INTELLECTUAL PROPERTY SECURITY AGREEMENT

This **INTELLECTUAL PROPERTY SECURITY AGREEMENT** dated as of June 28, 2002 is made by **H. H. SCOTT INC.**, a New Jersey corporation with an office at c/o Emerson Radio Corp., 9 Entin Road, Parsippany, New Jersey 07054 (the "Borrower"), in favor of **PNC BANK, NATIONAL ASSOCIATION**, 2 Tower Center Boulevard, East Brunswick, New Jersey 08816 as a secured party and as agent (the "Agent") for the benefit of the Lenders party to the Revolving Credit and Term Loan Agreement (as the same may be amended, modified or supplemented from time to time, the "Credit Agreement") dated June 28, 2002 among the Borrower and the Subsidiary Borrowers, as borrower, PNC Bank, National Association and the other financial institutions and party thereto (the "Lenders").

WITNESSETH:

WHEREAS, the Lenders are making certain financial accommodations to Borrower as more fully described in the Credit Agreement;

WHEREAS, it is a condition to the obligations of the Lenders that the Borrower execute and deliver this Agreement to the Agent for the benefit of the Agent (as a secured party) and the Lenders;

WHEREAS, contemporaneously with the execution and delivery hereof, the Borrower and Agent have executed and delivered a Security Agreement dated as of the date hereof (as such Agreement may be amended, supplemented, or otherwise modified from time to time, the "Security Agreements"), pursuant to which Borrower has unconditionally granted to Agent for the benefit of Lenders, to secure the payment and performance of the Obligations (as defined in the Credit Agreement), a continuing security interest in and first priority lien on all of Borrower's properties, assets, and rights of every kind and nature, wherever located, whether now owned or hereafter acquired or arising, and all accessions to, substitutions for, and all replacements, proceeds, and products of the foregoing (collectively, the "Collateral");

WHEREAS, Borrower owns and/or uses in its business, and will in the future adopt, own, and/or so use various intangible assets; including, but not limited to, the IP Collateral (as hereinafter defined);

WHEREAS, pursuant to the Security Agreement, Agent, for the benefit of Lenders, is granted a lien on and security interest in, among other assets, the Related Assets (as defined hereinafter) relating to the products and services sold under or in connection with the trademarks (as defined hereinafter), such that upon the occurrence and during the continuation of an Event of Default (as defined in the Credit Agreement), Agent would be able to come into possession of and operate the borrower's business and to use the IP Collateral in conjunction with the continued operation of the business, maintaining substantially the same product and service

specifications and quality as maintained by Borrower, and to benefit from the Associated Goodwill (as defined hereinafter);

WHEREAS, upon the occurrence of and during the continuance of an Event of Default, and to permit Agent to continue operating Borrower's business without interruptions and to use the IP Collateral in conjunction therewith, Borrower is willing to appoint Agent as Borrower's attorney to execute, on behalf of Borrower, an assignment or assignments of Borrower's entire right, title, and interest in and to the IP Collateral; and

WHEREAS, Borrower has agreed in the Credit Agreement to grant the security interest and make the conditional assignment contemplated by this Agreement, and it is a condition precedent to Lender's making of loans to Borrower under the Credit Agreement that Borrower execute and deliver to Agent an Intellectual Property Security Agreement.

NOW, THEREFORE in consideration of the promises and agreements set forth herein, the parties, each intending to be legally bound hereby, do promise and agree as follows:

M. Unless otherwise defined herein or in the Credit Agreement, terms used in Article 9 of the Uniform Commercial Code of the State of New Jersey are used herein as therein defined.

2. GRANT OF SECURITY AND CONDITIONAL ASSIGNMENT

A. As security for the complete and timely payment, performance, and satisfaction of all Obligations, Borrower hereby unconditionally grants to Agent, for the benefit of Lenders, a continuing security interest in and first priority lien on the IP Collateral, and pledges and mortgages (but does not transfer title to) the IP Collateral to Agent, for the benefit of Lenders.

B. In addition to, and not by way of limitation of, the grant, pledge, and mortgage of the IP Collateral provided in Section 2A, Borrower hereby grants, assigns, transfers, conveys, and sets over to Agent for the benefit of Lenders, its entire right, title, and interest in and to the IP Collateral; provided, however, that such grant, assignment, transfer, and conveyance shall be and become of force and effect only upon written demand from Agent after the occurrence and during the continuance of an Event of Default and the acceleration of the Obligations under the Credit Agreement.

C. Borrower acknowledges and agrees that, upon the effectiveness of such grant, assignment, transfer, and conveyance, Agent, for the benefit of Lenders, shall have the cumulative rights in and to the IP Collateral as are provided in this Agreement and in the Security Agreement, and shall have the rights in and to the Collateral (other than the IP Collateral) as are provided in the Security Agreement.

