ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS ASSIGNMENT AND ASSUMPTION AGREEMENT ("Agreement") is entered into as of November 14, 1999 between Auto-Soft Corporation, a Utah corporation ("ASC" or the "Assignor"), and its sole stockholder, Daifuku America Corporation, an Illinois corporation ("DAC" or the "Assignee").

WHEREAS, DAC proposes to sell the business of ASC, exclusive of the so-called FADA Business, to Brooks Automation, Inc. ("Brooks") by means of a triangular merger pursuant to a certain Agreement and Plan of Merger ("Merger Agreement"); and

WHEREAS, in order to separate the FADA Business from ASC prior to its sale to Brooks, Brooks and DAC have agreed that ASC should transfer the FADA Business (including both assets and liabilities) to DAC; and

WHEREAS, the board of directors of ASC has, by unanimous written consent dated November 14, 1999, voted to declare as a dividend to DAC the assets, liabilities and goodwill of the FADA Business.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignor hereby conveys, transfers and assigns to Assignee all of its right, title and interest in and to all of the assets of the FADA Business, including without limitation:

- (a) the fixed assets of the FADA Business, including but not limited to those fixed assets listed on Attachment A hereto;
- (b) inventories of the FADA Business, including but not limited to those inventories listed on Attachment B hereto;
- (c) all rights (other than accounts receivable reflected on ASC's balance sheet) under contracts in process (including warranty components thereof) which relate to the FADA Business, which contracts and warranty components are listed on Attachment C hereto;
- (d) all intangible assets, including intellectual property and goodwill, of the FADA Business, including but not limited to those assets listed on Attachment D hereto.

2. Except to the extent excluded by Section 7 below, Assignee hereby assumes the liabilities and obligations (other than accounts payable and accrued liabilities which are

3/19

reflected on ASC's balance sheet) of Assignor that relate to the assets of the FADA Business, including fixed assets, inventories, contracts and intellectual property, transferred and assigned to Assignee pursuant to Section 1 hereof.

3. Effective November 14, 1999, those employees of ASC that are listed on Attachment E hereto shall transfer to and become employees of Eskay Corporation, a wholly-owned subsidiary of DAC.

4. Nothing in this Agreement shall be construed as an attempt to assign any contract which is in law non-assignable without the consent of the other party or parties thereto unless such consent shall have been given. In order, however, that the full value of every such contract included within the assets to be transferred to Assignee and that all claims and demands in such contract may be realized, Assignor hereby covenants with Assignee that it will, in person or by agent, at the request of Assignee, under the direction of Assignee, in its name or otherwise as Assignee shall specify and as shall be permitted by law, take all such action and do or cause to be done all such things necessary or proper (a) in order that Assignee's rights and obligations shall be preserved, and (b) to facilitate the collection of the moneys due and payable and to become due and payable to Assignor in and under every such contract and in respect of every such claim and demand, and it shall hold the same for the benefit of and shall pay the same over to Assignee, and in such event Assignee will indemnify or hold Assignor harmless against all actions, claims and liabilities under such contracts.

5. Assignor does hereby constitute and appoint Assignee, its successors and assigns, Assignor's true and lawful attorney or attorneys, with full power of substitution, for it and in its name, place and stead or otherwise, but on behalf of and for the benefit of Assignee, its successors and assigns, (a) to demand and receive from time to time any and all property and assets, real, personal and mixed, tangible and intangible, conveyed, transferred and assigned to Assignee pursuant to this Assignment, (b) to give receipts and releases for and in respect of the same and any part thereof, (c) to institute and prosecute, from time to time in Assignor's name or otherwise, but at the direction and expense and for the benefit of Assignee and its successors and assigns, any and all proceedings at law, in equity or otherwise, which Assignee, its successors or assigns may deem proper in order to collect, assert or enforce any claim, right or title of any kind in and to the properties, assets and business transferred and assigned to Assignee pursuant to this Assignment, (d) to defend and compromise any and all actions, suits and proceedings in respect of any of said property, assets and business, and (e) to do any and all such acts and things in relation thereto as Assignee, its successors or assigns shall deem advisable, Assignor hereby declaring that the appointment hereby made and the powers hereby granted are coupled with an interest and are and shall be irrevocable by Assignor in any manner or for any reason.

6. In case for any reason Assignee shall not be authorized or qualified to receive any specific property, or contract, claim, demand or right owned by Assignor,

4/19

Assignor further covenants to execute appropriate deeds, acts, transfers, assignments, instruments and conveyances of any such property, claim, contract, demand or right required by this Assignment to be conveyed to the Assignee and now owned by Assignor when and as Assignee, its successors or assigns shall be authorized or qualified to receive the same.

7. The assumption of liabilities and obligations by Assignee hereunder shall be treated as independent of Assignee's existing business and shall not enlarge any rights of third parties under contracts or arrangements with Assignee or Assignor or any of Assignee's subsidiaries. Nothing herein shall prevent Assignee from contesting in good faith any of the assumed liabilities and obligations.
