**ASSIGNMENT
OF
PATENTS AND TRADEMARKS**
(Vycom to Vycom Corp)

This Assignment of Patents and Trademarks (this "*Assignment*") is executed as of March 1, 2001, by **VYCOM**, a Pennsylvania general partnership ("*Assignor*") with its former principal office at 801 Corey Street, Moosic, Pennsylvania 18507, in favor of **VYCOM CORP.**, a Delaware corporation ("*Assignee*") with its principal office at 801 Corey Street Moosic, Pennsylvania 18507, pursuant to the Asset Purchase Agreement, dated as of February 28, 2001 (the "*Asset Sale Agreement*"), among Assignee and Compression Polymers Corp., together as purchasers, and Assignor, Compression Polymers Group, Corey Street Properties, and the selling principals identified therein, collectively as sellers.

WHEREAS, pursuant to the Asset Sale Agreement, Assignor has agreed to sell, transfer, and assign to Assignee all of Assignor's rights, title, and interest in, to, and under certain assets relating to the Vycom Business (as defined in the Asset Sale Agreement), including, without limitation, the patents and patent applications (the "*Patents*") that are listed on *Exhibit A*, and the trademarks and trademark applications (the "*Marks*") that are listed on *Exhibit B*, and the Patents and the Marks are registered in the United States Patent and Trademark Office and equivalent offices in certain other countries.

NOW, THEREFORE, for the consideration described in the Asset Sale Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby agrees as follows:

1. Incorporation. Each of Exhibit A and Exhibit B, which is attached to this Assignment, is incorporated by reference in this Assignment.

2. Patents. Assignor grants, assigns, sells and transfers to Assignee and its successors and assigns, all of Assignor's right, title, interest and ownership in, to, and under the Patents, together with the goodwill of the CPG Business attributed to the Patents and all rights, privileges, claims, causes of action and options relating or pertaining to the Patents.

3. Marks. Assignor grants, assigns, sells and transfers to Assignee and its successors and assigns, all of Assignor's right, title, interest and ownership in, to, and under the Marks, together with the goodwill of the CPG Business attributed to the Marks and all rights, privileges, claims, causes of action and options relating or pertaining to the Marks.

4. Authorizations. The Assignor authorizes and requests the Commissioner of Patents and Trademarks (a) to issue any and all letters patents of the United States with respect to the Patents and any continuations, divisionals and reissues thereof to the Assignee as assignee of the entire interest of the Assignor; and (b) to record the Patents and Marks and the registrations therefor as the property of Assignee. The Assignor represent and warrants to such commissioner that it has full right to convey the entire interest in the Patents and Marks assigned pursuant to this Assignment, and that it has not executed, and covenants that it shall not execute, any agreements inconsistent herewith.

5. Attorney-in-fact. Assignor appoints each executive officer of Assignee as Assignor's duly authorized agent and attorney-in-fact, with full power of substitution, but without any out-of-pocket expense to Assignor, to execute, file, prosecute and protect the Patents and the Marks before any government agency, court or authority. Assignor hereby waives all claims to moral or similar rights in, to, or under any of the Patents and Marks. Upon the request of Assignee and at Assignee's expense, Assignor shall execute and deliver to Assignee any additional assignments, documents and other instruments as may be necessary or desirable to fully and completely assign to Assignee all the Patents and all the Marks and to assist Assignee in applying for, obtaining, prosecuting and enforcing the Patents and the Marks in the United States and in any foreign country. If Assignee is unable for any reason whatsoever to obtain Assignor's signature or assistance, Assignor hereby irrevocably appoints Assignee, and each of its executive officers, as Assignor's duly authorized agent and attorney-in-fact, with full power of substitution, to sign, execute, and file in the name and behalf of Assignor any document required to apply for, obtain, prosecute and enforce the Patents and the Marks in the United States and in any foreign country, including renewals, extension, and divisions, and to do all other lawful acts to further the issuance or prosecution of the Patents and the Marks, all with the same legal force and effect as if done or executed by Assignor.
