**PARTIAL RELEASE AND AMENDMENT OF COLLATERAL GRANT  
OF SECURITY INTEREST OF PATENTS AND TRADEMARKS**

This PARTIAL RELEASE AND AMENDMENT OF COLLATERAL GRANT OF SECURITY INTEREST OF PATENTS AND TRADEMARKS (this "Amendment") is made on this \_\_\_ day of April, 2001, by and between ONSTATION CORPORATION f.k.a. CARSTATION.COM, INC. ("Grantor") and COMDISCO, INC. ("Grantee").

**WHEREAS**, Grantor granted Grantee a security interest in certain Patents and Trademarks pursuant to the Collateral Grant of Security Interest of Patents and Trademarks dated as of November 22, 1999 (the "Original Agreement").

**WHEREAS**, Grantor desires the partial release of Grantee's security interest in certain patents and trademarks and Grantee desires certain patents and trademarks to be added to the list of patents and trademarks subject to its security interest.

**NOW THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agrees as follows:

1. Partial Release of Grant of Security Interest in Intellectual Property Collateral.

Grantee hereby releases its continuing security interest in Grantor's now existing or hereafter acquired right, title, and interest in all of the following Patents, Patent Licenses, and applications for Patents listed on Schedule A and the Trademarks, Trademark Licenses, and applications for Trademarks, including those listed on Schedule B. The Original Agreement remains in effect with respect to the remainder of the collateral described on the schedules and/or exhibits to said Agreement.

2. Additional Grant of Security Interest in Intellectual Property Collateral. To secure the prompt and complete payment, performance and observance of the Secured Obligations, Grantor hereby adds to the original grant of a continuing security interest in all of Grantor's now existing or hereafter acquired right, title, and interest in all of the following (all of the following items or types of property being herein collectively referred to as the "Intellectual Property Collateral") made in the Original Agreement's grant to Grantee, whether now existing or hereafter arising:

(i) all Patents, Patent Licenses, and applications for Patents, including those listed on Schedule C (excluding those set forth on Schedule A);

(ii) all Trademarks, Trademark Licenses, and applications for Trademarks, including those listed on Schedule D (excluding those set forth on Schedule B);

(iii) all Proceeds of the foregoing.

3. Authorization. Grantor hereby authorizes and requests that the Commissioner of Patents and Trademarks record this Amendment and the interests herein released and granted.

4. Loan Agreement. The security interest in the Intellectual Property Collateral is granted to secure the Secured Obligations under and pursuant to the Subordinated Loan and Security Agreement dated as of November 22, 1999 by and between Grantor and Grantee (the "Loan Agreement"). Grantor does hereby further acknowledge and affirm that the rights and remedies of Grantee with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. All capitalized terms and rules of construction used herein but not defined or established herein shall be applied herein as defined or established in the Loan Agreement.

5. Governing Law. This Amendment shall be deemed made and accepted in and shall be governed by and construed in accordance with the laws of the State of Illinois without regard to the conflicts of law principles hereof, and (where applicable) the laws of the United States of America.

6. Further Assurances. At any time and from time to time, upon the written request of Grantee, and at the sole expense of Grantor, Grantor will promptly and duly execute and deliver such further instruments and documents and take such further action as Grantee may reasonably request for the purpose of obtaining or preserving the full benefits of this Amendment, the Loan Agreement and of the rights and powers herein and therein granted, including, without limitation, the filing of any additional, supplemental, or amended Collateral Grant of Security Interest of Patents and Trademarks with the U.S. Patent and Trademark Office, or the filing of any financing statements or continuation statements under the Uniform Commercial Code in effect in any jurisdiction with respect to the Liens created hereby or any Loan Document.

7. Grantee's Right to Sue. From and after the occurrence and during the continuance of an Event of Default, subject to the terms of the Loan Agreement, Grantee shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce its interests in and to the Intellectual Property Collateral, and, if Grantee shall commence any such suit, Grantor shall, at the request of Grantee, do any and all lawful acts and execute and deliver any and all proper documents, instruments or information that may be necessary or desirable to aid Grantee in such enforcement and Grantor shall promptly, upon demand, reimburse and indemnify Grantee for all costs and expenses, including reasonable attorneys' fees, incurred by Grantee in the exercise of the foregoing rights.

8. Termination: This Amendment is made for purposes of securing the Secured Obligations under the Loan Agreement and upon full and complete compliance with the terms and conditions of the Loan Agreement and satisfaction of all Secured Obligations thereunder, this Amendment shall terminate and Grantee shall execute and deliver to Grantor all agreements, assignments or instruments as may be necessary or proper to terminate Grantee's security interest in the Patents and Trademarks, subject to any disposition thereof which may have been made by Grantee pursuant hereto or pursuant to the Loan Agreement.

9. **Modification.** This Amendment cannot be altered, amended or modified in any way, except as specifically provided by a writing signed by Grantor and Grantee.

10. **Binding Effect.** This Amendment shall be binding upon Grantor and its respective successors and assigns, and shall inure to the benefit of Grantee, its nominees and assigns.
