# INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (this "Agreement"), dated as of May 24, 2002, made among each of the signatories party hereto (each a "Grantor", collectively, the "Grantors"), and Bank of America, N.A., as Administrative Agent for itself and the other Lenders (as defined herein) (in such capacity, the "Administrative Agent"; together with the Lenders, the "Secured Parties").

## RECITALS

WHEREAS, Pillowtex Corporation, a Delaware corporation, (the "Borrower"), the Administrative Agent and certain lenders from time to time party thereto (collectively, the "Lenders") desire to enter into that certain Term Loan Agreement dated as of the date hereof (as the same may be amended, restated, supplemented or modified from time to time, the "Term Loan Agreement"); all capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Term Loan Agreement;

WHEREAS, it is the intention of the parties hereto that this Agreement create a first priority security interest in certain property of the Grantors securing the payment of the obligations set forth in Section 1.2 hereof, subject to only Permitted Liens; and

WHEREAS, it is a condition precedent to the obligation of the Secured Parties to enter into the Loan Documents and to, among other things, make the Term Loan under the Term Loan Agreement that the Grantors shall have executed and delivered this Agreement to the Administrative Agent.

## AGREEMENT

NOW, THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in order to induce Secured Parties to enter into the Loan Documents and to, among other things, make the Term Loan under the Term Loan Agreement, the Grantors hereby agree with the Administrative Agent for its benefit and the ratable benefit of the other Secured Parties, as hereinafter set forth.

## ARTICLE I

### Grant of Security Interest

Section 1.1 Grant of Security Interest. Each Grantor hereby pledges and grants to the Administrative Agent, for its benefit and the ratable benefit of the other Secured Parties, a security interest in, the entire right, title and interest of such Grantor, in and to the Collateral.

Section 1.2 Security for Secured Obligations. This Agreement creates an enforceable security interest in the Collateral, subject only to Permitted Liens, securing the payment and performance of any and all obligations now or hereafter existing of the Grantors under the Term Loan Agreement and the other Loan Documents, including any extensions, supplements,

modifications, substitutions, amendments and renewals thereof, whether for principal, interest, fees, expenses, indemnification or otherwise (all such obligations of the Grantors being the "Secured Obligations"). Without limiting the generality of the foregoing, this Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by the Grantors to the Administrative Agent or any other Secured Party under any Loan Document, but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding under the Bankruptcy Code or any other debtor relief laws involving any Grantor (including all such amounts which would become due or would be secured but for the filing of any petition in bankruptcy, or the commencement of any insolvency, reorganization or like proceeding of any Grantor or any other Person under the Bankruptcy Code or any other debtor relief laws).

**Section 1.3 Validity and Priority of Security Interest.** Each Grantor agrees that the Security Interest shall at all times be valid, perfected, continuing and binding and enforceable against such Grantor, in accordance with the terms hereof, as security for the Secured Obligations, and that the Collateral shall not at any time be subject to any other Lien, except Permitted Liens.

**Section 1.4 Maintenance of Status of Security Interest, Collateral and Rights.**

(a) **Required Action.** Subject to the terms of the Intercreditor Agreement, each Grantor shall take all action that may be necessary and that the Administrative Agent may reasonably request, so as at all times (i) to maintain the validity, perfection, enforceability and priority of the Security Interest in the Collateral in conformity with the requirements of Section 1.3, and (ii) to protect and preserve, and to enable the exercise or enforcement of, the rights of the Administrative Agent hereunder, including (A) immediately discharging all Liens, except Permitted Liens, and (B) executing and delivering financing or continuation statements, instruments of pledge, notices and instructions in each case in form and substance reasonably satisfactory to the Administrative Agent.

(b) **Protection of Collateral.** Each Grantor shall protect, preserve, renew and maintain, in each case in a manner consistent with reasonably responsible business and legal practices, all rights of such Grantor in the Collateral, including (i) making any filings necessary to renew or maintain the Registrations, (ii) prosecuting such suits, proceedings or other actions for infringement, unfair competition, dilution or other damage as such Grantor in its reasonable business judgment deems appropriate under the circumstances or (iii) appearing in and defending any action or proceeding that may materially adversely affect such Grantor's title to or the Administrative Agent's Security Interest in all or any part of the material Collateral, when such action is in such Grantor's reasonable business judgment necessary to protect such Collateral. Any expenses incurred by any Grantor in protecting, preserving, renewing and maintaining the Collateral shall be borne by the Grantors. Subject to the terms of the Intercreditor Agreement and to the maximum extent permitted by applicable laws, rules, regulations and orders of any Governmental Authority, during the continuance of an Event of Default, the Administrative Agent shall have the right, without taking title to any Collateral, to bring suit to enforce its Security Interest in any or all of the Collateral, in which event each Grantor shall, at the reasonable request of the Administrative Agent, do any and all lawful acts and execute any and all proper documents reasonably required by the Administrative Agent in aid of such

