to Adam or to such bank account as Adam may designate.

4.3 Payments must be made by July 1st of each year, beginning July 1, 2001.

4.4 The Vendor is fully responsible for all taxes payable by it with respect to the fees payable under this Agreement. In the event the Purchaser is required by law to withhold and remit any such taxes, such taxes shall be calculated on and payable from the fees due under this Agreement, and shall not be in addition to such fees.

4.5 Batco shall keep complete and accurate records of all sales of Products in the Territory. Adam or his agent has the right at any time upon 7 days notice to inspect and make copies of such records during normal business hours, in order to verify the correctness of fees paid. If any such inspection indicates an error of more than 5% as to the amount paid by Batco compared with the amount owed, Batco shall be responsible for the costs of the inspection. Adam shall hold all information received from such audit in confidence, except for the purpose of receiving advice from his professional advisors, or as required by a court of competent jurisdiction.

## 5. Ownership of the Technology

- 5.1 Adam represents and warrants that he is the sole owner of the Licensed Technology, and has the right and authority to grant to enter into this Agreement and grant the exclusive rights under this Agreement.
- 5.2 Batco shall not, directly or indirectly, during or after the Term of this Agreement, attack the rights of Adam in the Licensed Technology or the validity of the same, or the right of Adam to grant this license to Batco.

## 6. Warranties

- 6.1 Adam represents and warrants that:
- a) This agreement is a legal, valid and binding obligation of Adam enforceable against him in accordance with its terms subject to:
    - i) bankruptcy, insolvency, moratorium, reorganization and other laws relating to or affecting the enforcement of creditors' rights generally, and
    - ii) the fact that equitable remedies, including the remedies of specific performance and injunction, may only be granted in the discretion of a court.
  - b) No person has any agreement, option, understanding or commitment, or any right or privilege (whether by law, pre-emptive or contractual) capable of becoming an agreement, option or commitment, for the purchase or license from Adam of any of the Licensed Technology.
  - c) He is not under any obligation, contractual or otherwise, to request or obtain the consent of any person, and no permits, licences, certifications, authorizations or approvals of, or notifications to, any federal, state, municipal or local government or governmental agency, board, commission or authority are required to be obtained by Adam in connection with the execution, delivery or performance by Adam of this Agreement or the completion of any of the transactions contemplated in this Agreement.
  - d) He has good and valid title to all of the Licensed Technology, free and clear of all encumbrances. No royalty or other fee is required to be paid by Adam to any other person in respect of the use of any of the Licensed Technology. Adam has protected its rights in the Licensed Technology by registration of the Patents in the United States Patent Office. Adam has the exclusive right to use all of the Licensed Technology and has not granted any license or other rights to any other person in respect of the Licensed Technology.
  - e) To the best of his knowledge, the design of the Units as set out in the Patents complies with all health and safety, transportation and other regulations of any governmental authority in the United States of America having jurisdiction over the manufacture of agricultural implements;
  - f) The Licensed Technology is free and clear of all liens, charges and encumbrances and shall remain free and clear during the Term;

- g) He has not received any notice, complaint, threat, or claim with respect to the Licensed Technology alleging infringement of any patent, industrial design, trade secret or other intellectual property right or proprietary right of any person, corporation, or other entity, nor does the Licensed Technology infringe upon any other patent, industrial design, copyright, trade mark or any other intellectual property right of any other person; and
- h) He has not received any notice, threat or claim impeaching either of the Patents.

6.2 In addition to all other rights Batco may have against Adam or others in any other agreement, Adam shall indemnify and save Batco harmless from and against all claims based on a contention that the exercise of the license within the scope of this Agreement infringes any patent, copyright, trade secrets, trade mark, or other intellectual property right, provided such claim is not due to the fault or negligence of Batco.

## 7. Infringement

- 7.1 Adam shall promptly notify Batco of any infringement of the Patent of which Adam becomes aware. Batco, at its option, but without any obligation, may bring legal action against any infringement of the Patent.
- 7.2 Batco has the right at its own expense and in its own name to prosecute any such actions for infringement. Adam shall co-operate fully, and if necessary, lend his name to the action or proceedings. Batco shall indemnify Adam against all costs, expenses and liabilities which Adam may incur in assisting in such actions or proceedings, provided approval is first obtained from Batco with respect to such costs, expenses, and liabilities. Any recovery obtained from such action shall belong to Batco.

