**TRADEMARK AND TRADEMARK  
APPLICATIONS SECURITY AGREEMENT**

April 30, 2001

TRADEMARK AND TRADEMARK APPLICATIONS SECURITY AGREEMENT dated as of April 30, 2001 (the "TM Security Agreement") by and among PETsMART, Inc., PETsMART.com, Inc., STATE LINE TACK, INC., and Weise Vet Supply, Inc., (each, referred to individually as "Assignor" and, collectively as the "Assignors"); and FLEET RETAIL FINANCE INC., a Delaware corporation ("FRF"), as collateral agent (in such capacity, the "Collateral Agent") for the Secured Parties (as defined in the Credit Agreement referred to below) in consideration of the mutual covenants contained herein and benefits to be derived herefrom.

WITNESSETH:

1. **BACKGROUND:** Reference is made to the Credit Agreement of even date herewith (as amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Borrowers, FRF, as Administrative Agent and Collateral Agent for the Lenders, Fleet National Bank, as Issuing Bank, Congress Financial Corporation (Western), as Co-Agent, and Fleet Securities Inc., as Syndication Agent and Arranger. Capitalized terms used herein and not defined herein shall have the meanings assigned to such terms in the Credit Agreement.

2. **GRANT OF SECURITY INTEREST:** To secure the Obligations, Assignor hereby creates a security interest in favor of the Collateral Agent (for the benefit of the Secured Parties), with power of sale (which power of sale shall be exercisable only following the occurrence of, and during the continuance of, an Event of Default) in and to the following and all proceeds thereof (collectively, the "**TM Collateral**");

(a) All of Assignor's now owned or existing or hereafter acquired or arising trademarks, trademark applications, service marks, registered service marks and service mark applications including, without limitation, those listed on **EXHIBIT A** annexed hereto and made a part hereof, together with any goodwill connected with and symbolized by any such trademarks, trademark applications, service marks, registered service marks, and service mark applications.

(b) All renewals of any of the foregoing.

(c) All income, royalties, damages and payments now and hereafter due and/or payable under and with respect to any of the foregoing, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements or dilutions thereof.

(d) The right to sue for past, present and future infringements and dilutions of any of the foregoing.

(e) All of Assignor's rights corresponding to any of the foregoing throughout the world.

The TM Collateral shall not include: (a) any rights or property acquired under a license or contract right that prohibits Liens on or collateral assignments of such rights or property, provided that the proceeds therefrom shall not be excluded from the definition of TM Collateral to the extent that the assignment of such proceeds is not prohibited, (b) or any intent to use application at the United States Patent and Trademark Office with respect to intellectual property to the extent an assignment for security purposes would void the same.

3. **PROTECTION OF MARKS BY ASSIGNOR:** Assignor shall undertake the following with respect to each items respectively described in Sections 2(a) and 2(b) (collectively, the "**Marks**"):

(a) Except for Marks that become obsolete, abandoned, or where such renewal is economically impractical in the reasonable discretion of the Assignor, pay all renewal fees and other fees and costs associated with maintaining the Marks and with the processing of the Marks.

(b) At Assignor's sole cost, expense, and risk, pursue the prompt, diligent, processing of each Application for Registration which is the subject of the security interest created herein and not abandon or delay any such efforts.

(c) At Assignor's sole cost, expense, and risk, take any and all action which Assignor deems desirable to protect the Marks, including, without limitation, but subject to Assignor's discretion, the prosecution and defense of infringement actions.

4. **ASSIGNOR'S REPRESENTATIONS AND WARRANTIES:** Assignor represents and warrants that:

(a) **EXHIBIT A** includes all of the registered trademarks, Federal trademark applications, registered service marks and Federal service mark applications now owned by Assignor.

(b) All TM Collateral is and shall remain, free and clear of all Liens, encumbrances, or security interests to any Person other than to the Collateral Agent.

(c) Concurrent with the delivery of the quarterly financial statements required to be delivered by the Lead Borrower pursuant to Section 5.01(b) of the Credit Agreement, the Lead Borrower shall give the Collateral Agent written notice (with reasonable detail) of the occurrence, during the most recently completed fiscal quarter of the Lead Borrower, of any of the following:

(i) Assignor's obtaining rights to, and filing applications for registration of, any new trademarks, or service marks, or otherwise acquires ownership of any newly registered trademarks, registered service marks, trademark applications, or service mark applications, (other than Assignor's right to sell products containing the trademarks of others in the ordinary course of Assignor's business).

(ii) Assignor's becoming entitled to the benefit of any registered trademarks, trademark applications, trademark licenses, trademark license renewals, registered service marks, service mark applications, service mark licenses or service mark license renewals whether as licensee or licensor (other than Assignor's right to sell products containing the trademarks of others in the ordinary course of Assignor's business).

(iii) Assignor's entering into any new trademark license agreement or service mark license agreement.

