### **Recitals**

**WHEREAS**, Seller and Purchase have entered into a certain Asset Purchase Agreement dated as of May 18, 2001 (the "Asset Purchase Agreement") providing, among other things, for the sale by Seller and the purchase by Purchaser of the Assets (as defined in the Asset Purchase Agreement);

**WHEREAS**, the Assets include a certain trademark owned by Seller and more particularly described below;

**WHEREAS**, in order to effectuate the sale and purchase of the trademark owned by Seller, Seller is executing and delivering this Trademark Assignment;

**NOW, THEREFORE**, in consideration of the premises, the mutual covenants and agreements contained herein and in the Asset Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby agrees as follows:

1. Defined Terms. All capitalized terms used in this Trademark Assignment without definition shall have the meanings assigned to them in the Asset Purchase Agreement.

2. Assignment of Trademark. Seller hereby SELLS, CONVEYS, TRANSFERS, ASSIGNS AND DELIVERS unto Purchaser and its successors and assigns, forever, all right, title, and interest of Seller in the below described trademark, together with all translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith, and all applications, registrations, and renewals in connection therewith owned or used by Seller and all fees or royalties, if any, with respect to same, any and all rights to foreign counterparts and rights to file foreign counterparts, and including without limitation (i) the right to sue for past, present and future infringement and damages therefor, (ii) licenses thereunder, and (iii) all proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of the foregoing, all as presently existing or hereafter arising or acquired, including without limitation the United States federal trademark:

(such rights and trademark being collectively referred to as the "Assigned Trademark"). By virtue of the assignment effectuated hereunder, Purchaser shall own and hold the Assigned Trademark, for its own use and enjoyment, and for the use and enjoyment of its successors and

3. Further Assurances. From time to time, as and when requested by Purchaser, Seller shall execute and deliver, or cause to be executed and delivered, such documents and instruments and shall take, or cause to be taken, such further or other actions as may be reasonably necessary to carry out the purposes of this Trademark Assignment. From time to time, as and when requested by Purchaser, Seller shall provide such litigation support as necessary to prosecute and/or defend any intellectual property law claims of any type or nature arising from or in connection with, in whole or in part, the Assigned Trademark including, without limitation, providing written statements and affidavits for use in litigation and providing live testimony at hearings, depositions, and trials; provided such actions do not require Seller to incur any out-of-pocket expenses not required to be paid by Seller under the Asset Purchase Agreement.

4. Seller's Representations and Warranties. The representations and warranties of Seller set forth in Section 6.10 of the Asset Purchase Agreement are incorporated herein by reference for all purposes, and such representations and warranties shall survive the execution and delivery of this Trademark Assignment in accordance with the terms of the Asset Purchase Agreement.

6. Successors and Assigns. This Trademark Assignment shall bind Seller and its successors and assigns and inure to the benefit of Purchaser and its successors and assigns.
