# TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of October 5, 2000, is by SRAM CORPORATION, an Illinois corporation (the "Grantor"), in favor of BANK OF AMERICA, N.A., in its capacity as agent of the Lenders referred to below (the "Agent").

## W I T N E S S E T H:

WHEREAS, the Grantor and several of its subsidiaries have entered into a Credit Agreement, dated as of October 5, 2000 (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), with the several financial institutions from time to time party thereto and the Agent;

WHEREAS, the Grantor has also executed a U.S. Security Agreement, dated as of October 5, 2000 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), with the Agent; and

WHEREAS, the obligations of the Grantor under the Credit Agreement are to be secured pursuant to this Agreement and the Security Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor agrees as follows:

1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement have the meanings provided in the Security Agreement.

2. Grant of Security Interest. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor hereby collaterally assigns to the Agent for the benefit of the Lenders, and grants to the Agent for the benefit of the Lenders a continuing security interest in, Grantor's right, title and interest in and to the following, whether now or hereafter existing or acquired (the "Trademark Collateral"): trademarks, service marks, business names, designs, logos, indicia and other source and/or business identifiers, and the goodwill of the business relating thereto and all registrations or applications for registrations which have heretofore been or may hereafter be issued thereon throughout the world (including without limitation the registrations and applications listed on Schedule I hereto); books, records,

writings, computer tapes or disks, flow diagrams, specification sheets, source codes, object codes and other physical manifestations, embodiments or incorporations of any of the foregoing; the right to sue for all past, present and future infringements of any of the foregoing; and all common law and other rights throughout the world in and to all of the foregoing.

3. Security Agreement. This Agreement has been executed and delivered by the Grantor for the purpose of recording the security interest of the Agent in the Trademark Collateral with the United States Patent and Trademark Office and corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of the security interest granted to the Agent under the U.S. Security Agreement. The U.S. Security Agreement (and all rights and remedies of the Agent thereunder) shall remain in full force and effect in accordance with its terms.

4. Release of Security Interest. Upon the payment in full of all Liabilities and the termination of all commitments of the Lenders under the Credit Agreement, the Agent shall, at the Grantor's expense, execute and deliver to the Grantor all instruments and other documents as may be necessary or proper to release the lien on and security interest in the Trademark Collateral which has been granted hereunder.

5. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth therein.

IN WITNESS WHEREOF, the undersigned has caused this Agreement to be duly executed and delivered by its officer thereunder duly authorized as of the day and year first above written.