D. The parties acknowledge and agree that, contemporaneously with the execution and delivery of this Agreement, they are executing and delivering the Security Agreement pursuant to which Borrower unconditionally grants to Agent, for the benefit of Lenders, a continuing security interest in and first priority lien on the Collateral (including the IP Collateral). Such Security Agreement, and all rights and interests of Agent in and to the Collateral (including the IP Collateral) thereunder, are hereby ratified, confirmed, adopted, and approved. In no event shall this Agreement, the grant, assignment, transfer, and conveyance of the IP Collateral hereunder, or the recordation of this Agreement (or any document hereunder) with the United States Patent and Trademark Office (“USPTO”), adversely affect or impair, in any way or to any extent, the Security Agreement, the security interest of Agent in this Collateral (including the IP Collateral) pursuant to the Security Agreement and/or this Agreement, the attachment and perfection of such security interest under the Uniform Commercial Code, or the present or future rights and interests of Agent in and to the Collateral under or in connection with the Security Agreement, this agreement, and/or the Uniform Commercial Code. Any and all rights and interests of Agent in and to the IP Collateral (and any and all obligations of Borrower with respect to the IP Collateral) provided herein, or arising hereunder or in connection herewith, shall only supplement and be cumulative and in addition to the rights and interests of Agent (and

the obligations of Borrower) in, to, or with respect to the IP Collateral (including the IP Collateral) provided in or arising under or in connection with the Security Agreement.

E. Upon the effectiveness of the grant, assignment, transfer, and conveyance provided herein, Agent shall own the entire right, title, and interest in and to the IP Collateral, free and clear of any lien, charge, encumbrance, or claim of Borrower or any other party, except for Liens permitted under the Credit Agreement, the Coexistence Agreements, and the License Rights. Upon such effectiveness, in addition to all other rights and remedies of Agent, whether under law, the Credit Agreement, the Security Agreement, or otherwise (all such rights and remedies being cumulative, not exclusive, and enforceable alternatively, successively, or concurrently, without notice to or consent by Borrower except as expressly provided otherwise herein), Agent's rights and remedies with respect to the IP Collateral, for the benefit of Lenders, shall include, but not be limited to, the following, without payment of royalty or compensation of any kind to Borrower except as expressly provided otherwise herein:

1. Agent may exercise, in respect to the IP Collateral all the rights and remedies of a secured party on default under the Uniform Commercial Code (regardless of whether such Code applies to the affected IP Collateral).

2. Agent may operate the business of Borrower using the IP Collateral.

3. Agent may, to the same extent that Borrower has the right to do so immediately prior to the effectiveness of the grant, assignment, transfer, and conveyance provided herein, license or sublicense, whether general, special, or otherwise, and whether on an exclusive or nonexclusive basis, any of the IP Collateral, throughout the world for such term or terms, on such conditions, and in such manner, as Agent shall in its sole discretion determine.

4. Agent may (without assuming any obligations or liability thereunder), at any time, enforce (and shall have the exclusive right but not the obligation to enforce) against any licensor, licensee, or sublicensee all License Rights of the Borrower, and take or refrain from taking any such action.

5. Agent may, to the extent permitted by law, in its sole discretion, without notice except as specified below, assign, sell, or otherwise transfer or dispose of the IP Collateral or any part thereof, either with or without special or other conditions or stipulations, with power to buy the IP Collateral or any part of it in one or more portions at public or private sale, at any of Agent's offices or elsewhere, at such time or times, for cash, on credit, or for future delivery, and at such price or prices and upon such other terms as are commercially reasonable, irrespective of the impact of any such sales on the market price of any of the IP Collateral. Each such purchaser at any such sale shall hold the property sold absolutely, free from any claim or right on the part of Borrower or any party claiming through Borrower, and Borrower hereby waives (to the extent permitted by law) all rights of redemption, stay, and/or appraisal that it now, has, or may at any time in the future have under any rule of law or statute now existing or hereafter enacted. Borrower agrees that, to the extent notice of sale shall be required by law, at least ten (10) days' notice to Borrower of the time and place of any public sale or the time after which any private sale is to be made shall constitute reasonable notification. Agent shall also

have the power to execute assurances and do all other acts and things for completing the assignment, sale, transfer, or disposition which Agent, in its sole discretion, deems appropriate or proper.

6. In addition to the foregoing, in order to implement the assignments, sale, transfer, or other disposition of any of the IP Collateral pursuant to the provisions herein, Agent may, pursuant to the authority granted in the power of attorney provided for herein (such authority becoming effective after the occurrence and during the continuation of an Event of Default), execute and deliver on behalf of Borrower one or more instruments of assignment of the IP Collateral, in form suitable for filing, recording, or registration in any jurisdiction or country.

F. Upon the effectiveness of the grant, assignment, transfer, and conveyance provided for herein, Borrower shall have no right, title, or interest in or to any of the IP Collateral, and Borrower shall immediately cease and desist in the use of the Trademarks or any colorable imitation thereof, and shall, upon written demand of Agent, deliver to Agent (or Agent's designee) all unused or unsold goods bearing a Trademark, and/or containing or created by or with a Patent element.

