**AMENDED AND RESTATED CONDITIONAL ASSIGNMENT
AND TRADEMARK SECURITY AGREEMENT**

THIS AMENDED AND RESTATED CONDITIONAL ASSIGNMENT AND TRADEMARK SECURITY AGREEMENT (this "Agreement") is made as of the 26th day of March, 1999, between SUPREME INTERNATIONAL CORPORATION, a Florida corporation (the "Assignor"), and NATIONSBANK, N.A., as agent for the below-described Lenders (the "Agent").

WHEREAS, the Assignor entered into that certain Amended and Restated Loan and Security Agreement dated March 31, 1998 with NationsBank, N.A., as agent (the "Original Agent") for itself and the lenders (the "Original Lenders") from time to time party thereto (the "Original Loan Agreement"); and

WHEREAS, the Original Agent and the Original Lenders assigned all of their interests in the Original Loan Agreement to the Agent and the below-described Lenders; and

WHEREAS, the Assignor is entering into that certain Amended and Restated Loan and Security Agreement dated as of March 26, 1999 (as amended, modified and restated from time to time, the "Loan Agreement") among the Assignor, certain subsidiaries of the Assignor, the lenders from time to time party thereto (the "Lenders"), and the Agent, pursuant to which the parties thereto have amended and restated the terms of the Original Loan Agreement; and

WHEREAS, as security for the Secured Obligations (as defined in the Loan Agreement) and as a condition precedent to the Lenders' obligations to make loans under the Loan Agreement, the Assignor has agreed to assign to the Agent, for the benefit of the Lenders, certain trademark rights as described herein.

NOW, THEREFORE, in consideration of the premises, the Assignor hereby agrees with the Agent as follows:

1. **Grant of Security Interest.**

To secure the complete and timely payment and performance of all Secured Obligations, the Assignor hereby grants, assigns and conveys to the Agent, for the benefit of the Lenders, a security interest in the entire right, title and interest in and to the United States and international trademarks and service marks and their respective registrations and applications for registration listed in **Schedule A** attached hereto and by reference made a part hereof, together with the goodwill of the business symbolized by such trademarks and service marks, all licenses relating thereto, and all proceeds thereof (including, without limitation, license royalties and proceeds of infringement suits), and the right to sue for past, present and future infringements (all of which

trademarks, service marks, trademark and service mark registrations, applications for registration, goodwill, licenses, proceeds, and other related rights are collectively called the "Trademarks").

2. **Representations and Warranties.**

A. The Assignor covenants and warrants that, with respect to the United States and Canadian Trademarks listed on **Schedule C** (the "Scheduled Trademarks"):

- i) To the best of the Assignor's knowledge after diligent investigation, the Scheduled Trademarks are subsisting and have not been adjudged invalid or unenforceable, in whole or in part, in their country of registration or the respective states thereof;
- ii) To the best of the Assignor's knowledge after diligent investigation, each of the Scheduled Trademarks is valid and enforceable in their country of registration and the respective states thereof;
- iii) To the best of Assignor's knowledge after diligent investigation, except as noted on **Schedule B**, the Assignor is the sole and exclusive owner of the entire and unencumbered right, title and interest in and to each of the Scheduled Trademarks, free and clear of any liens, charges, encumbrances, mortgages, hypothecations, pledges, liens, security interests or claims of any kind, and covenants by the Assignor not to sue third persons; and
- iv) The Assignor will make all necessary filings to protect and maintain its interest in the Scheduled Trademarks, including, without limitation, all necessary filings in the U.S. Patent and Trademark Office, and will diligently endeavor to ensure that the filings appear of record in the U.S. Patent and Trademark Office.

B. The Assignor further covenants and warrants that, with respect to the United States and Canadian Trademarks not listed on **Schedule C** and the other foreign trademarks (collectively, the "Other Trademarks"):

- i) To the best of the Assignor's knowledge, the Other Trademarks are subsisting and have not been adjudged invalid or unenforceable, in whole or in part, in their country of registration or the respective states thereof;
- ii) To the best of the Assignor's knowledge, each of the Other Trademarks is valid and enforceable in their country of registration and the respective states thereof;
- iii) To the best of the Assignor's knowledge, except as noted on **Schedule B**, the Assignor is the sole and exclusive owner of the entire and

unencumbered right, title and interest in and to each of the Other Trademarks; and

- iv) The Assignor will make all necessary filings to protect and maintain its interest in the Other Trademarks constituting United States Trademarks, including, without limitation, all necessary filings in the U.S. Patent and Trademark Office, and will diligently endeavor to ensure that the filings appear of record in the U.S. Patent and Trademark Office.
- C. The Assignor further covenants and warrants that:
- i) The Assignor has the unqualified right, power and authority to execute, deliver and perform this Agreement; and
 - ii) Until all of the Secured Obligations shall have been satisfied in full, the Assignor will not enter into any agreement which is inconsistent with the Assignor's obligations under this Agreement, without the Agent's prior written consent.