**5 AGREEMENT APPLIES TO FUTURE MARKS:**

(a) The provisions of this TM Security Agreement shall automatically apply to any such additional property or rights described in 4(c), above, all of which shall be deemed to be and treated as "Marks" within the meaning of this TM Security Agreement.

(b) Assignor hereby authorizes the Collateral Agent to take all such action to protect the Collateral Agent's interest in and concerning any future registered trademarks, trademark applications, registered service marks and service mark applications, written notice of which is so given, provided, however, the Collateral Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

**6. ASSIGNOR'S RIGHTS TO ENFORCE MARKS:** Prior the Collateral Agent's giving of notice to Assignor following the occurrence and during the continuance of an Event of Default, Assignor shall have the exclusive right to sue for past, present and future infringement of the Marks including the right to seek injunctions and/or money damages, in an effort by Assignor to protect the Marks against encroachment by third parties, provided, however:

(a) Assignor first provides the Collateral Agent with written notice of Assignor's intention to so sue for enforcement of any Mark.

(b) Any money damages awarded or received by Assignor on account of such suit (or the threat of such suit) shall constitute TM Collateral.

(c) Following the occurrence and during the continuance of any Event of Default, the Collateral Agent, by notice to Assignor may terminate or limit Assignor's rights under this Section 6.

**7. COLLATERAL AGENT'S ACTIONS TO PROTECT MARKS:** In the event of

(a) Assignor's failure, within Five (5) days of written notice from the Collateral Agent, to cure any failure by Assignor to perform any of Assignor's Obligations set forth in Section 3; and/or

(b) the occurrence and during the continuance of any Event of Default, the Collateral Agent, acting in its own name, on behalf of the Secured Parties, or in that of Assignor, may (but shall not be required to) act in Assignor's place and stead and/or in the Collateral Agents' own right in connection therewith.

**8. RIGHTS UPON DEFAULT:** Upon the occurrence and during the continuance of any Event of Default, the Collateral Agent, on behalf of the Secured Parties, may exercise all rights and remedies of a secured party upon the occurrence and during the continuance of a default under the Uniform Commercial Code as adopted in Massachusetts (Massachusetts General Laws, Chapter 106), with respect to the Marks, in addition to which the Collateral Agent may sell, license, assign, transfer, or otherwise dispose of the Marks. Any person may conclusively rely upon an affidavit of an officer of the Collateral Agent that an Event of Default has occurred and is continuing and that the Collateral Agent is authorized to exercise such rights and remedies.

**9. COLLATERAL AGENT AS ATTORNEY IN FACT:**

(a) Assignor hereby irrevocably constitutes and designates the Collateral Agent as and for Assignor's attorney in fact, effective following the occurrence and during the

continuance of any Event of Default:

(i) To exercise any of the rights and powers referenced in Sections 3 and 5(b).

(ii) To execute all such instruments, documents, and papers as the Collateral Agent determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Marks.

(b) The grant of a power of attorney, being coupled with an interest, shall be irrevocable until this TM Security Agreement is terminated by a duly authorized officer of the Collateral Agent.

(c) The Collateral Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9(a) herein, but if the Collateral Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to Assignor for losses, claims, damages, liabilities or related expenses resulting from the Collateral Agent's or the Secured Parties' gross negligence or willful misconduct, or the gross negligence or willful misconduct of any Affiliate of the Collateral Agent or the Secured Parties, or any officer, director, employee, advisor or agent of the Collateral Agent or the Secured Parties, or any Affiliate of the Collateral Agent or the Secured Parties.

**10. COLLATERAL AGENT'S RIGHTS:**

(a) Any use by the Collateral Agent of the Marks, as authorized hereunder in connection with the exercise of the Collateral Agent's rights and remedies under this TM Security Agreement and under the Loan Agreement shall be coextensive with Assignor's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

(b) None of this TM Security Agreement, the Loan Agreement, or any act, omission, or circumstance taken or arising hereunder may be construed as directly or indirectly conveying to the Collateral Agent any rights in and to the Marks, which rights are effective except following the occurrence and during the continuance of any Event of Default.

**11. INTENT:** It is intended that this TM Security Agreement supplement the Loan Agreement. All provisions of the Loan Agreement shall apply to the Marks. The Collateral Agent, on behalf of the Secured Parties, shall have the same rights, remedies, powers, privileges and discretions, with respect to the security interests created in the TM Collateral as in all other Collateral. In the event of a conflict between this TM Security Agreement and the Loan Agreement, the terms of this TM Security Agreement shall control with respect to the TM Collateral and the Loan Agreement with respect to all other Collateral.

**12. CHOICE OF LAWS:** It is intended that this TM Security Agreement take effect as a sealed instrument and that all rights and obligations hereunder, including matters of construction, validity, and performance, shall be governed by the laws of The Commonwealth of Massachusetts.

IN WITNESS WHEREOF, Assignors and the Collateral Agent respectively have caused this TM Security Agreement to be executed by their respective duly authorized officers as of the date first above written.