G. In addition, upon the effectiveness of the grant, assignment, transfer, and conveyance provided for herein, upon the written demand of Agent, Borrower shall execute and deliver to Agent an assignment or assignments of the IP Collateral and such other documents as are necessary or appropriate to carry out the intent and purposes of this Agreement; provided that the failure of Borrower to comply with such demand will not impair or affect the validity of the assignment effected by this Agreement. Borrower agrees that any such assignment and/or any recording thereof shall be applied to reduce the Obligations outstanding only to the extent that Agent (or a Lender) actually receives cash proceeds in respect of the assignment, sale, or disposition of, or other realization upon, the IP Collateral.

H. In the event of any such license, assignment, sale, transfer, or other disposition of the IP Collateral after the occurrence and during the continuation of an Event of Default, whether to or by Agent, Borrower shall supply to Agent (or Agent's designee) Borrower's know-how and expertise relating to the products and services sold and provided under the Trademarks and Patents, and other records relating to the IP Collateral and to the production, marketing, delivery, and sale of said products and services.

I. Nothing herein contained shall be construed as requiring Agent to take any of the foregoing actions at any time.

J. Borrower agrees to pay when due all reasonable costs incurred in any license, assignment, sale, transfer, or other disposition of all or any portion of the IP Collateral to or by Agent, including any taxes, fees, and reasonable attorney fees, and all such costs shall be added to the Obligations. Agent may apply the proceeds actually received from any such license, assignment, sale, transfer, other disposition, or other collection or realization, to the reasonable out-of-pocket costs and expenses thereof, including, without limitation, reasonable attorney fees and all reasonable legal, travel, and other expenses that may be incurred or paid by Agent in

protecting or enforcing its rights upon or under this agreement, the IP Collateral, the Collateral, or the Obligations, and any proceeds remaining shall be held by Agent as collateral for, and/or then or at any time thereafter applied (after payment of any amount payable to Agent) to the Obligations, in accordance with the Security Agreement; and Borrower shall remain liable and will pay Agent on demand any deficiency remaining, together with interest thereon at a rate equal to the highest rate then payable on the Obligations and the balance of any expenses unpaid. Any surplus of such cash or cash proceeds held by Agent and remaining after payment in full of all the Obligations shall be paid over to Borrower or to whomsoever may be lawfully entitled to receive such surplus.

3. REPRESENTATIONS, WARRANTIES, AND COVENANTS OF BORROWER

A. Borrower represents and warrants to, and covenants and agrees with, Agent, as follows:

1. Borrower has the full power and authority to execute and deliver this Agreement, to perform its obligations hereunder, and to subject the IP Collateral to the terms hereof. The execution, delivery, and performance of this Agreement will not conflict with or contravene any contractual provision binding on Borrower with respect to the IP Collateral (including but not limited to any license agreement relating to the IP Collateral or any part thereof). Upon an Event of Default, Borrower will use its best efforts to obtain the consent of all owners of Licensed Patents and Licensed Trademarks to assign all License Rights to Agent and/or the Lenders.

2. Set forth on Schedule A hereto is a true and complete list of all Owned Trademarks and all Trademark Registrations applicable thereto. Set forth on Schedule B hereto is a true and complete list of all license or other agreements pursuant to which any affiliates of Borrower, or other persons (other than Borrower), have the right to use or have any right, title, or interest in any of the owned Trademarks and/or the Trademark Registrations or Associated Goodwill applicable thereto. Set forth on Schedule C hereto is a true and complete list of all Licensed Trademarks, the owners thereof, and the license or other agreements pursuant so which Borrower uses such Licensed Trademarks in its business or with its products and services. Set forth on Schedule D hereto is a true and complete list of all Patents, Owned Patents, and Licensed Patents. Schedules A, B, C, and D together comprise a true and complete list of all Patents, Trademarks, and license rights of the IP Collateral. All license and other agreements applicable to the IP Collateral are the valid and binding obligations of all of the parties thereto, enforceable against each of such parties in accordance with their respective terms (provided that, with respect to any such parties other than Borrower and its affiliates, such representation and warranty is made to the best of Borrower's knowledge and belief).

3. Borrower is and will continue to be the sole and exclusive owner of the entire legal and beneficial right, title, and interest in and to the Patents, Trademarks, and the IP Collateral (other than ownership and other rights reserved by the owners of the Licensed Trademarks and/or the Licensed Patents), free and clear of any liens charges, security interest, or other encumbrance except for the security interest and conditional assignment created by this

Agreement and the Security Agreement and liens and encumbrances permitted pursuant to the terms of the Credit Agreement. Borrower will defend its right, title, and interests in and to the Patents, Trademarks, and the IP Collateral against any and all claims of any third parties.

