INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (as may be amended, supplemented and otherwise modified from time to time, "Intellectual Property Security Agreement") is made and effective as of May 18, 2001, by **THE MUSEUM COMPANY, INC., OMNIA, INC., MUSEUM CORP., and MC.COM MERGER CORP.** as debtors (including any successor or permitted assignee thereof, collectively, the "Grantors" and each a "Grantor"), in favor of WELLS FARGO RETAIL FINANCE, LLC ("Lender"). Capitalized terms used in this Intellectual Property Security Agreement and not otherwise defined shall have the same meanings herein as in the Loan Agreement referred to below.

RECITALS

WHEREAS, Grantors and the Lender have entered into a Loan and Security Agreement dated as of the date hereof (as amended, restated, modified, extended and/or supplemented from time to time, the "Loan Agreement"), pursuant to which the Lender has agreed, subject to the terms and conditions set forth therein, to make certain advances, cause the issuance of letters of credit and provide financial accommodations to the Grantors (collectively, the "Loans"); and

WHEREAS, pursuant to the Loan Agreement, a condition precedent to the obligation of the Lender to execute and perform under the Loan Agreement is that Grantors shall have executed and delivered this Intellectual Property Security Agreement to the Lender; and

WHEREAS, Grantors have determined that it is in their best interest to execute this Intellectual Property Security Agreement inasmuch as they will derive substantial direct and indirect benefits from the making of the Loans by the Lender to the Grantors and the other financial accommodations provided to Grantors under the Loan Agreement;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, Grantors and Lender hereby agree as follows:

1. Grant. To secure the Grantors' prompt, punctual and faithful performance of all and each of the Liabilities, each of the Grantors hereby grants to Lender a continuing first priority security interest in all of the right, title and interest of such Grantor in and to the following (collectively, the "Collateral"):

(a) The U.S and foreign copyrights, associated copyright registrations and applications for copyright registration, and copyright licenses set forth on Schedule A attached hereto (collectively, the "Copyrights"); and

(b) The U.S. and foreign patents and patent applications, and patent licenses set forth on Schedule B attached hereto, including, without limitation, improvements,

divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same (collectively, the "Patents"); and

(c) The U.S., state and foreign trademark and service mark registrations, trademark and service mark applications, and trademark and service mark licenses set forth on Schedule C attached hereto (including all associated goodwill, collectively, the "Trademarks"); and

(d) The domain names and registrations set forth on Schedule D attached hereto (including all associated goodwill, collectively, the "Domain Names"); and

(e) Any and all claims and causes of action for past, present or future infringement of any of the Collateral, with the right, but not the obligation, to sue for and collect damages for infringement of the Collateral; and

(f) Any and all licenses or rights granted under any of the Collateral, and all license fees and royalties arising from such licenses or rights, to the extent permitted by such licenses or rights; and

(g) Any and all amendments, renewals, extensions, reissuances and replacements of any of the Collateral; and

(h) Any and all products and proceeds of any of the foregoing.

2. Requested Recordation. Grantors authorize and request that the Register of Copyrights and the Commissioner of Patents and Trademarks (and any state, foreign or other authorities to which this Intellectual Property Security Agreement is submitted) to file and record this Intellectual Property Security Agreement (and any corresponding or separate application forms of such jurisdiction) in order to publicly reflect Lender's interest in the Collateral.

3. Assignment. Upon the occurrence of and during continuation of an Event of Default (as defined in the Loan Agreement), Grantors shall execute and deliver to Lender an absolute assignment transferring their entire right, title, and interest in and to the Collateral to Lender.

4. Power of Attorney. Grantors hereby irrevocably grant Lender a power of attorney, to act as Grantors' attorney-in-fact, with full authority in the name, place and stead of Grantors, from time to time in Lender's discretion, to take any action and to execute any instrument which Lender may deem reasonably necessary or advisable to accomplish the purposes of the Loan Agreement or this Intellectual Property Security Agreement. This authority includes, without limitation, the following:

(a) To modify or amend (in Lender's sole discretion and without first obtaining Grantors' approval of or signature thereto) Schedule A, Schedule B, Schedule C, and/or Schedule D hereof, as appropriate, to include references to any registered intellectual property (or application or license therefor) acquired by Grantors after the execution hereof or to delete any reference to any Collateral in which Grantors no longer have or claim any right, title or interest; and

(b) To execute, file and pursue (in Lender's sole discretion and without first obtaining Grantors' approval of or signature thereto, unless otherwise prohibited by applicable law) any application, form or other document in order to perfect, maintain, continue or otherwise protect Lender's interest or Grantors' rights in the Collateral, including, without limitation, executing and filing (i) any financing statement, any continuation statement or any amendment thereto, and (ii) any document in any proceeding before the United States Patent and Trademark Office, the United States Copyright Office or the relevant office of any state or foreign jurisdiction (including, without limitation, the filing of applications for renewal, affidavits of use, affidavits of incontestability and opposition, interference and cancellation proceedings) and to pay any fees and taxes in connection therewith or otherwise; and

(c) To execute any document required to acknowledge, register or perfect Lender's interest in any part of the Collateral without the signatures of Grantors unless prohibited by applicable law.

The foregoing power of attorney is coupled with an interest and is irrevocable.

5. Release. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the Collateral will revert to Grantors) upon satisfaction of the following conditions: (a) payment and performance in full of all the Liabilities secured hereby (unconditionally and indefeasibly) and (b) the termination of the Loan Agreement. Upon any such termination, Lender (at Grantors' request and sole expense) will promptly execute and deliver to Grantors (without any representation, warranty or recourse of any kind whatsoever) such documents as Grantors may reasonably request and provide to Lender to evidence such termination.

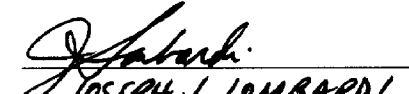

6. Miscellaneous. This Intellectual Property Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to Lender under the Loan Agreement. The rights and remedies of Grantors and Lender with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Loan Agreement, all terms and provisions of which are hereby incorporated herein by reference. This Intellectual Property Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one document; each such counterpart will be deemed to be an original but all counterparts together will constitute one and the same instrument. In the event that any provisions of this Intellectual Property Security Agreement are deemed to conflict with the Loan Agreement or the other Loan Documents, the provisions of the Loan Agreement or the other Loan Documents shall govern.

IN WITNESS WHEREOF, the parties hereto have executed this Intellectual Property Security Agreement, as an instrument under seal (whether or not any such seals are physically attached hereto), through their duly authorized officers, as of the date first written above.