## 8. Termination

- 8.1 Subject to section 8.2, this Agreement may be terminated immediately by Adam by simple written notice, if :
  - a) Batco makes an assignment or other arrangement for the benefit of creditors, institutes or has instituted against it proceedings in bankruptcy, liquidation, winding-up, or insolvency legislation;
  - b) Batco becomes insolvent or has its assets levied upon or seized or managed by any creditor, trustee or receiver;
  - c) Batco fails to pay the fee when due, provided it has received from Adam written notice of such failure to pay, which Batco then fails to remedy within 30 days of receiving the notice; or
  - d) Batco defaults in performance or breaches any other term of this Agreement, provided it has received from Adam written notice of such default or breach, which Batco then fails to remedy within 30 days of receiving the notice.
- 8.2 Notwithstanding section 8.1, Adam may not terminate this Agreement where the Payment Threshold Event referred to in section 4.1(c) has occurred.
- 8.3 Upon termination under section 8.1:

- a) All rights under this Agreement, together with all goodwill associated the Licensed Technology reverts and belongs to Adam.
- b) Sections 4, 5, 6, 10 and 11 shall continue in full force and effect, notwithstanding termination.
- c) Batco has a further 12 months to sell the Products to end users, provided that all fees payable for such sales shall be payable immediately to Adam. Upon the expiry of the 12 month period, Batco shall discontinue such sales.

## 9. Expiry of Patent

Notwithstanding any of terms of this Agreement, upon expiry or other termination of either of the Patents in any jurisdiction of the Territory, Batco has the non-exclusive right to continue to use the Licensed Technology and to make, market and sell the Products in such jurisdiction.

## 10. Improvements

All improvements to the Licensed Technology shall belong to Batco.

## 11. Indemnification

Batco shall at all times during and after the Term indemnify and hold Adam harmless in respect of all claims, losses, liabilities, damages, costs or expenses arising from or in any way connected with:

- a) The use of the Licensed Technology or the marketing or sale of any Product, by Batco or its sub-licensees;
- b) A breach of any of Batco's covenants in this Agreement; and
- c) Any defects arising from the manufacture of the Products by Batco or its sub-licensees, or any injury or death resulting from the same.

## 12. No Merger

The promises and undertakings given in this Agreement shall be considered to be in addition to any other promises and undertakings given in any other written agreement between any of the parties, and shall not be merged into any such other written agreement.

## 13. General

13.1 All notices to be given shall be in writing, by delivery in person, by registered mail, or by telecopy. Each party's address for the giving of notice shall be as follows, until changed by written notice given to the other party:

# OPTION TO PURCHASE

THIS AGREEMENT made effective this 12th day of December, 2000.

BETWEEN:

**GERALD E. ADAM**  
(the "Vendor")

AND

**BATCO MANUFACTURING LTD.**  
(the "Purchaser")

**WHEREAS:**

A. The Vendor has, by a License Agreement dated effective December 12, 2000 (the "License Agreement"), granted a license of certain technology to the Purchaser as described on Schedule A (the "Licensed Technology").

B. The Purchaser wishes to have an option to purchase the Licensed Technology.

**NOW THEREFORE** In consideration of \$10,000.00 paid by the Purchaser to the Vendor (the "Option Fee"), the receipt of which is acknowledged, the parties agree as follows:

## **1. Granting of Option to Purchase**

1.1 The Vendor grants to the Purchaser an option (the "Option") to purchase the Licensed Technology at the purchase price calculated in accordance with section 1.3 hereof (the "Purchase Price"), upon the terms and conditions as further set out in this Agreement.

1.2 The Option shall be exercised by notice in writing delivered to the Vendor at any time during the period of July 1st to December 31st inclusive during each year prior to the expiry or termination of the License Agreement.

1.3 The Purchase Price shall be calculated as follows:

- a) The sum of \$1,200,000.00; minus
- b) The sum of the fees paid or payable pursuant to the License Agreement for all periods preceding exercise of the Option; minus
- c) A discount calculated in accordance with section 1.4 hereof (the "Discount");

but, in any case, the Purchase Price shall not be less than \$100,000.00.