4. Except as set otherwise expressly set forth herein, the Patents, Trademarks, Trademark Registrations, and IP Rights are subsisting, and have not been adjudged invalid or unenforceable to the best of Borrower's knowledge and belief, all of the Patents, Trademarks, Trademark Registrations, and IP Rights are valid and enforceable. Except for a certain trademark opposition proceeding in Germany previously disclosed to Agent and the Lenders, Borrower is not aware of any claim by any third parties that any of the Patents, Trademarks, Trademark Registrations, and IP Rights are invalid or unenforceable.

5. To the best of Borrower's knowledge and belief, Borrower has, and shall continue to have, the exclusive right to use all the Patents and Trademarks in the manner in which they are now used (other than use of the Licensed Patents and Licensed Trademarks by the owners thereof and the other licensees of the owner of the Licensed Patents and Licensed Trademarks but no other third party), with the goods and services with which they are now used (and, in the case of registered Patents and Trademarks, for which they are registered), and throughout the geographic areas in which they are now used (and, in the case of registered Trademarks, throughout the jurisdictions in which they are registered), free and clear of any liens, charges, encumbrances, claims, or rights of any third party, or restrictions on the rights of Borrower to protect or enforce any of its IP Rights against any third party, except for Liens and encumbrances permitted pursuant to the terms of the Credit Agreement and under the Coexistence Agreements.

6. There is not on file in any governmental or regulatory authority, agency, or recording office any effective financing statement, security agreement, assignment, license, or transfer or notice of any of the foregoing (other than those that may have been filed in favor of Agent for the benefit of Lenders) covering any of the IP Collateral, and Borrower is not aware of any such filing other than those for which duly executed termination statements have been delivered to Agent. So long as this Agreement shall be in effect, Borrower shall not execute and shall not permit to be on file in any such office or agency any such financing statement or other document or instrument (except financing statements or other documents or instruments filed or to be filed in favor of Agent for the benefit of Lenders).

7. Except as otherwise set forth herein, no claim has been made that Borrower's use of any of the IP Collateral does or may violate the rights of any third party and there have been no adverse decisions to Borrower's claim of ownership rights in or exclusive rights to use the Patents, Trademarks, or the IP Collateral associated therewith, or to its right to use and register the Owned Patents and Owned Trademarks in any jurisdiction or so keep and maintain such registrations in full force and effect, and there is no proceeding involving said rights threatened or pending in the USPTO or any similar office or agency of the United States, any state or foreign country or in any court.

8. Borrower shall promptly notify Agent of the institution of and any adverse decision in any proceeding in the USPTO or any similar office or agency of the United States or

any state or any foreign country, or any court, regarding Borrower's claim of ownership in any of the Owned Patents, Owned Trademarks, or related IP Collateral, its right to register any of the same, or to keep and maintain any such registration.

9. Borrower agrees that, upon its commencement of use of or acquisition of any right, title, or interest in or to any Patent, Trademark, Trademark Registration, or Trademark Right other than the Patents, Trademarks, Trademark Registrations, and IP Rights set forth herein (including any variations or new versions of such scheduled Patents, Trademarks, Trademark Registration, and IP Rights), or upon commencement of the prosecution of any potential Patent, or upon commencement of the use of any Trademark with (or the addition to any Trademark Registration of) any new class of goods or services, the provisions of this Agreement shall automatically apply thereto, and Borrower shall promptly notify Agent thereof. Agent shall be authorized to amend such Schedules, as appropriate, to include such additional Patents, Trademarks, Trademark Registrations, and IP Rights, without the necessity for Borrower's approval of or signature to such amendment, and Borrower shall do all such other acts (at its own expense) deemed necessary or appropriate by Agent to implement, preserve Agent's interest therein (including but not limited to executing and delivering, and recording in all places where this Agreement is recorded, an appropriate counterpart of this Agreement). Such additional Patents, Trademarks, Trademark Registrations, and IP Rights shall be automatically included in the "Patents," "Trademarks," "Trademark Registrations," and "IP Rights" as defined herein, and all representations and warranties of Borrower set forth herein shall be deemed to be restated by Borrower as of the date of any such amendment of such Schedules with the full force and effect as though made on such date.

10. Borrower shall take any and all such actions (including but not limited to institution and maintenance of suits, proceedings, or actions) as may be necessary or appropriate to properly maintain, protect, preserve, care for, prosecute (with respect to Patents), and enforce the Patents, Trademarks, Trademark Registrations, IP Rights, Associated Goodwill, and Related Assets. Without limiting the generality of the foregoing, Borrower shall pay when due all fees, taxes, and other expenses that shall be incurred or shall accrue with respect to any of the Patents, Trademarks, or the IP Collateral.

11. Borrower shall continue to use the Trademarks in its business in the same or similar manner as it has in the past, for Registered Trademarks shall continue to use each Trademark in each jurisdiction of registration (and in interstate commerce for federally registered Trademarks) in each and every class of goods or services for which it is registered, and in general shall continue to use the Trademarks in each and every class of goods and services applicable to Borrower's current use of the Trademarks in its business as reflected in its current catalogs, brochures, advertising, and price lists; all in order to maintain the Trademarks in full force, free from any claim or risk of abandonment for non-use. Notwithstanding the foregoing provisions of this Section or any other provision of this Agreement, Borrower shall have the right to discontinue use, in whole or in part, of any Trademark, Trademark Registration, Trademark License Right, or Trademark Right where such discontinuance is deemed necessary or desirable by Borrower in the exercise of its reasonable business judgment.

