ASSIGNMENT

WHEREAS, Baker Hughes Incorporated, a corporation duly organized and existing under and by virtue of the laws of the State of Delaware, with a place of business at 3900 Essex Lane, Houston, Texas 77027, and its Affiliates identified below (herein called "Assignors"), are the owners of certain new and useful inventions as described in the patent applications and patents listed in Schedule A, the trademark applications and registrations listed in Schedule B and the copyrighted works listed in Schedule C (all such inventions, patents, patent applications, trademark applications, trademark registrations and copyrighted works collectively referred to as "Intellectual Property"); and

WHEREAS, Petreco, Inc., a company duly organized and existing under and by virtue of the laws of the State of Delaware and having a principal place of business at Houston, Texas (herein called "Assignee"), is desirous of acquiring and Assignors are desirous of assigning to Assignee all right, title and interest in and to said Intellectual Property.

NOW, THEREFORE, Assignors, for and in consideration of One Dollar (\$1.00) cash in hand paid to it and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, do hereby SELL, ASSIGN and CONVEY unto Assignee all United States right, title, and interest to:

1. Said Intellectual Property;
2. Any continuations, divisionals, reissues, and reexaminations issuing from any patents and patent applications related to the Intellectual Property and filed by the Assignee;

3. All rights of action on account of past, present and future infringement of said Intellectual Property; and
4. The right for the Assignee to register any of the Intellectual Property owned by or transferred to the Assignee in its own name.

Assignors will, at Assignee's request, promptly do all acts and things and execute all documents and deeds which are reasonably necessary or desirable for giving full effect to the assignment contained herein.