1.4 The Discount shall be calculated as follows:

- a) For the sole purpose of calculating the Discount, the difference between \$1,200,000.00 and the sum described in section 1.3(b) (the "Purchase Price Before Discount") shall be considered to be payable in annual instalments on July 1st,

commencing in the year following the date of the exercise of the Option and ending upon payment in full of the Purchase Price Before Discount, with each such annual instalment equal to the amount of the fees paid or payable pursuant to the License Agreement for the annual period which ended on June 30th preceding the date of the exercise of the Option.

- b) The amount of the Discount is equal to the difference between the Purchase Price Before Discount and the amount which, if invested on the date of closing to earn interest at a rate equal to the prime interest rate on the date on which notice of exercise of the Option is given, would provide enough funds to make the annual instalments described in section (a) hereof. The term "prime interest rate" where used before shall mean the base rate on corporate loans posted by at least 75% of the 30 largest banks in the United States as reported in The Wall Street Journal (presently referred to in The Wall Street Journal as the Prime Rate), or if such base rate is no longer published, then an equivalent rate.

During the Option period, the Vendor shall not encumber the Licensed Technology.

- 1.5 This Option is assignable by the Purchaser to any corporation affiliated or associated with the Purchaser.

## **2. Terms of Purchase Following Exercise of the Option**

Upon the option being exercised, the following shall be the terms of the agreement of purchase and sale of the property:

- 2.1 The purchase price is payable as follows:
  - a) The Option Fee shall, upon completion of the purchase and sale of the Property, be credited to the Purchase Price.
  - b) The balance of the Purchase Price shall be paid to the Vendor's counsel upon closing by attorney's trust cheque, bank draft, or money order.
- 2.2 The sale of the Licensed Technology shall be closed on the day which is 30 days after the date of the exercise of the Option, on which date title to the Licensed Technology shall be transferred to the Purchaser.
- 2.3 On or before the date of closing, the Vendor shall provide to the Purchaser an assignment of the Licensed Technology, which shall transfer the Licensed Technology to the Purchaser free and clear of all liens, charges, and encumbrances. The Vendor shall further provide to the Purchaser, upon request, a registerable assignment for each of the patents or patent applications forming part of the Licensed Technology, for each jurisdiction in which the patent has been registered or the patent application made.
- 2.4 No further fees shall be payable pursuant to the License Agreement for any period after the June 30th preceding the date of exercise of the Option.

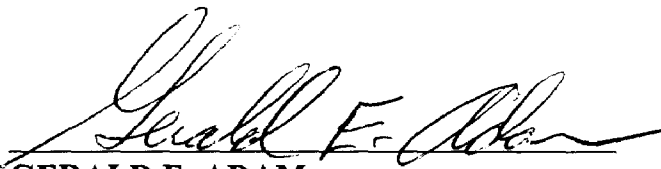

## **3. General Provisions**

- 3.1 All dollar amounts referred to in this agreement are in lawful money of the United States of America.

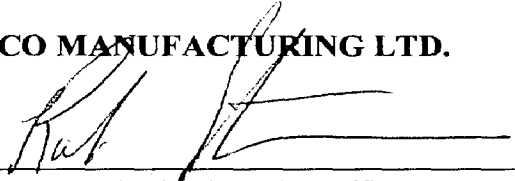

- 3.2 Each party shall bear his or her own legal fees with respect to this transaction.
- 3.3 Time shall in all respects be of the essence of this agreement.
- 3.4 It is agreed between the parties hereto that there are no representations, guarantees, promises, warranties, or agreements other than those contained in this agreement.
- 3.5 This agreement shall enure to and be binding upon the heirs, executors, administrators, successors and permitted assigns of the parties hereto; and all terms and references thereto in the singular number and masculine gender shall also include the plural number, feminine and neuter gender where the context so requires.
- 3.6 This agreement is governed by the laws of the State of Iowa and the federal laws of the United States of America applicable therein.
- 3.7 No modification or amendment to this agreement may be made unless agreed to by the parties in writing.

IN WITNESS WHEREOF the parties hereto have duly executed this agreement as of the day and year first above written.