12. In order to protect and maintain the IP Collateral, and to prevent any deception of the public, Borrower shall operate its business and use the Trademarks in accordance with the same requirements and quality standards as in the past have been and now are applicable to its goods and services, and shall maintain the quality of all such goods and services, sold or provided under or in connection with the Trademarks commensurate with the quality of the business, goods, and services now and previously associated with the Trademarks.

13. Borrower has at all times in the past used, and shall in the future use, the Patents and Trademarks with the statutory and other appropriate notices of the registrations and ownership thereof, and shall not use the Patents and Trademarks without such notices.

14. Borrower shall, to the extent it has rights of access with respect thereto, upon reasonable prior notice by Agent and at reasonable times, permit Agent (or Agent's designee) from time to time to review, examine, or evaluate the offices, plants, and facilities (whether owned by Borrower, an affiliate of Borrower, or a subcontractor to Borrower) that manufacture, inspect, store, or provide goods or services under or in association with any of the Patents and Trademarks, and the production and quality control records pertaining thereto, in order that Agent may be assured that the quality of such goods and services is being maintained as required by this Agreement, that the Patents and Trademarks are being properly used with such goods and services, and that appropriate notices of registration and ownership of the Patent and Trademarks are being used as required by this Agreement. In the event that Agent reasonably believes that such quality is not being maintained, or that the Patents and Trademarks or such notices are not being used properly and as required hereby, Agent may so advise Borrower, in which case Borrower shall promptly take the necessary corrective action to maintain such quality and use the Patents and Trademarks and such notices properly and as required by this Agreement.

15. Borrower shall not take any actions or enter into any agreements, including but not limited to any actions or agreements for the assignment, sale, transfer, license, disposition, grant of any interest in, or encumbrance of any of the IP Collateral that are inconsistent with or would or might impair in any way Borrower's representations, warranties, and covenants herein, without the prior written consent of Agent (which consent, in the case of license agreements only, shall not be unreasonably withheld or delayed). Without limiting the generality of the foregoing, Borrower shall not permit the inclusion in any agreement to which it becomes a party of any provision which could or might in any way impair or prevent the creation of a security interest in or the conditional assignment of Borrower's rights and interests in any property acquired under such agreement which is included within the definition of IP Collateral.

16. Borrower shall not abandon any of the Patents (including the prosecutions that are ongoing as of the effective date of this Intellectual Property Security Agreement), Trademarks, Trademark Registrations, or IP Rights, or do any act or omit to do any acts if such act or omission is of a character that tends to cause or contribute to the abandonment or nonregistration of any Patent, Trademark, Trademark Registration, or Trademark Right or loss of or adverse effect on any rights in any Patent, Trademark, Trademark Registration, or Trademark Right. Prohibited acts of the Debtor shall include but not be limited to "assignments in gross" of any Owned Trademark or the license of any Owned Trademark without both appropriate

contractual use and quality control provisions and proper monitoring, supervision, and enforcement by Borrower of the quality of the licensed goods or services.

17. Borrower shall take all necessary and appropriate actions to insure that none of the Trademarks shall become generic or merely descriptive.

18. Borrower shall do all things which may be necessary or appropriate to insure that each licensee of any Owned Patent and Owned Trademark, in its use of any or all of the IP Collateral in its business, shall (i) comply fully with all applicable license agreements and (ii) satisfy and perform all the same standards and obligations set forth herein (with respect to Borrower's use of the IP Collateral) as fully as though such standards and obligations were set forth with respect to such licensee's use of the licensed IP Collateral.

19. To the best of Borrower's knowledge and belief, except as set forth, there is at present no material infringement or unauthorized or improper use of the Patents, Trademarks, Trademark Registrations, or the IP Rights. Borrower shall use its best efforts to detect any such infringement or unauthorized or improper use. In the event of any such infringement or unauthorized or improper use by any third party, Borrower shall promptly notify Agent and shall have the first opportunity to sue and recover therefor and to retain any and all damages so recovered or obtained. In the event Borrower fails to so sue or bring legal action, Borrower shall notify Agent within ten (10) days after the date of original notice to Borrower of infringement or unauthorized or improper use and, thereafter, Agent shall save the right (but not the obligation), at Borrower's expense (including but not limited to reasonable attorney fees), and in the name of Borrower or Agent (in the sole discretion of Agent), to sue and recover therefor and obtain directly any and all damages recoverable on account thereof; any expenses incurred by Agent in any such case shall be added to the principal amount of the obligations and shall bear interest at the rate applicable to overdue principal on the Loans under the Credit Agreement.