3. **Conditional Grant of Additional Trademarks.**

If, before the Secured Obligations shall have been satisfied in full, (i) the Assignor shall have, or obtain ownership of, any trademark or service mark, including any registration or application therefor, with respect to which the net sales of goods identified by such trademark in any consecutive 12-month period exceed \$500,000.00, or (ii) any trademarks or service marks filed by Assignor as intent-to-use applications, including, without limitation, those listed in **Schedule A** attached hereto and by reference made a part hereof, become federal registrations in the Patent and Trademark Office, the provisions of Paragraph 1 shall automatically apply thereto, and also to any composite marks, or other marks of Assignor which are confusingly similar to such mark, and the Assignor shall give to the Agent prompt written notice thereof. This Paragraph 3 shall not apply to trademarks which are owned by others and licensed to the Assignor. The Assignor shall perform all acts and execute all documents reasonably requested by the Agent at any time and from time to time to evidence, perfect, maintain, record and enforce the Agent's security interest in the Trademarks, including, without limitation, any trademarks or service marks falling under this Paragraph. All such trademarks, service marks, or registrations therefor shall be considered trademarks under this Agreement.

Furthermore, if, before the Secured Obligations shall have been satisfied in full, the Assignor has filed any intent-to-use applications, any such intent-to-use application shall be automatically included in **Schedule A**.

4. **Modification of Agreement.**

The Assignor authorizes the Agent to modify this Agreement by amending **Schedule A** to include any additional trademarks, service marks, registrations or applications for registration thereof pursuant to Paragraphs 1 and 3 hereof, and to have this Agreement, as amended, or any other document evidencing the security interest granted therein, recorded in the United States Patent and Trademark Office or, in the reasonable discretion of the Agent, in the trademark office of any relevant country at the expense of the Assignor.

5. **Covenants of Assignor.**

(a) The Assignor covenants as follows: (i) that it will maintain and assume primary responsibility for the high standard of quality which has become associated with the Trademarks; (ii) that the Agent from time to time and upon request shall have the right to inspect samples of the goods and services with respect to which the Trademarks will be used (the "Goods") and the premises at which the Goods are produced; and (iii) that the Agent shall have the right to prevent use of the Trademarks on Goods which are not of high quality, all so as to preserve the goodwill symbolized by the Trademarks.

(b) The Assignor agrees that it shall use and maintain all right, title and interest in and to the Trademarks listed on **Schedule A** ("the Designated Trademarks"), and the Assignor will not abandon or permit the expiration of any of the Designated Trademarks, unless so directed by a court of law. Should the Assignor determine that one or more of the Designated Trademarks is no longer desirable in the conduct of the business of the Assignor, or otherwise determine that the Assignor is unable, pursuant to applicable law, to maintain said Designated Trademark(s), the Assignor shall notify the Agent, in writing, of such determination prior to abandoning any such Designated Trademark(s). The Assignor further agrees that (i) it shall give the Agent written notice, and a complete copy, of any license or sublicense of the Trademarks; and (ii) on all goods bearing the Trademarks and on the first use or appearance of each Trademark in any publications, the Assignor or its licensees will include such notices of registration as are required or authorized from time to time under applicable law.

(c) With respect to each Trademark, the Assignor agrees to take all necessary steps, including, without limitation, in the U.S. Patent and Trademark Office or in the trademark office of any country or in any court, to: (i) maintain each such Trademark, and (ii) pursue each such application for trademark registration, now or hereafter included in the Trademarks under this Agreement, including, without reservation, the filing of responses to office actions issued by the Patent and Trademark Office, the filing of applications for renewal, the filing of affidavits under Sections 8 and 15 of the United States Trademark Act, and the participation in opposition, cancellation and infringement and misappropriation proceedings, unless the Assignor shall have previously determined that such use or the pursuit or maintenance thereof is no longer desirable in the conduct of the business of the Assignor and that the loss thereof will not have a materially adverse effect (in which event the Assignor shall notify the Agent in writing of such determination prior to any such action). The Assignor agrees to take corresponding steps with respect to each new or acquired trademark, trademark registration, or application therefor covered by Paragraph 3 hereof, unless the Assignor shall have previously determined that such

use or the pursuit or maintenance thereof is no longer desirable in the conduct of the business of the Assignor and that the loss thereof will not have a Materially Adverse Effect (as defined in the Loan Agreement) (in which event the Assignor shall notify the Agent in writing of such determination prior to any such action). Any and all expenses incurred in connection with such activities shall be borne by the Assignor.

