INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (together with all amendments, if any, from time to time hereto, this "Agreement"), dated as of August 8, 2001, is made by each of the grantors identified as such on the signature pages hereof (collectively referred to herein as "Grantors" and individually as a "Grantor"), GENERAL ELECTRIC CAPITAL CORPORATION, a Delaware corporation, individually and as agent (in such capacity, "US Agent") for itself and the US Lenders from time to time signatory to the Credit Agreement, as hereinafter defined ("US Lenders"), and GENERAL ELECTRIC CAPITAL CANADA INC., a Canada corporation, as Canadian Agent (in such capacity, "Canadian Agent," together with US Agent, "Agents"), for itself and the Canadian Lenders from time to time signatory to the Credit Agreement, as hereinafter defined ("Canadian Lenders"; and US Lenders and Canadian Lenders, collectively, "Lenders").

WITNESSETH:

WHEREAS, pursuant to that certain Senior Secured, Super-Priority Debtor-in-Possession Credit Agreement dated as of the date hereof by and among the Borrowers (as defined therein), Grantors, the other Persons named therein as Credit Parties, US Agent, Canadian Agent and the Persons signatory thereto from time to time as US Lenders and Canadian Lenders (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Credit Agreement"), Lenders have agreed to make Loans to, and incur Letter of Credit Obligations for the benefit of, Borrowers;

WHEREAS, Lenders are willing to make the Loans and to incur Letter of Credit Obligations as provided for in the Credit Agreement, but only upon the condition, among others, that Grantors shall have executed and delivered to Agent this Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantors hereby agree as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in Annex A to the Credit Agreement.
2. GRANT OF SECURITY INTEREST IN INTELLECTUAL PROPERTY COLLATERAL.

2.1 Grant of Security Interest. To secure the complete and timely payment of all the Obligations of Grantor now or hereafter existing from time to time, each Grantor hereby pledges and grants to each Agent, on behalf of itself and the Applicable Lenders under each Facility, a continuing first priority security interest in all of Grantors' right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Intellectual Property Collateral"):

(a) all of its Patents and Patent Licenses to which it is a party including those referred to on Schedule I hereto;

(b) all of its Trademarks and Trademark Licenses to which it is a party including those referred to on Schedule II hereto;

(c) all of its Copyrights and Copyright Licenses to which it is a party including those referred to on Schedule III hereto;

(d) all reissues, continuations or extensions of the foregoing;

(e) all goodwill of the business connected with the use of, and symbolized by, each Patent, each Patent License, each Trademark, each Trademark License, each Copyright and each Copyright License; and

(f) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future (i) infringement or dilution of any Patent or Patent licensed under any Patent License, (ii) injury to the goodwill associated with any Patent or any Patent licensed under any Patent License, (iii) infringement or dilution of any Trademark or Trademark licensed under any Trademark License, (iv) injury to the goodwill associated with any Trademark or any Trademark licensed under any Trademark License, (v) infringement or dilution of any Copyright or Copyright licensed under any Copyright License, and (vi) injury to the goodwill associated with any Copyright or any Copyright licensed under any Copyright License.

2.2 Certain Limited Exclusions. Notwithstanding anything herein to the contrary, in no event shall the Collateral include, and no Grantor shall be deemed to have granted a security interest in, any of such Grantor's right, title or interest (a) in any Intellectual Property Collateral if the grant of such security interest shall constitute or result in the abandonment, invalidation or rendering unenforceable any right, title or interest of any Grantor therein (other than to the extent that any such term would be rendered ineffective pursuant to Section 9-318(4) of the Uniform Commercial Code or any successor provision or provisions, including, without limitation, Section 9-406 of Revised Article 9) or (b) in any license, contract or agreement to which such Grantor is a party or any of its rights or interests thereunder, to the extent, but only to the extent, that such a grant would, under the terms of such license, contract or agreement, or otherwise,

result in a breach or termination of the terms of, or constitute a default under or termination of any such license, contract or agreement (other than to the extent that any such term would be rendered ineffective pursuant to Section 9-318(4) of the Uniform Commercial Code or any successor provision or provisions, including, without limitation, Section 9-406 of Revised Article 9), of any relevant jurisdiction or any other applicable law (including Title 11 of the United States Code or any successor statute) or principles of equity; provided that, immediately upon the ineffectiveness, lapse or termination of any such provision, the Collateral shall include, and such Grantor shall be deemed to have granted a security interest in, all such rights and interests as if such provision had never been in effect.

