The Subordinated Notes shall be subordinated as follows:

(a) no principal shall be repaid nor shall Subordinated Notes be purchased or redeemed until the prior repayment in full of all "senior indebtedness", nor at any time when there is a default under any senior indebtedness. If there is no senior indebtedness default, principal may be repaid at maturity and, in the limited circumstances prescribed by the Note Indenture, amounts may be paid on account of principal by way of prepayment or redemption where the board of directors of Amalco believe that indebtedness represented by the Subordinated Notes could not be refinanced at maturity on the same terms, or where Amalco is prevented by applicable law from paying dividends or making other distributions in respect of its common shares; and

(b) no interest shall be payable in respect of the Subordinated Notes other than regularly scheduled interest at any time nor shall regularly scheduled interest be paid when any of the "senior indebtedness" is in default.

For these purposes, "senior indebtedness" means (a) all indebtedness, obligations and liabilities of Amalco in respect of borrowed money (including the deferred purchase price of property), other than (i) indebtedness evidenced by the Note Indenture and (ii) indebtedness which, by the terms of the instrument creating or evidencing the same, is expressed to rank in right of payment equally with or subordinate to the indebtedness evidenced by the Note Indenture, and (b) from and after the commencement of, and during the continuance of, any creditor proceedings (including bankruptcy, liquidation, winding-up, dissolution, restructuring or arrangement proceedings), all indebtedness, obligations and liabilities of Amalco, other than indebtedness, obligations and liabilities represented by the Subordinated Notes and, for greater

certainty," "senior indebtedness" shall include all
indebtedness for borrowed money which is outstanding as
at the Effective Date.
