CONTRIBUTION AGREEMENT

This Contribution Agreement is made by and between Dayton Hudson Corporation, a Minnesota corporation ("Contributor") and Dayton Hudson Brands, Inc., a Minnesota corporation (the "Company") on and as of this 2nd day of February, 1999.

I. DEFINITIONS

For purposes of this Contribution Agreement:

A. "Trademarks" means trademarks, service marks, logos, trade names, and trade dress, together with the goodwill appurtenant to each of the foregoing, and any applications, registrations or common law rights related to each of the foregoing.

B. "Patents" means: (a) design patents and design patent applications; and (b) utility patents and utility patent applications related to products or the manufacture of products.

C. "Copyrights" means copyrights in any products, product configurations, product packaging, and documents related to brand management, style sheets, trademark usage or any other trademark issues, together with any registrations or applications for registration for any of the foregoing.

D. "Miscellaneous Intellectual Property" means (i) Internet domain names, online service keywords, and vanity telephone numbers, and (ii) any intellectual property related to products or the manufacture of products not included in Trademarks, Patents and Copyrights, including specifically and without limitation inventions and invention disclosures, trade secrets, recipes, and formulas related to products or the manufacture of products.

E. "Included Intellectual Property" means all Trademarks, Patents, Copyrights and Miscellaneous Intellectual Property which are owned by Contributor and which have been used, are used, or which Contributor has a bona fide intention to use, in connection with its Department Stores Division and/or its Target Stores Division as of the effective date of this Agreement, including but not limited to those items set forth on Schedule A, but excluding the Excluded Intellectual Property.

F. "Excluded Intellectual Property" means those items set forth on Schedule B.

II. CONTRIBUTION AND BILL OF SALE

Contributor hereby contributes to the Company, and the Company hereby accepts from Contributor, the Included Intellectual Property.

Effective upon the execution hereof, Contributor hereby conveys, transfers and assigns to the Company all of its right, title and interest in and to the Included Intellectual Property, and all claims for damages by reason of past, present or future infringement of the Included Intellectual Property, with the right to sue for and collect the same for the

Company's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives. Contributor hereby agrees to duly execute and deliver to the Company all such other and further instruments of conveyance, transfer and assignment and to take such other action as the Company may reasonably deem necessary in order to more effectively convey and transfer to the Company assets transferred or intended to be transferred hereby.

III. SCHEDULES

A. Schedule A represents the parties' present good faith belief of the complete list of issued patents, registered copyrights and United States federal trademark applications and trademark registrations which are part of the Included Intellectual Property, but Schedule A does not represent a complete listing of all other Trademarks which are part of the Included Intellectual Property, of all other Copyrights which are part of the Included Intellectual Property or of other Miscellaneous Intellectual Property that is a part of the Included Intellectual Property. The parties agree that additions, deletions or other corrections may hereafter be made to Schedule A to reflect the actual list of Trademarks, Patents, Copyrights and Miscellaneous Intellectual Property which were on the effective date of this Contribution Agreement a part of the Included Intellectual Property.

B. The parties agree that within sixty (60) days following the effective date of this Contribution Agreement, they may amend Schedule B in order to exclude any particular items, and thereby void any assignment of such item from Contributor to the Company, if an assignment of such item would violate, breach, or create grounds for termination of any other agreement, or if the parties mutually agree that Contributor's retaining ownership of such item would be in the parties' best interest.

IV. THE LICENSE AGREEMENT

The parties are entering into a License Agreement on the date hereof, pursuant to which the Company is granting a license to Contributor in connection with the Included Intellectual Property. Any existing licenses from Contributor to any other parties related to the Included Intellectual Property shall, upon execution of said License Agreement, thereupon become sublicenses from Contributor to such third parties pursuant to said License Agreement.

V. DISCLAIMER OF WARRANTIES

Contributor disclaims all warranties related to the Included Intellectual Property.

VI. SUCCESSORS

This Contribution Agreement shall inure to the benefit of and shall bind the successors, heirs, executors and assigns of the parties hereto.
