INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (the "Agreement") dated September 30, 2002 is between SILICON VALLEY BANK ("Bank") and CRITICAL PATH, INC., a California corporation ("Grantor").

RECITALS

A. Bank will make advances to Grantor ("Loans") as described in that certain Loan and Security Agreement of even date herewith (the "Loan Agreement"), but only if Grantor grants Bank a security interest in its Intellectual Property, including all Copyrights, Trademarks, Patents, and Mask Works. All defined terms used herein shall have the respective meanings accorded to them in the Loan Agreement.

B. Grantor has granted Bank a security interest in all of its right, title and interest, presently existing or later acquired, to all of the Collateral.

AGREEMENT

Grantor grants Bank a security interest in all of its right, title and interest in its Intellectual Property Collateral (such as the Copyrights, Patents, Trademarks and Mask Works listed on Exhibits A, B, C, and D hereto), and all proceeds thereof (such as license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements rights throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part. This security interest is granted in conjunction with the security interest granted under the Loan Agreement. Bank's rights and remedies in the security interest are in addition to (and not in lieu of) those in the Loan Agreement and the other Loan Documents, and those available in law or equity. Bank's rights, powers and interests are cumulative with every right, power or remedy provided here. Bank's exercise of its rights, powers or remedies in this Agreement, the Loan Agreement or any other Loan Document, does not preclude the simultaneous or later exercise of any or all other right, power or remedy.