20. All federal, state, local, and foreign registrations of the Patents and Owned Trademarks, and applications for such registrations, are set forth on Schedules A and D hereto.

21. Borrower, with counsel of its own choosing reasonably acceptable to Agent, and at its own expense, shall apply to register all registrable but unregistered patentable inventions and Owned Trademarks with the USPTO (and in such other jurisdictions as are commercially appropriate), shall diligently prosecute its applications to register its Patents and Owned Trademarks and use its best efforts to obtain such registrations. In the event any pending or hereafter filed application for Trademark Registration, other than a renewal of a Trademark Registration, has been rejected by the USPTO or any foreign trademark office or agency and Borrower determines in its reasonable business judgment that further prosecution of such application is not warranted, Borrower shall promptly notify Agent thereof in writing and may cease to prosecute such application thirty (30) days after such notice.

22. Except as provided for herein, Borrower, with counsel of its own choosing reasonably acceptable to Agent and at its expense, shall take all necessary and appropriate actions to preserve and maintain in full force and effect all Patents, Trademarks, Trademark

Registrations, and IP Rights, including but not limited to filing and diligently prosecuting all necessary or appropriate applications for prosecution, registration, opposition, and cancellation proceedings, affidavits of use, affidavits of incontestability, and registration renewal applications.

23. Upon demand by Agent at any time after the occurrence and the continuation of an Event of Default, Borrower shall deliver to Agent the original or a true copy of all current official Certificates of Registration for any or all of the Patents, Trademark Registrations (for any jurisdiction of registration) for the Owned Trademarks, and forthwith upon receipt thereof the original or a true copy of all official Certificates of Registration for any Patents and Owned Trademarks for which registration applications are then pending or thereafter filed.

24. Borrower has kept and will diligently keep complete and accurate records respecting the Patents, Trademarks, Trademark Registrations, IP Rights and Associated Goodwill, and will at all times keep at least one set or such records at its chief executive office or principal place of business as set forth above. Borrower shall, to the extent it has access thereto, upon reasonable prior notice by Agent and at reasonable times, permit Agent (or Agent's designee) from time to time to review, inspect, and examine such records.

25. This Agreement will create in favor of Agent, for the benefit of Lenders, a valid and perfected first priority security interest in the IP Collateral upon making the filings referred to herein subject only to the Liens permitted herein and in the Credit Agreement.

26. Except for the filing of financing statements with the Secretary of State of Delaware under the Uniform Commercial Code and filings with the USPTO with respect to the IP Collateral (and with the United States Copyright Office with respect to federally registered copyrights of Borrower) necessary to perfect and record the security interest and conditional assignment created hereunder, no authorization, approval, or other action by, and no notice to or filing with, any governmental or regulatory authority, agency, or office is required either (i) for the grant by Borrower or the effectiveness of the security interest and conditional assignment granted hereby or for the execution, delivery, and performance of this Agreement by Borrower, or (ii) for the perfection of or the exercise by Agent of its rights and remedies hereunder; provided, however, that the foregoing representation and warranty shall not apply to foreign IP Rights.

27. All information with respect to the IP Collateral set forth herein, in the Credit Agreement, in the Security Agreement or in any schedule, certificate or other writing at any time heretofore or hereafter furnished by Borrower to Agent is and will be true, correct, and complete in all material respects as of the date furnished.

4. CONSIDERATION AND ENFORCEMENT

A. Except as otherwise provided for herein or in the Credit Agreement or Security Agreement, Borrower shall continue to collect, at its own expense, all amounts due or to become due to Borrower in respect of the IP Collateral or any part thereof.

B. Upon the occurrence and during the continuation of an Event of Default, Agent is hereby given full power and authority, without notice or demand, (1) to notify any and all obligors with respect to the IP Collateral or any part thereof, and (2) to demand, take, collect, sue for, and receive for its own use and account all amounts due or to become due Borrower in respect of the IP Collateral, and in connection therewith to enforce all rights and remedies with respect to the IP Collateral or any part thereof that Borrower could enforce; and Borrower hereby ratifies any and all actions that Agent may lawfully take to enforce Agent's rights hereunder. Regardless of whether Agent shall have so notified any obligors, the Borrower shall at its expense cooperate with Agent and render all reasonable assistance to Agent in enforcing claims against such obligors.

C. Except as otherwise provided for herein, Borrower shall have the right and the obligation to commence and prosecute in its own name, as real party in interest, for its own benefit and at its own expense, such suits, proceedings, or other actions to restrain, prevent, or recover for infringement, misuse, unfair competition, dilution, or other damage as are in its reasonable business judgment necessary or appropriate to maintain, protect, and enforce the Patents, Trademarks, Trademark Registration, IP Rights, and Associated Goodwill. Agent shall cooperate with Borrower as may be reasonably necessary or appropriate in connection with any such suit, proceeding, or action, including but not limited to joining as a necessary party. Borrower shall indemnify and hold harmless Agent from and against any and all liabilities, obligations, losses, damages, penalties, claims, actions, judgments, suits, costs, expenses, or disbursements (including but not limited to attorney fees) of any kind whatsoever that may be imposed on, incurred, or suffered by or asserted against Agent in connection with or in any way arising out of such suits, proceedings, or actions except for those arising solely from the gross negligence or willful misconduct of Agent or any Lender.

