ASSIGNMENT OF TRADEMARK RIGHTS

This ASSIGNMENT OF TRADEMARK RIGHTS (this "Assignment") is entered into and effective as of this 3rd day of February, 2000, and is by and between SAMSUNG TELECOMMUNICATIONS AMERICA, INC. (" STA") and SAMSUNG ELECTRONICS Co., LTD. (" SEC") (collectively, STA and SEC are hereinafter referred to as the " Parties").

W I T N E S S E T H:

WHEREAS, STA, a Delaware corporation having a business address at 1130 East Arapaho Road, Richardson, Texas, United States of America, is a subsidiary of SEC, a Korean corporation having a business address at #416 Maetan-Dong, Paldal-ku, Suwon-City, Kyungki-Do, Republic of Korea;

WHEREAS, STA has adopted, used, is using and is the owner certain common law trademarks (collectively, the " STA Marks," defined broadly as any and all proprietary right, title or interest STA has in or to any word, phrase, symbol or device, or any combination thereof, used to identify and distinguish STA's commodities, goods, merchandise, products, wares or the like from the goods, merchandise, products, wares or the like of any other party and to identify STA as the source of its commodities, goods, merchandise, products, wares and the like);

WHEREAS, STA has applied for and been granted a federal registration by the United States Patent and Trademark Office for the trademark " STARACER," namely, United States Registration No.2,308,670, for " communications equipment, namely, communications switches," all in International Class 009 (the " STARACER Registration").

WHEREAS, STA has also identified, designed and applied for federal registration of certain proposed trademarks before the United States Patent and Trademark Office under section 1(b) of the Trademark Act (15 U.S.C. 1051(b), as amended), asserting in each such trademark application a bona fide intention to use such proposed trademark in commerce in manners common to the industry (collectively, the " STA Intent-to-Use Applications"), as shown on attached EXHIBIT A (which is incorporated herein by reference for all purposes as if fully set forth herein);

WHEREAS, SEC is desirous of acquiring all of STA's right, title and interest in and to the STA Marks and the STARACER Registration, as well as any right, title or interest STA may acquire in any such proposed trademark or federal registration granted from any of the STA Intent-to-Use Applications.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and confessed, the Parties hereto agree as follows:

1. STA hereby assigns to SEC, and SEC does hereby accept, all right, title and interest, including, but not limited to, rights to existing causes of action and the right to past damages associated therewith, in and to the STA Marks and the STARACER Registration together with the goodwill of the business symbolized by the same.
2. Upon the acceptance by the United States Patent and Trademark Office of (i) an " Amendment to Allege Use" under 37 C.F.R. 2.76 or (ii) a " Statement of Use"

under 37 C.F.R. 2.88, in any of the STA Intent-to-Use Applications, STA will automatically assign to SEC, and SEC will automatically accept, without any further action by either of the Parties, all right, title and interest, including, but not limited to, rights to existing causes of action and the right to past damages associated therewith, in and to the trademark defined by such STA intent-to-use application, together with the goodwill of the business symbolized by the same, and any federal registration ultimately granted by the United States Patent and Trademark Office on such STA intent-to-use application, if any.
