D. The Lender desires to have the interest of the Lender in such Trademarks confirmed by a document identifying the same and in such form that it may be recorded in the United States Patent and Trademark Office.

The foregoing grant of a security interest and assignment is a present grant of a collateral assignment and, upon the occurrence of an Event of Default and notice to the Assignor from the Lender, and subject to the filing with and notice to the United States Patent and Trademark Office, shall become an absolute assignment in favor of the Lender or in favor of such person as the Lender may designate, and may be the subject of such confirmatory instruments as the Lender may elect, which instruments shall be conclusive evidence of the Event of Default and absolute assignment.