D. Upon the occurrence and during the continuation of an Event of Default, Agent shall have the right but in no way shall be obligated to bring suit in the name of Borrower or Agent (in the sole discretion of Agent), to protect, maintain, or enforce any of Borrower's rights or interests in, to, or under the IP Collateral or any part thereof, in which event Borrower shall at the request of Agent do any and all lawful acts and things and execute any and all documents and instruments requested by Agent in furtherance of such protection, maintenance, or enforcement; Borrower shall promptly, upon demand, indemnify and reimburse Agent for all liabilities, obligations, costs, expenses, or disbursements imposed on, incurred, or suffered by or asserted against Agent in the exercise of its rights hereunder, except for those arising solely from the gross negligence or willful misconduct of Agent or any Lender. In the event Agent shall elect not to bring suit to protect, maintain, or enforce any such rights or interests of Borrower, Borrower shall use all reasonable measures, whether by action suit, proceeding, or otherwise, to protect, maintain, and enforce such rights and interests, and for that purpose shall diligently maintain any such action, suit, or proceeding necessary or appropriate for such protection, maintenance, or enforcement.

5. FURTHER ASSURANCES

A. Upon obtaining knowledge thereof, Borrower will promptly notify Agent in writing of any event which does or reasonably could materially adversely affect the value of any of the Patents, Trademarks, Trademark Registrations, IP Rights, or Associated Goodwill, the ability of Borrower or Agent to dispose of any of the Patents, Trademarks, Trademark Registrations, IP Rights, or Associated Goodwill, or the rights and remedies of Agent in relation to any of the Patents, Trademarks, Trademark Registrations, IP Rights, or Associated Goodwill, including but not limited to the institution or levy of any legal process against any of the Patents, Trademarks, Trademark Registrations, IP Rights, or Associated Goodwill.

B. Upon the request of Agent, Borrower will use its best efforts to obtain any necessary consents of third parties to the grant and perfection of the security interest in the IP Collateral, and/or to the grant of effectiveness of the conditional assignment of the IP Collateral provided for herein.

6. LIABILITIES, INDEMNITY, AND COSTS

A. Borrower shall be liable for any and all uses or misuses of any of the IP Collateral by itself and for any failure to take reasonable measures to avoid and prevent the improper use of the IP Collateral by any other party (including but not limited to any licensee of the Owned Patents or Owned Trademarks), any failure to use the Trademarks continuously except as expressly provided for herein, any failure to use the Trademarks in accordance with this Agreement, or any other claim, suit, loss, damage, expense, or liability of any kind or nature (except those resulting from any gross negligence or willful misconduct of Agent) arising out of or in connection with the IP Collateral or the production, marketing, delivery, and sale of the goods and services provided under or in connection with any of the Patents, Trademarks, or the IP Collateral prior to the effectiveness of the grant, assignment, transfer, and conveyance provided for herein. Borrower shall be liable also for any claim, suit, loss, damage, expense, or liability arising out of or in connection with the improper acts or omissions of Borrower (regardless of whether such acts or omissions occurred or occur prior to or after such effectiveness).

B. Nothing in this agreement shall relieve Borrower from any performance of any covenant, agreement, or obligation of Borrower under any license agreement now or hereafter in effect licensing any part of the IP Collateral, or from any liability to any licensee or licensor under any such license agreement or to any other party, or shall impose any liability on Agent for any act or omissions of Borrower in connection with any such license agreement.

C. Borrower shall indemnify and hold harmless Agent from and against, and shall pay to Agent on demand, any and all claims, actions, suits, judgments, penalties, losses, damages, costs, disbursements, expenses, obligations, or liabilities of any kind or nature (except those resulting solely from Agent's or any Lender's gross negligence or willful misconduct) arising in any way out of or in connection with this Agreement, the IP Collateral, custody, preservation, use, or operation of the IP Collateral, any alleged infringement of the intellectual property rights of any third party, the production, marketing, delivery, and sale of the goods and services provided under or in connection with any of the Trademarks or the IP Collateral, the sale of, collection from, or other realization upon any of the IP Collateral, the failure of Borrower

to perform or observe any of the provisions hereof, or matters related to any of the foregoing prior to the effectiveness of the grant, assignment, transfer, and conveyance provided for herein. Borrower shall also indemnify and hold harmless Agent from and against any and all claims, actions, suits, judgments, penalties, losses, damages, disbursements, expenses, obligations, or liabilities arising out of or in connection with any improper act or omission of Borrower (regardless of whether such act or omission occurred or occurs prior so or after such effectiveness). Borrower shall make no claim against Agent for or in connection with the exercise or enforcement by Agent of any right or remedy granted to it hereunder, or any action taken or omitted to be taken by Agent hereunder (except for the gross negligence or willful misconduct of Agent).

