SECURITY AGREEMENT

THIS SECURITY AGREEMENT (this "Agreement") is entered into as of the 12th day of March, 2002 (the "Effective Date"), by and among **SYLVAN VENTURES, LLC**, a Delaware limited liability company ("Sylvan"), **AETHER CAPITAL LLC**, a Delaware limited liability company ("Aether"; each of Sylvan and Aether is referred to herein as a "Secured Party", and collectively, as the "Secured Parties"), and **MINDSURF, INC.**, a Delaware corporation ("Mindsurf"), **MINDSURF NETWORKS, INC.**, a Delaware corporation, and **DISCOURSE TECHNOLOGIES, INC.**, a Delaware corporation (each, a "Grantor," and collectively, the "Grantors").

WHEREAS, on the Effective Date, each Secured Party loaned to Grantors the sum of \$500,000 (\$1,000,000 in the aggregate) as evidenced by those certain Secured Convertible Promissory Notes issued by Grantors to each Secured Party (collectively, the "Notes"); and

WHEREAS, each Grantor has agreed to grant to the Secured Parties a security interest in certain "Collateral" (as herein defined) to secure the obligations of Grantor under the Notes, on the terms and conditions set forth herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, the parties hereby covenant and agree as follows:

1. Definitions. As used in this Agreement, the following terms shall have the following definitions:

"Collateral" means, with respect to each Grantor, the property set forth on Exhibit A attached hereto and the Intellectual Property Collateral.

"Copyrights" means any and all copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and whether or not the same also constitutes a trade secret, now or hereafter existing, created, acquired or held.

"Intellectual Property Collateral" means all of Grantor's right, title, and interest in and to the following:

- (a) Copyrights, Trademarks and Patents;
- (b) Any and all trade secrets, inventions (whether or not patentable), mask works, programs, works of authorship, know-how, discoveries, developments, designs, design rights and techniques and any and all intellectual property rights in computer software and computer software products now or hereafter existing, created, acquired or held;
- (c) Any and all claims for damages by way of past, present and future infringement of any of the rights included in (a) or (b) above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of such intellectual property rights;
- (d) All licenses or other rights to use any of the Grantor's intellectual property, including without limitation, the Copyrights, Patents or Trademarks, and all license fees and royalties arising from such use to the extent permitted by such license or rights;
- (e) All amendments, renewals and extensions of any of the Copyrights, Trademarks or Patents;

(f) All documents, models, samples, specimens, invention disclosures, reports, drawings, research materials, notes and other materials in connection with or which in any way embody or relate to any of the Grantor's intellectual property, including without any limitation, any Patent or patentable matter and the right to pursue, prepare, file and prosecute any Patent application(s) in connection therewith;

(g) Any and all rights in or to the Grantor's intellectual property described on Exhibit A hereto (to the extent not otherwise described in clauses (a) through (f) above); and

(h) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.

"Liens" means all mortgages, liens, deeds of trust, bailments, charges, pledges, security interests, options, licenses, assignments or other encumbrances.

"Patents" means all patents and improvements thereto, patent applications and improvements thereto, all types of exclusionary or protective rights granted (or applications therefor) and inventions and like protections (including without limitation improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same) and any and all patentable subject matter (including, without limitation, methods of doing business, machines, articles of manufacture, processes, compositions of matter and new uses or improvements of any of the foregoing).

"Permitted Liens" means the following:

(a) Liens created by this Agreement; and

(b) Liens for fees, taxes, levies, imposts, duties or other governmental charges of any kind which are not yet delinquent or which are being contested in good faith by appropriate proceedings which suspend the collection thereof.

"Trademarks" means any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks and servicemarks.

2. Security Interest.

(a) Grant of Security Interest. In order to secure prompt repayment of the Notes in accordance with their terms, each Grantor hereby grants and pledges to the Secured Parties a first priority senior continuing security interest in all of Grantor's right, title and interest in, to and under the Collateral (including, without limitation, those Copyrights, Patents and Trademarks listed on Exhibits B, C and D attached hereto) and including, without limitation, all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits) and, with respect to the Intellectual Property Collateral, the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof. Simultaneously with the execution of this Agreement, each Grantor shall execute and deliver to the Secured Parties one or more UCC-1 Financing Statements covering all of the Collateral as described on Exhibit A attached hereto as shall have been requested, prepared and delivered to each Grantor by the Secured Parties (collectively, the "UCC-1"). Each Grantor hereby consents to the Secured Parties filing the UCC-1 in the appropriate jurisdictions. The security interest granted herein constitutes a valid, first priority senior security interest in the presently existing Collateral and will constitute a valid, first priority senior security interest in Collateral acquired or created after the date hereof. Each Grantor shall, from time to time, execute and deliver to the Secured Parties, at the request of the Secured Parties, all financing statements and other documents that the Secured Parties may reasonably request, in form satisfactory to the Secured Parties and each Grantor, to perfect and continue perfected the Secured Parties' security interests in the Collateral.

(b) Duration of Security Interest. The Secured Parties' security interest in the Collateral shall continue until the earlier of (i) payment in full of the Notes or (ii) conversion of the Notes in accordance with their terms, whereupon, in each instance, such security interest shall terminate. The Secured Parties, upon payment in full or conversion of the Notes (in accordance with the immediately preceding sentence), shall, at the Grantors' expense, execute such documents and take such further reasonable actions, without recourse or representation, as may be necessary to effect the release and/or termination contemplated by this Section 2(b), including executing and delivering UCC-3 Termination Statements for filing in all relevant jurisdictions.

(c) Possession of Collateral. So long as no Event of Default has occurred, each Grantor shall remain in full possession, enjoyment and control of the Collateral, and shall manage, operate and use the same and each part thereof with the rights and franchises appertaining thereto.

3. Representations, Warranties and Covenants. The Grantors jointly and severally represent, warrant and covenant to the Secured Parties as follows:

(a) Exhibits B, C and D attached hereto set forth any and all intellectual property rights with respect to which any Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office and any equivalent foreign governmental agencies, as applicable.

(b) Except as set forth on Exhibit C attached hereto, each Grantor is the sole owner and has good and marketable title to the Collateral, free and clear of any Liens, other than the Permitted Liens. No part of the Collateral has been judged invalid or unenforceable, in whole or in part, and no claim has been made that any part of the Collateral violates the rights of any third party. No Grantor is a party to, nor bound by, any agreement that restricts the ability of any Grantor to grant the security interest in the Collateral contemplated herein, or which otherwise conflicts with any of the terms or conditions hereof. No Grantor has borrowed any funds, or issued or incurred any indebtedness, except for (i) trade payables incurred in the ordinary course of Grantor's business, (ii) in the case of Mindsurf, indebtedness in the aggregate principal amount of \$13,831,085 payable to Aether and Sylvan, and (iii) the indebtedness evidenced by the Notes.

(c) There are no actions or proceedings instituted or pending or, to the Grantors' knowledge, threatened against any Grantor that challenge any Grantor's ownership status or rights in any Collateral or any Grantor's right to use or otherwise exploit the Intellectual Property Collateral. No holding, decision or judgment has been rendered by any federal, state, local or foreign governmental authority which would limit, cancel or question the validity of any Grantor's ownership in any of the Intellectual Property Collateral. To the Grantors' knowledge, no third party is infringing or violating any Grantor's rights in or to any of the Intellectual Property Collateral or exceeding the scope of authorization or license of any of the Intellectual Property Collateral.

(d) Until payment in full or conversion of the Notes (in accordance with the terms of the Notes), the Grantors, jointly and severally, covenant and agree that:

(i) Each Grantor shall promptly notify the Secured Parties in writing of any material applications or registrations that any Grantor has made or filed in respect of any Patents, Copyrights or Trademarks and the status of any outstanding applications or registrations, as well as any material change in any Grantor's intellectual property, including but not limited to any subsequent ownership right of any Grantor in or to any Trademark, Patent or Copyright, and each Grantor shall promptly execute and deliver to the Secured Parties an Assignment, in form and substance reasonably satisfactory to the Secured Parties, with respect to any such Intellectual Property Collateral disclosed in such written notice.

(ii) Each Grantor shall use its best efforts to register or cause to be registered in a reasonable time (to the extent not already registered) with the United States Patent and Trademark Office or the United States Copyright Office, as applicable: (i) those intellectual property rights listed on Exhibits B, C and D attached hereto, (ii) all material registerable intellectual property rights which any Grantor has developed as of the date of this Agreement but heretofore failed to register, and (iii) those additional material intellectual property rights

developed or acquired by any Grantor from time to time in connection with any product or service, prior to the rendering of such service to any third party (including, without limitation, major revisions or additions to the intellectual property rights listed on Exhibits B, C and D attached hereto). Each Grantor shall give the Secured Parties written notice of all such applications or registrations, and each Grantor shall promptly execute and deliver to the Secured Parties an Assignment, in form and substance reasonably satisfactory to the Secured Parties, with respect to any such Intellectual Property Collateral disclosed in such written notice.

(iii) Without the prior written consent of the Secured Parties, no Grantor shall license, convey, sell, lease, transfer or otherwise dispose of (each a "Transfer") any of the Collateral, other than (A) Transfers in the ordinary course of business, consistent with prior practice, or (B) Transfers of worn-out or obsolete equipment.

(iv) No Grantor shall create, incur, assume or suffer to exist any Lien with respect to any of the Collateral, other than the Permitted Liens.

(v) Each Grantor shall execute and deliver such additional instruments and documents from time to time as the Secured Parties shall reasonably request to perfect the Secured Parties' security interest in the Collateral.

(vi) Each Grantor shall use its best efforts to (A) protect, defend and maintain the validity and enforceability of the Trademarks, Patents and Copyrights, (B) detect infringements of the Trademarks, Patents and Copyrights and promptly advise the Secured Parties in writing of material infringements detected and (C) not allow any Trademarks, Patents or Copyrights to be abandoned, forfeited or dedicated to the public without the written consent of the Secured Parties.

4. Events of Default.

Any one or more of the following events shall constitute an "Event of Default" by Grantors under this Agreement:

(a) The occurrence of an Event of Default under any of the Notes; or

(b) Any Grantor's breach of any representation or warranty under this Agreement or violation or failure to perform under any of the covenants contained in this Agreement and Grantors shall fail to cure such breach, violation or failure within five (5) days of the earlier of (i) any Grantor becoming aware of such breach, violation or failure, and (ii) receipt of written notice by the Secured Parties of any such breach, violation or failure.

5. Secured Parties' Rights and Remedies.

(a) Upon the occurrence of an Event of Default, and at any time and from time to time thereafter, subject to the provisions of the Maryland Uniform Commercial Code, the Secured Parties, acting jointly, may, without notice of such election and without demand, take any one or more of the following, all of which are authorized by Grantors:

(i) Without notice, demand or hearing, any right to which is hereby waived by Grantors, the Secured Parties may take possession of all or any part of the Collateral and enter and remain upon the premises where such Collateral is located for the purpose of such possession and the exercise of the remedies provided herein, without the same being a trespass; and/or

(ii) Take possession of any Collateral and any agreement, instrument, lease, license, permit, contract or other document evidencing any of the Collateral and may apply or seek on behalf of and as attorney-in-fact for Grantors, any necessary consent to the assignment, transfer, conveyance, sale, renewal, reissuance or other disposition of the same, and Grantors shall cooperate fully with the Secured Parties in doing so and shall take all actions requested by the Secured Parties in furtherance thereof; and/or

7. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Maryland (without giving effect to principles of conflicts of laws of the State of Maryland or any other state). Each of the parties hereby irrevocably submits to the jurisdiction of the Circuit Court located in Baltimore City or any Federal court sitting in Baltimore, Maryland for purposes of any controversy, claim or dispute arising out of or related to this Agreement and hereby waives any defense of an inconvenient forum and any right of jurisdiction on account of the place of residence or domicile.

8. General Provisions.

(a) This Agreement shall bind and inure to the benefit of the respective successors and permitted assigns of each of the parties; provided, however, that neither this Agreement nor any rights hereunder may be assigned by any Grantor without the prior written consent of the Secured Parties. The Secured Parties shall have the right without the consent of or notice to Grantors to sell, transfer, negotiate, or grant participation in all or any part of, or any interest in, the Secured Parties' obligations, rights and benefits hereunder; provided, that such sale, transfer, negotiation or grant is in connection with the transfer of the Notes in accordance with the terms thereof.

(b) Time is of the essence for the performance of all obligations set forth in this Agreement.

(c) In the event any provision of this Agreement (or any part of any provision) is held by a court of competent jurisdiction to be invalid, illegal, or unenforceable in any respect, such provision shall be deemed modified with retroactive effect to render such provision valid and enforceable to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this Agreement shall continue in full force and effect and shall in no way be affected, impaired or invalidated thereby. If a court of competent jurisdiction will not so modify such provision, the parties agree to negotiate in good faith an enforceable substitute provision for any invalid or unenforceable provision that most nearly achieves the intent and economic effect of such provision.

(d) This Agreement and the Notes contain the entire agreement and understanding of the parties with respect to the subject matter hereof, and supercede all prior and contemporaneous agreements and understandings among the parties with respect thereto. No provision of this Agreement may be waived, amended,

supplemented or otherwise modified except by a written instrument executed by each Grantor and by the Secured Parties.

(e) This Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Agreement.

(f) All covenants, representations and warranties made in this Agreement shall continue in full force and effect so long as any amount is outstanding under any of the Notes.

(g) The Secured Parties shall not in any way or manner be liable or responsible for: (i) the safekeeping of the Collateral; (ii) any loss or damage thereto occurring or arising in any manner or fashion from any cause; (iii) any diminution in the value thereof; or (iv) any act or default of any carrier, warehouseman, bailee, forwarding agency, or other person whomsoever. All risk of loss, damage or destruction of the Collateral shall be borne by Grantor.
