**PATENT, TRADEMARK
AND
SERVICE MARK ASSIGNMENT**

THIS PATENT, TRADEMARK AND SERVICE MARK ASSIGNMENT (the "Assignment") is made and entered into this 15th day of March, 2001 (the "Effective Date") by and between **NEXTPAK.COM CORP.**, a Delaware corporation (the "Assignor") and **SMURFIT-STONE CONTAINER CORPORATION**, a Delaware corporation (the "Assignee").

WHEREAS, Assignee wishes to acquire and Assignor wishes to assign to Assignee, all of Assignor's right, title and interest in and to all patents, trademarks and service marks registered in Assignor's name (the "Patents") together with all of Assignor's right, title and interest in and to all patent applications, trademark applications and service mark applications filed by Assignor (the "Marks").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor does hereby sell, assign, transfer and set over to Assignee all of its right, title and interest in and to the Patents and Marks, including, but not limited to, U.S. Service Mark Application Nos. 76/014,554 and 75/939,147 (together with the goodwill of the business in connection with which the Marks are used), all for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all income, royalties, damages and payments due or payable as of the date hereof or thereafter, including, but not limited to, all claims for damages by reason of past, present or future infringement or other unauthorized use of the rights assigned hereunder, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors and assigns.

2. Assignor authorizes the Commissioner of Patents and Trademarks of the United States, or in the case of the several states in the United States or countries outside the United States, the analogous individual or agency responsible for patents, trademarks, service marks and tradenames to record, as applicable, Assignee as owner of the rights assigned hereunder, including any variations thereof, for the sole use and enjoyment of Assignee, its successors and assigns.

3. Assignor hereby represents and warrants that its right, title and interest in and to the rights assigned hereunder are free and clear of all liens and encumbrances, that it has full right to assign its interests therein, and that it has not executed and will not execute any agreement or other instrument in conflict herewith.

4. Assignor shall provide to Assignee, its successors and assigns, cooperation and assistance at Assignee's request and expense: (a) in the preparation and prosecution of any application for registration or any application for renewal of a registration covering, as applicable, any of the rights assigned hereunder; (b) in obtaining any additional patent or trademark protection, as applicable, for the rights assigned hereunder that Assignee reasonably may deem appropriate, and (c) in the implementation or perfection of this Assignment.

IN WITNESS WHEREOF, the parties hereto have caused this Assignment to be signed and executed by the officers thereunto duly authorized this 15th day of March, 2001.