6. **Remedies Upon Default; Power of Attorney.**

(a) If any Event of Default under the Loan Agreement shall have occurred, or if the Assignor fails to perform any agreement or to meet any of the obligations to the Agent hereunder, upon the election of the Agent in its sole discretion, all right, title and interest in and to the Trademarks shall be granted, assigned, conveyed and delivered to the Agent or its designee, and the Assignor hereby irrevocably constitutes and appoints the Agent and any officer, agent or employee thereof, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place and stead of the Assignor and in the name of the Assignor or the Agent's own name or the name of the Agent's designee, all acts of said attorney being hereby ratified and confirmed, except to the extent any of the same constitute gross negligence or willful misconduct, such power being coupled with an interest is irrevocable, upon the occurrence of an Event of Default: (i) to complete, date, execute and file, or cause to be filed, the Assignment attached hereto as **Exhibit A** and by reference made a part hereof (the "Assignment") in the United States Patent and Trademark Office and in all other applicable offices, and to execute and deliver any and all documents and instruments which may be necessary or desirable to accomplish the purpose of the Assignment; (ii) to collect all proceeds from the Trademarks (including, without limitation, license royalties and proceeds of infringement suits); (iii) to convey in any transaction authorized by the Loan Agreement, any goods covered by the registrations listed on **Schedule A** to any purchaser thereof; and (iv) to make payment or to discharge taxes or liens levied or placed upon or threatened against any goods covered by the registrations listed on **Schedule A**, the legality or validity thereof and the amounts necessary to discharge the same to be determined by the Agent in its sole discretion, and such payments made by the Agent to become the obligations of the Assignor to the Agent, due and payable immediately without demand.

(b) The Agent shall have, in addition to all other rights and remedies given it by this Agreement, those allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Trademarks may be enforceable, and, without limiting the generality of the foregoing, the Agent may, if any Event of Default under the Loan Agreement shall have occurred, immediately, without demand or performance and without other notice (except as set forth below) or demand whatsoever to the Assignor, all of which are hereby expressly waived, and without advertisement, sell at public or private sale or otherwise realize upon, the Trademarks, together with the goodwill of the business symbolized by the Trademarks, and after deducting from the proceeds of sale or other disposition of the Trademarks all expenses (including all reasonable expenses for brokers' fees and legal services), shall apply the residue of such proceeds in accordance with the Loan Agreement. Notice of any sale or other disposition of the Trademarks shall be given to the Assignor at least ten (10) days before the time of any intended public or private sale or other disposition of the Trademarks is to be made, which the Assignor hereby agrees shall be reasonable notice of such

sale or other disposition. At any such sale or other disposition, the Agent may, to the extent permissible under applicable law, purchase the whole or any part of the Trademarks sold, free from any right of redemption on the part of the Assignor, which right is hereby waived and released. The Assignor hereby agrees to execute any documents reasonably requested by the Agent in connection with any disposition hereunder.

7. **Termination of Agreement.**

At such time as the Assignor shall completely satisfy all of the Secured Obligations and the Lenders shall have no further obligations to lend under the Loan Agreement, the Agent shall execute and deliver to the Assignor all deeds, assignments and other instruments as may be necessary or proper to re-vest in the Assignor unencumbered title to the Trademarks and the goodwill of the business symbolized by the Trademarks, subject to any disposition thereof which may have been made by the Agent pursuant hereto.

8. **Limitation of Liability and Indemnification.**

The Assignor hereby releases the Agent and each Lender from, and agrees to hold the Agent and each Lender free and harmless from and against, any claims arising out of any action taken or omitted to be taken with respect to the Trademarks (except to the extent of the Agent's or any Lender's gross negligence or willful misconduct), and the Assignor agrees to indemnify the Agent and each Lender from and against any and all claims, demands, suits, losses, damages or other expenses (including reasonable attorneys' fees actually incurred) arising from or in any way related to the Trademarks, and any trademark infringement claim.

9. **Waiver and Amendment.**

(a) No course of dealing between the Assignor and the Agent or any Lender, nor any failure to exercise, nor any delay in exercising, on the part of the Agent or any Lender, any right, power or privilege hereunder or thereunder shall preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

(b) This Agreement is subject to modification only by a writing signed by the parties hereto.

10. **Cumulative Rights.**

All of the Agent's rights and remedies with respect to the Trademarks, whether established hereby or under the Loan Agreement, or by any other agreements or by law, shall be cumulative and may be exercised singularly or concurrently.

11. Severability.

The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

12. Survival.

The benefits and burdens of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties.

13. Counterparts.

This Agreement may be executed in one or more counterparts, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

14. Choice of Law.

The validity, construction and enforcement of this Agreement, and the determination of the rights and duties of the parties shall be governed by the laws of the State of Georgia regardless of any choice of law or other provision that would result in the application of the laws of any other jurisdiction.

IN WITNESS WHEREOF, the undersigned have executed this Agreement as of the day and year first above written.
