ASSIGNMENT OF INTANGIBLE PROPERTY AND RIGHTS

This ASSIGNMENT OF INTELLECTUAL PROPERTY AND RIGHTS ("Assignment") is effective as of 10:00 A.M. on May 13, 2002 (the "Effective Date"), is made by and between each entity as identified on Exhibit A, Assigning Companies to this Assignment (each individually is an "Assignor" and collectively the "Assignors") and LCR, Inc., a Delaware corporation (the "Assignee").

As a contribution by Assignors to the capital of Assignee in connection with the implementation of a bankruptcy plan of reorganization of the ultimate parent entity of Assignors and Assignee, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Assignor hereby irrevocably sells, assigns and transfers to Assignee its entire worldwide right, title, and interest in and to the assets described on Exhibit B attached hereto (the "Assets") and incorporated herein by this reference, including, without limitation, all worldwide rights therein under patent, copyright, trademark, trade secret, confidential information, proprietary information, moral rights, invention, know-how and conception rights, and other intellectual, industrial or other property rights, together with the right to sue and recover damages for past, present, or future infringements or misappropriation of any such rights, for the United States and all foreign countries, including without limitation the exclusive right: to reproduce the work in copies; to prepare derivative works, improvements, modifications and additions based upon the work; to distribute copies of the work by public sale or other transfer of ownership; to perform the work publicly; to display the work publicly; and to make, have made, use, sell, have sold, offer for sale and import goods, products and services constituting or covered by such property or right (collectively the "Intellectual Property Rights"). Assignee will hereafter hold and enjoy the Assets and Intellectual Property Rights as each Assignor would have so held and enjoyed them had this assignment not been made.

Each Assignor warrants and covenants that it has all necessary rights to make the assignment herein and no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been or will be made to others by such Assignor or any predecessor in title thereto, and that the full right to convey the same as herein expressed is possessed thereby.

Each Assignor agrees to execute all additional instruments and to perform such further acts as may be necessary or desirable to transfer, perfect, or defend the Assignee's ownership of the Assets and Intellectual Property Rights that are reasonably requested by Assignee from time to time.

This Assignment shall be binding on the successors and assigns of each Assignor and shall extend to the successors, assigns and nominees of the Assignee.

IN WITNESS WHEREOF, each of the parties hereto has duly executed this Assignment as of the Effective Date:
