WITNESSETH:

WHEREAS, Assignor has developed or has exclusive ownership of Seller's Intellectual Property Rights (as that term is defined in the Acquisition Agreement, dated as of December 31, 2001, to which Assignor, Syratech Corporation and Assignee are each a party (the "Acquisition Agreement"));

WHEREAS, Assignor has adopted, used or acquired certain trademarks, including, but not limited to, the trademarks set forth on Schedule A attached hereto and made a part hereof, in conjunction with certain goods or services, and has obtained or applied for registrations for certain of those trademarks, evidenced by the registrations or applications set forth on Schedule A (said trademarks, including all registrations and applications for registrations thereof, being collectively referred to herein as the "Assigned Marks");

WHEREAS, Assignor has adopted, used or acquired certain inventions described or claimed or intended to be described or claimed in said patents and patent applications including, but not limited to, the patents and patent applications set forth on Schedule B attached hereto and made a part hereof, and all divisional, continuations, continuations-in-part, substitute or reissue applications on said inventions now or hereafter filed in the United States, European Union or anywhere in the world, and all patents which may be granted on said applications (said patents, including all registrations and applications for registrations thereof, being collectively referred to herein as the "Assigned Patents"); and

WHEREAS, Assignor has adopted, used or acquired certain domain names (or other uniform resource locators on the Internet), including, but not limited to, the domain names set forth on Schedule C attached hereto and made a part hereof, (said domain names, including all registrations and applications for registrations thereof, being collectively referred to herein as the "Assigned Domain Names").

NOW, THEREFORE, in consideration of and in exchange for the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee all of its right, title and interest in and to Seller's Intellectual Property Rights, Assigned Marks, Assigned Patents, Assigned Domain Names and any other marks or intellectual property rights which it may have acquired related to the Farberware Business (as that term is defined in the Acquisition Agreement), all together with the goodwill of the Farberware Business in connection with which the Assigned Marks, Assigned Patents and Assigned Domain Names are used, and with any and all renewals and extensions of the registrations for the Assigned Marks, Assigned Patents and

Assigned Domain Names that may be secured under the laws now or hereafter in effect in the United States or any other country or countries.

1. Assignor will provide to Assignee, its successors, assigns or other legal representatives, all reasonable cooperation and assistance (including the execution and delivery of any and all affidavits, declarations, oaths and other documentation, and the delivery of any and all samples, exhibits, specimens and the like in the control of Assignor):