D. Any and all fees, costs, and expenses, of whatever kind or nature, including but not limited to reasonable fees and disbursements of counsel and of any experts and agents, incurred by Agent in connection with the preparation of this Agreement and all other documents relating hereto and the consummation of the transactions contemplated hereby, the filing or recording of any documents (including all taxes in connection therewith) in public offices, the payment or discharge of any taxes, counsel fees, maintenance fees, or encumbrances, or otherwise protecting maintaining or preserving the IP Collateral, or in defending or prosecuting any actions or proceedings arising out of or related to the IP Collateral, or in exercising or enforcing any right or remedy granted to Agent hereunder, shall be borne and paid by Borrower on demand by Agent, and until so paid shall be added to the principal amount of the Obligations and shall bear interest at the rate applicable to overdue principal on the Loans pursuant to the Credit Agreement.

7. POWER OF ATTORNEY

Borrower hereby grants to Agent, and any officer or agent of Agent as Agent may designate in its sole discretion, a power of attorney, thereby instituting and appointing Agent (and Agent's designee) its true and lawful attorney-in-law and attorney-in-fact, effective upon the occurrence and during the continuation of an Event of Default, for the purpose of assigning, selling, or otherwise disposing of all right, title, and interest of Borrower in and to any of the IP Collateral, to execute and deliver any and all agreements, documents, instruments of assignment, licenses, or transfers of the IP Collateral, and do all other acts which Borrower is obligated to execute or do under any provision of this agreement, and to execute any and all documents, statements, certificates, or other documents necessary or advisable to effect any of the purposes set forth herein as Agent (or Agent's designee) may in its sole discretion determine. Borrower hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof.

8. SPECIFIC ENFORCEMENT

Due to the unique nature of the IP Collateral, and in order to preserve its value, Borrower agrees that Borrower's agreements, duties, and obligations under this Agreement shall be subject to specific enforcement and other appropriate equitable orders and remedies.

9. TERMINATION

This Agreement shall create a continuing security interest in and conditional assignment of the IP Collateral. Upon payment and satisfaction in full of the Term Loans and all accrued and unpaid interest thereon, provided no Event of Default has occurred and is continuing, this Agreement shall automatically terminate and shall be of no further force and effect, and the security interest granted hereby shall terminate and all rights to the IP Collateral shall revert to Borrower. Upon any such termination, Agent shall execute and deliver to Borrower such documents, and shall take such other actions, all at the expense of Borrower, as may reasonably be requested by Borrower to evidence or record such termination.

10. PROVISIONS OF GENERAL APPLICATION

A. In the event of any irreconcilable conflicts between the provisions of this Agreement and the Credit Agreement, the provisions of the Credit Agreement shall control.

B. This Agreement shall be governed by the laws of the State of New Jersey.

C. This Agreement shall be governed by, and construed and interpreted in accordance with, the law of the State of New Jersey. Each party hereby irrevocably and unconditionally:

1. submits for itself and its property in any legal action or proceeding relating to or arising out of this Agreement, or the conduct of any party with respect thereto, or for recognition and enforcement of any judgment in respect thereof, to the nonexclusive general jurisdiction of the Courts of the State of New Jersey, the courts of the United States of America for the District of New Jersey, and appellate courts from any thereof;

2. consents that any such action or proceeding may be brought in such courts and waives to the fullest extent permitted by law any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

3. agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at the address set forth in Section 10.1 of the Credit Agreement or at such other address of which the Lender shall have been notified pursuant thereto;

4. agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

5. waives, to the maximum extent permitted by law, any right it may have to claim or recover in any legal action or proceeding referred to in this subsection any special, exemplary, punitive or consequential damages.

6. WAIVES TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT, ANY SECURITY AGREEMENT, AND ANY COUNTERCLAIM RELATED THERETO.

D. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto, their heirs, administrators, successors, and assigns.

E. No waiver by either party of any default shall be deemed as a waiver of any prior or subsequent default of the same or other provisions of this Agreement.

F. If any provision hereof is held invalid or unenforceable by a court of competent jurisdiction, such invalidity shall not affect the validity or operation of any other provision and such invalid provision shall be deemed to be severed from the Agreement. The parties agree they will negotiate in good faith to replace any provision so held invalid, illegal, or unenforceable, or so determined, with a valid, enforceable, and effective provision that is as similar as possible in substance and effect to the provision that is invalid, illegal, unenforceable, or of no effect.

G. This Agreement constitutes the entire understanding of the parties, and revokes and supersedes all prior agreements between the parties and is intended as a final expression of their Agreement. It shall not be modified or amended except in writing signed by the parties hereto and specifically referring to this Agreement.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound hereby, have each caused to be affixed hereto its or his/her hand and seal the day indicated.
