5. New Patents, Trademarks, and Licenses. Assignor represents and warrants that the Patents, Trademarks and Licenses listed on Schedules A, B and C, respectively, constitute all of the patents, service marks, trademarks, applications and licenses owned by Assignor on the Closing Date. (i) The Patents and Trademarks are subsisting and have not been adjudged invalid or unenforceable, in whole or in part as of the Closing Date;

(ii) To Assignor's knowledge, each of the Patents and Trademarks is valid and enforceable as of the Closing Date;

(iii) Assignor is the owner of the Patents and Trademarks and has the power and authority to make, and will continue to have authority to perform, this Assignment according to its terms;

(iv) This Assignment does not violate and is not in contravention of any other agreement to which Assignor is a party or any judgment or decree by which Assignor is

bound and does not require any consent under any other agreement to which Assignor is a party or by which Assignor is bound. Assignor hereby authorizes the Commissioner of Patents and Trademarks to issue any and all Patents on said inventions and any and all certificates of registration on all Trademarks to Agent as assignee of Assignor's entire interest;

(v) There has been no prior sale, pledge, encumbrance, assignment or other transfer or disposition of any of the Patents, Trademarks or Licenses or any part thereof and the same are free from all liens, charges and encumbrances of any kind, including but not limited to licenses, shop rights and covenants not to sue third persons, other than Permitted Liens; and

Assignor hereby agrees, to the extent of Assignor's rights, that the use by Agent of all Patents, Trademarks and Licenses as described above shall be worldwide and without any liability for royalties or other related charges from Agent to the Assignor. The term of the assignments granted herein shall extend until the earlier of (i) the expiration of each of the respective Patents, Trademarks and Licenses assigned hereunder, or (ii) the Secured Debt has been paid in full and the Credit Agreement has been terminated.

8. Grant of License to Assignor. Unless and until an Event of Default shall have occurred and is continuing, Agent hereby grants to Assignor a nontransferable right and license to use the Trademarks, to exercise Agent's rights under the Licenses, and to make, have made, use and sell the inventions disclosed and claimed in the Patents for Assignor's own benefit and account and for none other. Assignor agrees not to sell or assign its interest in, or grant any sublicense under, the license granted to Assignor in this Paragraph 8, without the prior written consent of Agent. From and after the occurrence of an Event of Default and during the continuance thereof, Assignor's license with respect to Patents, Trademarks and Licenses as set forth in this Paragraph 8 shall terminate forthwith, and Agent shall have, in addition to all other rights and remedies given it by this Assignment, those allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents, Trademarks or Licenses may be located, including, but not by way of limitation, the location of Agent's main office.

9. Reassignment to Assignor. Upon payment in full of the Secured Debt and termination of the Credit Agreement, Agent shall execute and deliver to Assignor all assignments and other instruments as may be necessary or proper to re-vest in Assignor full title to the Patents, Trademarks and Licenses, subject to any disposition thereof which may have been made by Agent pursuant hereto or pursuant to the Credit Agreement.

10. Duties of Assignor. Assignor shall have the duty to (i) prosecute diligently any patent application of the Patents made by it and any trademark or service mark application of the Trademarks made by it pending as of the date hereof or thereafter until the Secured Debt shall have been paid in full in its reasonable business judgment, (ii) make application on unpatented but patentable material inventions and on material trademarks and material service marks, as appropriate in its reasonable business judgment, and (iii) preserve and maintain all of its rights in patent applications and patents of the Patents and in trademark applications, trademarks, trademark registrations, service mark applications, service marks, and service mark registrations of the Trademarks in its reasonable business judgment. Any expenses incurred in connection with such applications shall be borne by Assignor. Assignor shall not abandon any right to file a Patent application or Trademark application, or any pending Patent application, Trademark application, Patent, or Trademark without the consent of Agent, such consent not to be unreasonably withheld.

11. Financing Statements; Documents. At the request of Agent, Assignor will join with Agent in executing one or more financing statements pursuant to the applicable version of the Uniform Commercial Code in form satisfactory to Agent and will pay the costs of filing and/or recording this Assignment and all financing, continuation and termination statements in all public offices where filing or recording is deemed necessary or desirable by Agent. Assignor will execute and deliver to Agent from time to time such supplemental assignments or other instruments, including, but not by way of limitation, additional assignments to be filed with the United States Patent and Trademark Office, as Agent may require for the purpose of confirming Agent's interest in the Patents, Trademarks and Licenses.

12. Agent's Right to Sue. Agent shall have the same rights, if any, as Assignor has, but shall in no way be obligated, to bring suit in its own name to enforce the Licenses and the Patents and Trademarks, and any licenses thereunder, and, if Agent shall commence any such suit, Assignor shall, at the request of Agent, do any and all lawful acts and execute any and all proper documents required by Agent in aid of such enforcement and Assignor shall promptly, upon demand and as a part of the Secured Debt, reimburse and indemnify Agent for all costs and expenses incurred by Agent in the exercise of its rights under this Paragraph 12.

13. Waivers. No course of dealing between Assignor and Agent nor any failure to exercise nor any delay in exercising, on the part of Agent, any right, power or privilege hereunder or under the Credit Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

14. Severability. The provisions of this Assignment are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Assignment in any jurisdiction.

15. Modification. This Assignment cannot be altered, amended or modified in any way, except as specifically provided in Paragraph 5 hereof or by a writing signed by the parties hereto.

16. Cumulative Remedies; Effect on Credit Agreement. All of Agent's rights and remedies with respect to the Patents, Trademarks and Licenses, whether established hereby or by the Credit Agreement, or by any other agreements or by law shall be cumulative and may be exercised singularly or concurrently. Assignor acknowledges and agrees that this Assignment is not intended to limit or restrict in any way the rights and remedies of Agent under the Credit Agreement but rather is intended to facilitate the exercise of such rights and remedies.

17. Binding Effect; Benefits. This Assignment shall be binding upon the Assignor and its respective successors and assigns, and shall inure to the benefit of Agent, its successors and assigns.