enforcement. All reasonable out-of-pocket costs, reasonable out-of-pocket expenses and other out-of-pocket moneys reasonably advanced by the Administrative Agent in connection with the foregoing shall, whether or not there are then outstanding any amounts under the Term Loan Agreement, be treated as Secured Obligations, but the making of any advances by the Administrative Agent or any other Secured Party shall not relieve the Grantors of any default hereunder.

(c) Authorized Action. The Administrative Agent is hereby authorized to file one or more continuation statements, financing statements, amendments thereto, notices and instructions without the signature of or in the name of Grantor when permitted by applicable laws, rules, regulations and orders of any Governmental Authority. A photocopy or other reproduction of this Agreement or of any financing statement covering the Collateral or any part thereof shall be sufficient as a financing statement where permitted by applicable law.

Section 1.5 Each Grantor Remains Obligated; the Administrative Agent and Secured Parties Not Obligated. The grant by each Grantor to the Administrative Agent of the Security Interest in the Collateral shall not (i) relieve any Grantor from the performance of any term, covenant, condition or agreement on its part to be performed or observed (including by virtue of the exercise by the Administrative Agent of any of its rights hereunder), (ii) relieve any Grantor from any liability to any Person, under or in respect of any of the Collateral, (iii) impose any obligation on the Administrative Agent or any Secured Party except as expressly provided herein or (iv) impose any liability on the Administrative Agent or any other Secured Party for any act or omission on the part of any Grantor relative thereto; provided, however, nothing contained herein shall prohibit any Grantor from allowing any Registration with respect to the Collateral to lapse or otherwise terminate if such Registration is not material to such Grantor's business in such Grantor's reasonable business judgment.

(b) Each Grantor agrees that, to the extent permitted by applicable laws, rules, regulations and orders of any Governmental Authority, if at any time all or any part of any payment theretofore applied by the Administrative Agent and the other Secured Parties to any of the Secured Obligations is or must be rescinded or returned by any Person for any reason whatsoever (including the insolvency, bankruptcy or reorganization of any Grantor or any other Person), such Secured Obligations shall, for the purposes of this Agreement, to the extent that such payment is or must be rescinded or returned, be deemed to have continued in existence, notwithstanding such application by the Administrative Agent or any other Secured Party, and the Security Interest in the Collateral granted hereunder shall continue to be effective or be

reinstated, as the case may be, as to such Secured Obligations, all as though such application by the Administrative Agent or any other Secured Party had not been made.

Agent a perfected Lien therein (subject only to Permitted Liens) and to subject all of such interest to this Agreement, including but not limited to any new, supplementary or additional filings.

Section 3.4 Requested Information. In addition to such other Information as shall be specifically provided for herein, each Grantor shall furnish to the Administrative Agent such other Information with respect to the Collateral as the Administrative Agent may reasonably request from time to time in connection with the Collateral, or the protection, preservation, maintenance or enforcement of the Security Interest in the Collateral, including, without limitation, all documents in such Grantor's possession, or subject to its demand for possession, related to the production and sale by such Grantor, or any subsidiary, licensee or subcontractor thereof, of products or services sold by or under the authority of such Grantor in connection with the Collateral, including by way of example, without limiting the interest granted by this Agreement, all lists and ancillary documents which identify and describe any of such Grantor's licensees and all quality specifications related to the license, for products sold or services rendered under or in connection with the Collateral.

A carbon, photographic, or other reproduction of this Agreement or of any financing statement covering the Collateral or any part thereof shall be sufficient as a financing statement and may be filed as a financing statement. Upon the execution and delivery by any Person of a security agreement supplement in substantially the form of Annex D attached hereto (each a "Security Agreement Supplement"), (a) such Person shall be and become a Grantor hereunder and each reference in this Agreement to "Grantor" shall also mean and be a reference to such Person, and (b) the supplemental Annexes A-1, A-2, B-1, B-2, C-1 and C-2 attached to each Security Agreement Supplement shall be incorporated into and become a part of and supplement Annexes A-1, A-2, B-1, B-2, C-1 and C-2, respectively, hereto, and the Administrative Agent may attach such supplemental exhibits to such Annexes; and each reference to such Annexes shall mean and be a reference to such Annexes as supplemented pursuant to each Security Agreement Supplement.