3. REPRESENTATIONS AND WARRANTIES. Each Grantor represents and warrants that such Grantor does not have any interest in, or title to, any Patent, Trademark or Copyright except as set forth in Schedule I, Schedule II and Schedule III, respectively, hereto. This Agreement is effective to create a valid and continuing Lien on and, upon the filing hereof with the United States Patent and Trademark Office and the United States Copyright Office, perfected security interests in favor of each Agent in all of such Grantor's Patents, Trademarks and Copyrights and such perfected security interests are enforceable as such as against any and all creditors of, and purchasers from, such Grantor. Upon filing of this Agreement with the United States Patent and Trademark Office and the United States Copyright Office and the filing of appropriate financing statements listed on Schedule I to the US Borrower Security Agreements and on Schedule I to the US Subsidiary Security Agreements, all action necessary or advisable, under applicable law, to protect and perfect each Agent's Lien on Grantor's Patents, Trademarks and Copyrights shall have been duly taken.

4. COVENANTS. Each Grantor covenants and agrees with each Agent, on behalf of itself and the Applicable Lenders under each Facility, that from and after the date of this Agreement and until the Termination Date:

(a) Such Grantor shall notify each Agent immediately if it knows or has reason to know that any application or registration relating to any Patent, Trademark or Copyright (now or hereafter existing) is reasonably likely to become abandoned or dedicated, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding such Grantor's ownership of any Patent, Trademark or Copyright, its right to register the same, or to keep and maintain the same.

(b) In no event shall such Grantor, either directly or through any agent, employee, licensee or designee, file an application for the registration of any Patent, Trademark or Copyright with the United States Patent and Trademark Office, the United States Copyright Office or any similar office or agency without giving each Agent simultaneous written notice thereof, and, upon request of either Agent, such Grantor shall

execute and deliver a supplement hereto (in form and substance reasonably satisfactory to such Agent) to evidence such Agent's Lien on such Patent, Trademark or Copyright, and the General Intangibles of such Grantor relating thereto or represented thereby.

(c) Such Grantor shall take all actions necessary or reasonably requested by either Agent to maintain and pursue each application, to obtain the relevant registration and to maintain the registration of each of the Patents or Trademarks (now or hereafter existing), including the filing of applications for renewal, affidavits of use, affidavits of noncontestability and opposition and interference and cancellation proceedings.

(d) In the event that any of the Intellectual Property Collateral is infringed upon, or misappropriated or diluted by a third party, such Grantor shall notify each Agent promptly after such Grantor learns thereof. Such Grantor shall, unless it shall reasonably determine that such Intellectual Property Collateral is in no way material to the conduct of its business or operations, promptly take all reasonable steps to cause cessation thereof, including without limitation, commencing suit for infringement, misappropriation or dilution and to recover any and all damages for such infringement, misappropriation or dilution, or otherwise obtain appropriate equitable relief, and shall take such other actions as either Agent shall deem reasonably appropriate under the circumstances to protect such Intellectual Property Collateral.

5. SECURITY AGREEMENTS. The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted to Agent pursuant to the US Borrower Security Agreements and the US Subsidiary Security Agreements. Grantors hereby acknowledge and affirm that the rights and remedies of Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the US Borrower Security Agreements and the US Subsidiary Security Agreements, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

6. REINSTATEMENT. This Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against any Grantor for liquidation or reorganization, should any Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. NOTICES. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give and serve upon any other party any communication with respect to this Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be given in the manner, and deemed received, as provided for in the Credit Agreement.

8. TERMINATION OF THIS SECURITY AGREEMENT. Subject to Section 6 hereof, this Agreement shall terminate upon the Termination Date.

IN WITNESS WHEREOF, Grantors have caused this Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
