# NOTA

When reading the recapitulatory list of your trademark portfolio, we would draw your attention to the following points :

- Only the last registrations in force (namely in France) are mentioned.
- With regard to each Trademark, the Classe(es) of products and/or services claimed are indicated ; this reference does not necessarily signify that the whole of the products and/or services relating to the Classe(es) are claimed
- With regard to International Trademarks, only those bearing the countries benefit from a protection (total or partial). In the case of partial protection, the actual extent of the protection is not detailed.
- If the registration of a trade mark is pending in a particular country, please note that reference to said country is only erased upon receipt of the official notice of total definitive refusal issued from the local Trade Mark Office. Indeed, even if no observations are filed in response, the office may change its initial decision of refusal, either totally or partially.
