## TRADEMARK SECURITY AGREEMENT

This Trademark Security Agreement, dated as of February 2, 2001 (this "Agreement"), is made by **Powers Pharmaceutical Corporation**, a Delaware corporation (collectively, the "Company"), in favor of Fleet National Bank, a national banking association, as agent (in such capacity, the "Agent") for the Lenders referred to below.

### PRELIMINARY STATEMENTS:

1. The Company and certain of its affiliates, as borrowers (collectively, the "Borrowers") have executed and delivered to each of Fleet National Bank, National Bank of Canada, The Sumitomo Bank Limited, and Senior Debt Portfolio (collectively, the "Lenders" and each a "Lender") certain Commercial Promissory Notes (as amended, restated, supplemented or otherwise modified from time to time, collectively, the "Notes") of even date herewith in the aggregate principal amount of \$4,000,000.00.

2. Under the Security Agreement of even date herewith (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), between the Borrowers, as grantors, and the Agent, the Company has granted the Agent on behalf of and for the ratable benefit of the Lenders, a security interest in substantially all of its assets.

3. It is a condition precedent to the Lenders accepting the Borrowers' Notes that the Company execute this Agreement in favor of the Agent.

### AGREEMENT:

In consideration of the premises and the mutual agreements contained in this Agreement, the Borrowers, the Lenders and the Agent agree as follows:

1. Definitions. Capitalized terms used in this Agreement and not otherwise defined have the meanings assigned to such terms in the Security Agreement.

2. Grant of Security Interest. To secure its Secured Obligations, the Company mortgages and pledges to the Agent for the ratable benefit of the Lenders and grants the Agent a security interest in all of the Company's right, title and interest in, to and under (i) each trademark and service mark application and registration listed on the attached Exhibit A and trademark license and service mark license listed on the attached Exhibit B, including, without limitation, all proceeds of trademark and service mark applications and registrations and trademark licenses and service mark licenses (including, without limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding to such trademark and service mark applications and registrations and trademark licenses and service mark licenses throughout the world and all renewals of such trademark and service mark applications and registrations and extensions of trademark licenses and service mark licenses (collectively, the "Trademarks") and (ii) the goodwill of the business connected with the use of, and symbolized by, each Trademark. Until an Event of Default occurs, the Company retains its rights in the Trademarks and may use and possess the Trademarks until such time.

3. Representations and Warranties. The Company represents and warrants that, as of the date of this Agreement, (i) the Trademarks listed on Exhibit A include all of the trademark and service mark applications and registrations now owned by the Company, (ii) the trademark licenses and service mark licenses listed on Exhibit B include all of the trademark licenses and service mark licenses under which the Company is the licensee or licensor and (iii) no Liens in such Trademarks have been granted by the Company to any Person or asserted by any Person

against the Company other than the Agent, except for Liens permitted under the Security Agreement (it being understood that failure by the Company to own any Trademark listed on Exhibit A will not be a breach of this representation and warranty unless such breach has a materially adverse effect on the value of such asset taken as a whole).

4. New Trademarks. If, prior to the termination of this Agreement, the Company (i) obtains rights to any new Trademarks, (ii) becomes entitled to the benefit of any Trademarks, whether as licensee or licensor or (iii) enters into any new trademark license or service mark license, the provisions of Section 2 automatically apply thereto. The Company will give to the Agent written notice of events described in clauses (i)-(iii) above promptly after the occurrence thereof, but in any event not less frequently than on a quarterly basis. The Company agrees that the Agent may modify this Agreement by amending Exhibit A or B to include such new Trademarks and may file with the United States Patent and Trademark Office and any equivalent offices having jurisdiction over the Trademarks in addition to and not in substitution for this Agreement, a duplicate original of this Agreement containing on Exhibit A or B thereto, as the case may be, such new Trademarks.

5. Remedies. The Company and the Agent further acknowledge and affirm that the rights and remedies of the Agent after the occurrence of an Event of Default with respect to the assignment of and security interest in the Trademarks made and granted by this Agreement are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated in this Agreement by reference. Further, the Company and the Agent further acknowledge and affirm that the Trademarks constitute Collateral under the Security Agreement, and any and all warranties, representations and covenants made by the Borrower therein with respect to the Collateral shall apply to the Trademarks.

6. Termination. Following the indefeasible payment in full of the Secured Obligations, upon the request (and at the expense) of the Company, the Trademarks and any and all financing statements filed on behalf of the Agent will be automatically reassigned to the Company or terminated, and the Agent will execute such instruments as may be reasonably requested to evidence such reassignment or termination in accordance with the terms set forth in the Security Agreement.

7. Priority of Agent's Rights. The Agent acknowledges and agrees that the security interest granted by the Company in favor of the Agent pursuant to this Agreement is junior to security interest granted by the Company to the Senior Agent, and that the Agent's rights and remedies hereunder are subject to the terms and conditions of the Trademark Security Agreement in favor of the Senior Agent of even date herewith, as well as the Lender Intercreditor Agreement.

IN WITNESS WHEREOF, each of the parties hereto has caused a counterpart of this Agreement to be duly executed and delivered as of the date first above written.
